Dear Valued Baxter Customer,

Baxter Healthcare re-activated a product NDC in Q1 2025 for Heparin Sodium in 0.9% Sodium Chloride Injection:

- 1,000 USP units/ 500 mL (2 units / mL) in VIAFLEX Plastic Container. Liquid Premix: 00338-0431-03 to eventually replace 00338-0424-18

Because the reactivated NDC is the same product (drug, dose, formulation, or volume) with the same 340B price as the discontinued NDC, **Baxter Healthcare** believes that a covered entity utilizing a 340B inventory replenishment model may count accumulations of the discontinued NDC toward replenishment of equal quantities of the corresponding reactivated NDC (see table below).

Status	SKU	NDC	Product Description
