HRSA Transition to GrantSolutions:
Recipient Quick Reference Guide

What is Happening?

Between now and December 2026, HRSA will be migrating some grants management functionality to GrantSolutions, an existing shared service owned and operated by HHS, that supports the full lifecycle of grants management.

Why is this Occurring?

The agency's transition to GrantSolutions will help streamline grant management activities by using the platform already used by HHS awarding agencies and aligns with the Department's goal to reduce costs associated with redundant systems. HRSA will join many other HHS awarding agencies that currently use the grants management platform, to include the Administration of Children & Families, Centers for Disease Control, Indian Health Service, Administration for Community Living, and the Centers for Medicare and Medicaid Services.

When will this Take Effect?

HRSA will migrate active programs to GrantSolutions on a rolling basis. It is expected that all HRSA programs will be in GrantSolutions by December 2026.

What is Changing?

Moving to GrantSolutions	Staying in the EHBs
Notice of Award (NoA) Acceptance	Tier 2 Application Submissions for Competing Awards
Standard Budgetary Forms included in the Non-Competing (NCC) Packages	Program-Specific Forms included in the Non-Competing (NCC) Packages
Prior Approvals (*referred to as 'Amendments' in GS)*	Loan Program Applications Submitted into Program Systems
Equipment and Property Reports	Deliverables for Conditions and Program-Specific Reporting Requirements

*Tier 1 application submissions for competing awards will continue to be submitted through Grants.gov
**FFRs will continue to be submitted through the Payment Management System (PMS)

Where Can I Find More Information?

Please visit the GrantSolutions at HRSA website for information about the transition, including training opportunities, FAQs, and more.

Who Can I Contact If I Have Questions?

- Questions about the transition can be sent to GSQuestions@hrsa.gov.
- Technical or system/access related questions can be sent to the GrantSolutions Help Desk.
