Bill Owens
Governor

VISION STATEMENT

We envision a Colorado where our communities including public & private sectors have united & collaborated to make homelessness a rare & brief experience that does not cross into future generations.

MISSION STATEMENT

To plan, develop, and implement a coordinated and integrated response that ends homelessness by:

- Identifying and eliminating barriers to accessing and receiving culturally competent mainstream services within the present system;
- Reducing duplication of services;
- Uniting mainstream public and private homeless service providers across the State in an ongoing effort to break the cycle of homelessness and help homeless persons achieve and maintain maximum self-sufficiency;
- Creating a homeless service delivery system whereby homeless persons can access the government and private services they need to reach their maximum potential.
