As background, Banner—University Medical Center Tucson qualified for the 340B Program as a Disproportionate Share Hospital in Tucson, Arizona and has participated in the 340B Program since January 1, 1997.

Through the audit process, Banner—University Medical Center Tucson was found to have non-compliance within their 340B Program and responsible for repayment as a result of the following finding(s):

Banner—University Medical Center Tucson has identified all affected manufacturers and has contacted each to notify them of these violations to begin a dialogue on a method for repayment to affected manufacturers. If manufacturers have not received notification from Banner—University Medical Center Tucson and believe repayment may be owed for the violations described in this letter, or if you have any questions or comments regarding the violations described in this letter or require additional information, I can be reached directly at 602-839-2675, or via email at [Cliff.Loader@bannerhealth.com](mailto:Cliff.Loader@bannerhealth.com), or at Banner—University Medical Center Tucson, 1501 North Campbell Avenue, Tucson, AZ 85724.
