

**Notice Regarding Recalculated 340B Ceiling Prices for Certain Products of
VistaPharm, Inc.
06/27/2023**

VistaPharm, Inc. has recalculated 340B ceiling prices to correct a calculation error for products identified during a recent audit. A listing of the products whose recalculation resulted in a decrease from the original price are provided by quarter on the pages following this letter.

VistaPharm, Inc. has used chargeback data from wholesalers to identify covered entities that may be eligible for potential repayment based on recalculated 340B ceiling prices and to identify potential payment amounts to affected 340B covered entities. Notifications are being distributed to the entities entitled to adjustments of \$25 dollars or more. **All requests for eligible refunds must be received before August 31, 2023.**

For covered entities that have questions regarding this 340B overcharges and credit/rebill repayment process, please send an email to Patsy Fowler at patfowler@paipharma.com. When contacting VistaPharm, Inc., please provide the following information: NDC Number, Quantity, Original Purchase Invoice Number, Invoice Date, and the Wholesaler (if applicable) the product was purchased through for all affected products so that we can research your inquiry further. VistaPharm, Inc. is **not** seeking reimbursement or repayment where covered entities paid a lower price than the recalculated 340B ceiling prices.

VistaPharm, Inc. has asked the Office of Pharmacy Affairs (OPA) to post this notice on OPA's public website to ensure transparency by providing access to information about VistaPharm, Inc.'s recalculation affecting certain 340B covered entities for the impacted products.
