1. Introduction

1.1. Document Purpose and Scope

The purpose of this document is to provide applicants with detailed instructions on how to complete program-specific forms for the State and Regional Primary Care Associations (PCA) funding opportunity. The forms will be completed electronically in the Health Resources and Services Administration (HRSA) Electronic Handbooks (EHBs). This is a supplement to HRSA's *Electronic Submission User Guide*, available at <http://www.hrsa.gov/grants/userguide.htm>.

This document does not replace program specific guidance provided in the Funding Opportunity Announcement.

NOTE: All of the screenshots displayed in this user guide are from applications created for demonstration purposes.

1.2. Document Organization and Version Control

This document contains five primary sections in addition to the Introduction. They are described in the following table:

Section	Description
Before You Apply	This section provides information that grantees need to know before they initiate Applications.
Applying Through Grants.gov	This section shows the steps involved in submitting your application through Grants.gov.
Completing the Application in the HRSA Electronic Handbooks	This section describes the steps necessary to complete and submit your Application in the Electronic Handbooks. This section consists of sub-sections that explain how to enter the basic information and the program specific information.
Customer Support Information	This section provides contact information to address technical and programmatic questions.
FAQs	This section provides answers to frequently asked questions.

2. Before You Apply

2.1. Grantee Organization

If an applicant organization has already completed Grants.gov registration for HRSA or any other Federal agency, this section can be skipped.

The Grantee organization must register with Grants.gov to get the credentials necessary to apply for a Grant.

Grants.gov requires all applicant organizations to complete a one-time registration. The registration process can take up to two weeks to complete, so applicants should register as soon as possible.

For those applicant organizations needing to register with Grants.gov, registration information can be found at http://www.grants.gov/applicants/get_registered.jsp.

Please direct questions regarding Grants.gov registration to the Grants.gov Contact Center using the following URL: <http://www.grants.gov/contactus/contactus.jsp>.

2.2. Project Director and Authorizing Official

The Project Director and the Authorizing Official must register with HRSA EHBs to be able to access the HRSA EHBs to complete your application.

- Registration with HRSA EHBs is independent of Grants.gov registration. Do not confuse the two.

The purpose of the registration process is to collect consistent information from all users, avoid collection of redundant information, and allow for the unique identification of each system user.

Note: Registration within the HRSA EHBs is required only once for each user for each organization they represent.

For registration information, see HRSA's Electronic Submission User Guide (<http://www.hrsa.gov/grants/userguide.htm>).

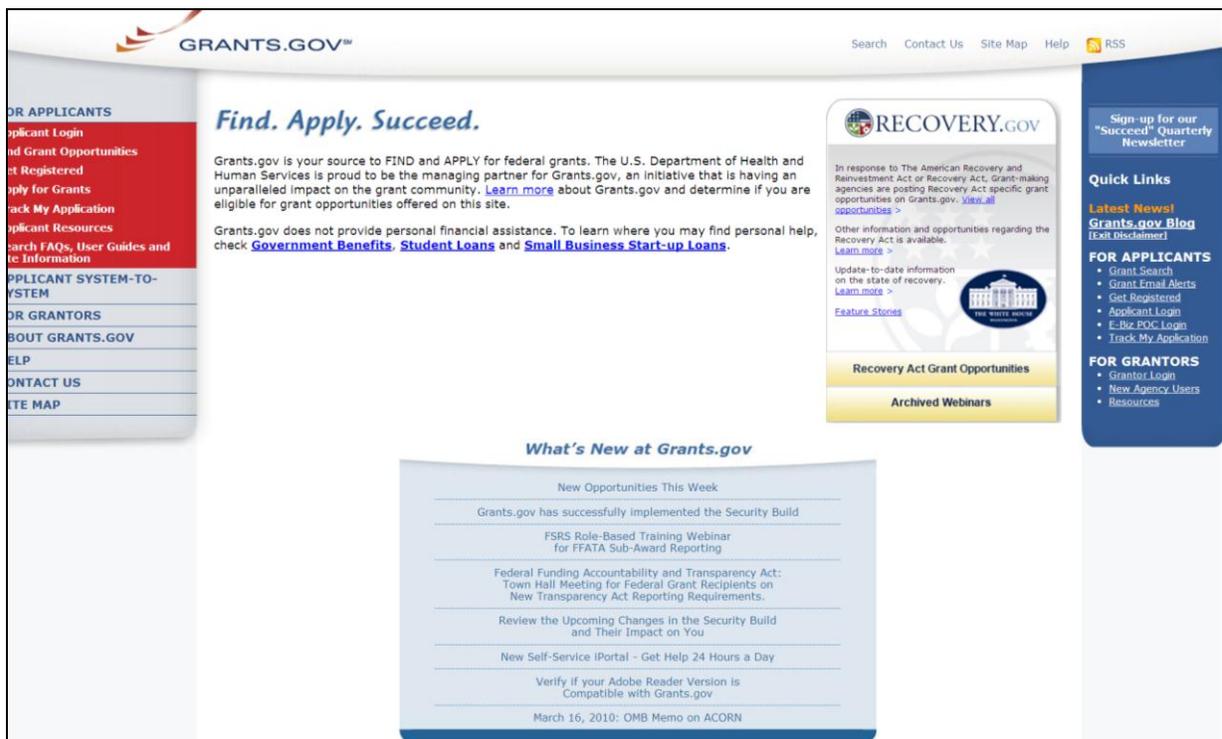

For assistance in registering with HRSA EHBs, call 877-GO4-HRSA (877-464-4772) or 301-998-7373 between 9:00 am to 5:30 pm ET or email callcenter@hrsa.gov.

4. A Grants.gov Tracking number (Figure 10) is provided on this screen. Please record this number so that you may refer to it for all subsequent help.

Figure 10: Confirmation Section of Application Submission Confirmation Page (at Grants.gov)

Make note of the Grants.gov Tracking Number, as you will need it later, when you [initiate the application](#) (on page 17). (This number is used to associate the Grants.gov application with the EHBs application.)

3.5. Tracking Application Status

It is recommended that you check the status of your application in Grants.gov until the status is changed to "Agency Tracking Number Assigned".

You can check the status of your applications any time after submission, by visiting Grants.gov at http://www.grants.gov/applicants/track_your_application.jsp.

If there are no errors, the application will be automatically downloaded by HRSA. On successful download at HRSA, the status of the application will change to “Received by Agency” and you will receive an email from Grants.gov. Subsequently within two to three business days the status will change to “Agency Tracking Number Assigned.” At this point, your application is ready for review and submission in HRSA EHBs.

4. Completing the Application in HRSA Electronic Handbooks

The next step is to complete your application in the HRSA EHBs. Refer to the FOA for the HRSA EHBs deadline for submitting the remaining information.

- Important: The EHBs system times-out after 30 minutes of inactivity. Some forms may take a long time to complete, so you should develop the habit of saving your work at frequent intervals.
- The application face page must be printed, signed, and mailed to HRSA. This must be done from HRSA EHBs, not from the Grants.gov application.

4.1. Logging Into the HRSA Electronic Handbooks

1. Point your browser to <https://grants.hrsa.gov/webexternal/login.asp>.
2. Enter your username and password.

Figure 11: Section of Login Screen

The screenshot shows a 'LOGIN' section with the heading 'Already Registered?'. It contains two input fields: '*Username' and '*Password'. Below these fields is a 'Login' button and a link that says 'Forgot your password?'.

3. Click the **Login** button

- The **Profile Information Page** opens.

Figure 12: Profile Information Page

The screenshot shows the 'PROFILE INFORMATION' page. It includes a navigation menu on the left with options like 'Home', 'Manage Applications', 'Grants Portfolio', 'Manage Organization Profile', and 'Manage Personal Profile'. The main content area displays the following fields:

4.1.1 Initiating the Application (First Time Access in the HRSA EHBs)

When you access the application for the first time, you need to “initiate” it. This procedure correlates your previously submitted Grants.gov application with a new HRSA EHBs application. During this process, certain information is copied from the Grants.gov application to the HRSA EHBs application.

To initiate a new HRSA EHBs application, you need to add the Grants.gov application to the list of pending applications.

1. On the **PROFILE INFORMATION** page, select the [View Applications](#) link under the **Manage Applications** heading in the left navigation panel.
