

December 12th, 2025

Dear Valued Baxter Customer,

Baxter Healthcare launched two new NDCs in Q4 2025 for TRANSDERM SCÖP (scopolamine transdermal system):

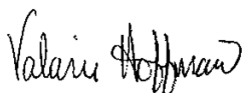

- 1 mg / 3 days, 10 patches per carton: 10019-008-10 to replace 10019-553-03
- 1 mg / 3 days, 24 patches per carton: 10019-008-24 to replace 10019-553-04

Because the new NDCs are the same product (drug, dose, formulation, or volume) with 340B prices following the same methodology as the discontinued NDCs, **Baxter Healthcare** believes that a covered entity utilizing a 340B inventory replenishment model may count accumulations of the discontinued NDCs toward replenishment of equal quantities of the corresponding new NDCs (see table below).

Status	NDC Number	Baxter Item Code	Product Name	Total Strength	Carton Size
NEW	10019-008-10	AVUS0110	TRANSDERM SCÖP (scopolamine transdermal system)	1 mg/3 days	10 patches per carton
NEW	10019-008-24	AVUS0124	TRANSDERM SCÖP (scopolamine transdermal system)	1 mg/3 days	24 patches per carton
DISCONTINUED	10019-553-03	1001955303	TRANSDERM SCÖP (scopolamine transdermal system)	1 mg/3 days	10 patches per carton
DISCONTINUED	10019-553-04	1001955304	TRANSDERM SCÖP (scopolamine transdermal system)	1 mg/3 days	24 patches per carton

If you have any questions regarding this notice, please contact your Baxter representative or the Center for Service at 1-888-229-0001.

Sincerely,

Valarie Hoffman
