March 8, 2016

Dear Manufacturers,

I am writing on behalf of Stony Brook University Hospital (340B ID DSH330393) to inform manufacturers that Stony Brook University Hospital recently underwent an audit by the Health Resources and Services Administration (HRSA) of Stony Brook University Hospital's compliance with 340B Drug Pricing Program (340B Program) requirements.

As background, Stony Brook University Hospital qualified for the 340B Program as a Disproportionate Share Hospital in Stony Brook, NY and has participated in the 340B Program since July 1, 2007.

Through the audit process, Stony Brook University Hospital was found to have non-compliance within its 340B Program and responsible for repayment as a result of the following finding(s):

Stony Brook University Hospital obtained covered outpatient schedule II controlled drugs through a group purchasing organization (GPO). Since February 26, 2015 these covered C-II drugs have been purchased through 340B and wholesale acquisition accounts.

Stony Brook University Hospital has identified all affected manufacturers and has contacted each to notify them of these findings and to begin a dialogue on a method for repayment to affected manufacturers. If manufacturers have not received notification from Stony Brook University Hospital and believe repayment may be owed, or if you have any questions or comments regarding this letter please contact:

Jeannene Strianse  
Director of Pharmacy
