Dear Manufacturers,

I am writing on behalf of Regions Hospital, (340B ID#: DSH240106) to inform manufacturers that Regions Hospital recently underwent an audit by the Health Resources and Services Administration (HRSA) of Regions Hospital compliance with 340B Drug Pricing Program (340B Program) requirements.

As background, Regions Hospital qualified for the 340B Program as a DSH in St. Paul, Minnesota and has participated in the 340B Program since December 1, 1992.

Through the audit process, HRSA found Regions Hospital to have non-compliance within its 340B Program and responsible for repayment as a result of the following finding:

Regions did not have adequate controls in place to ensure compliant eligibility determination and prevention of diversion as prohibited by 42 USC. § 256b(a)(5)(B)

Regions Hospital has identified all affected manufacturers and, upon request, will contact each to notify them of these findings to begin a dialogue on a method for repayment to affected manufacturers. If manufacturers have not received notification from Regions Hospital and believe repayment may be owed for the violations described in this letter, or if you have any questions or comments regarding the violations described in this letter, please contact
