Dear Mr. King:

Thank you for providing me with the Advisory Commission on Childhood Vaccines' (ACCV) recommendation regarding the appointment of the ACCV member representing the general public. Please be assured that this recommendation will receive careful review within the Department.

The ACCV's advice and recommendations for improving the National Vaccine Injury Compensation Program play an important role in our public health efforts. I appreciate your commitment in this area, and I look forward to continuing to work with you on the important vaccine issues facing our nation. A similar response has been sent to Ms. Michelle Williams, co-chair of the commission, who co-signed your letter.

Sincerely,
