

Dear Manufacturers,

I am writing on behalf of Monadnock Community Hospital(CAH301309-00) to inform manufacturers that Monadnock Community Hospital recently underwent an audit by the Health Resources and Services Administration (HRSA) of Monadnock Community Hospital's compliance with 340B Drug Pricing Program (340B Program) requirements.

As background, Monadnock Community Hospital qualified for the 340B Program as a Critical Access Hospital and has participated in the 340B Program since September 29, 2010.

Through the audit process, Monadnock Community Hospital was found to have non-compliance within their 340B Program and responsible for repayment as a result of the following finding(s):

*Finding 1: MCH violated the Orphan Drug Exclusion, as prohibited by section 340B(e) of the PHSA.*

Monadnock Community Hospital has identified all affected manufacturers and has made contacted or will contact each to notify them of the violations and begin a dialogue on a method for repayment to the affected manufacturers. If manufacturers have not received notification from Monadnock Community Hospital and believe repayment may be owed for the violations described in this letter, or if you have any questions or comments regarding the violations described in this letter please contact

Richard D. Scheinblum
