Dear Manufacturers,

On behalf of INTEGRIS Baptist Medical Center, Inc. (“IBMC”), #DSH370028, this letter is written to inform manufacturers that IBMC recently underwent an audit by the Health Resources and Services Administration (HRSA) in connection with IBMC’s participation in the 340B Drug Pricing Program (340B Program). As background, IBMC is in Oklahoma City, Oklahoma. IBMC qualified for the 340B Program as a Disproportionate Share Hospital and has participated in the 340B Program since July 1, 2007.

Through the audit process, IBMC was found to have non-compliance within its 340B Program and responsible for repayment as a result of findings that it dispensed 340B drugs to ineligible individuals, as prohibited by Section 340B(a)(5)(B) of the PHSA. IBMC is committed to complying with the 340B Program requirements. It has revised its policies and procedures, is continuing with robust self-auditing process and has engaged an external auditor to review program compliance.

IBMC has identified all affected manufacturers and has contacted each to notify them of these violations to begin a dialogue on a method for repayment to affected manufacturers. If manufacturers have not received notification from IBMC and believe repayment may be owed for the violations described in this letter, or if you have any questions or comments regarding the violations described in this letter, please contact Georg Lunday, System Administrative Director of Pharmacy, INTEGRIS Health, Inc., 3300 Northwest Expressway, Oklahoma City, Oklahoma, 73112, (405) 949-3039 or georg.lunday@integrityok.com.

Sincerely,

Tim Johnsen
President
