

Dear Manufacturers,

I am writing on behalf of Belington Community Medical Services Association (340B ID CHC12878 and FP262506#) to inform manufacturers that Belington Community Medical Services Association recently underwent an audit by the Health Resources and Services Administration (HRSA) of Belington Community Medical Services Association compliance with 340B Drug Pricing Program (340B Program) requirements.

As background, Belington Community Medical Services Association qualified for the 340B Program as a community health center in Belington, WV and has participated in the 340B Program since July 1, 2005.

Through the audit process, Belington Community Medical Services Association was found to have non-compliance within their 340B Program and responsible for repayment as a result of the following finding(s):

- *Finding 1: BCSMA failed to maintain auditable records for 340B Program audit purposes as required by section 340B(a)(5)(C) of the PHSA and to demonstrate 340B Program compliance.*

Belington Community Medical Services Association has identified all affected manufacturers and has contacted each to notify them of these violations to begin a dialogue on a method for repayment to affected manufacturers. If manufacturers have not received notification from Belington Community Medical Services Association and believe repayment may be owed for the violations described in this letter, or if you have any questions or comments regarding the violations described in this letter please contact: Eric Ruf, CEO, Belington Community Medical Services Association, 70 North Sturmer Street, Belington, WV 26250 or by telephone at 304-823-1333.

Sincerely,

Eric A. Ruf
CEO
