Welcome and Overview

Grant Budgeting Overview

• Become a master at determining whether budget costs meet the Allowable, Reasonable and Allocable “test”
• Gain a better understanding of what HRSA reviewers are looking for when they review your budget
• Review example of costs to understand the level of detail HRSA reviewers are seeking
• Understand the issues with improper budgeting and the dangers that accompany errors
Allowable, Reasonable & Allocable

**Allowable – Code of Federal Regulations (CFR) §75.403**

Program legislation, grant or other regulations, and the specific terms and conditions of the award determine whether federal funds can be used to cover a particular cost.

- Based on the items noted, can federal funds be used to cover a particular cost?

**Reasonable – CFR §75.404**

A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost.

- Would you, as a reasonable person, be willing to spend the amount of money requested on the item requested?

**Allocable – CFR §75.405**

A cost is allocable to Federal award if the goods or services are chargeable or assignable to that Federal award.

- Is this cost necessary and directly connected to carrying out the goals and objectives of the grant?

While the costs are broken down clearly here, a trip to meet with a senator is considered lobbying and therefore an unallowable cost.

A $20,000 conference fee and $800/night hotel rooms are considered unreasonable.

This cost would be unallowable if paid out of federal funds. It is fine to be paid out of non-federal resources.

$100/token is unreasonable.
Unallowable Costs and Improper Budgeting

Examples of Unallowable Costs
• Bad debt
• Cash reserves/Miscellaneous funds
• Donations and Contributions
• Entertainment
• Fundraising costs
• Fines, Penalties
• Lobbying
• Meals (“generally” unallowable)
• Honoraria (except as a payment for services rendered, such as a speaker’s fee under a conference grant)

Improper Budgeting: Potential Issues
• Lower application score
• Additional terms and/or conditions of award
• Delayed award of funding
• Disallowed costs
• Audit findings
