Notice regarding NYPOZI® (filgrastim-txid) National Drug Code (NDC) Update and impact on 340B Virtual Inventory Management

Cipla USA Inc., the wholly owned subsidiary of Cipla Limited ("Cipla") has asked the Office of Pharmacy Affairs ("OPA") to post this notice on the OPA's public website to notify 340B covered entities that the national drug code (NDC) numbers for NYPOZI® (filgrastim-txid) for Injection are being transitioned to new NDCs. These NDC changes do not signify any change in the product's form, strength or composition.

Since new NDCs represent the same NYPOZI® (filgrastim-txid) product as the corresponding old NDCs, Cipla will treat each new NDC the same as its corresponding old NDC. Therefore, Cipla believes that eligible 340B covered entities using a compliant 340B inventory replenishment model may count accumulations of each old NDC toward replenishment of equal quantities of each corresponding new NDC.

New NDCs will be available starting March 2, 2026. Existing inventory of the old NDCs will continue to be distributed until depleted. Chargebacks and returns will continue to be processed for the old NDCs.
