

Biocon Biologics Inc.
Notice Regarding SEMGLEE®
& INSULIN GLARGINE-YFGN
National Drug Code Numbers Update and Impact on
340B Virtual Inventory Management

Biocon Biologics Inc, a Biocon Biologics Limited company (“Biocon”) has asked the Office of Pharmacy Affairs (“OPA”) to post this notice on the OPA’s public website to notify 340B covered entities that the national drug code (NDC) numbers for Semglee and Insulin Glargine-yfgn are being transitioned to new NDCs as follows.

These NDC changes will be accompanied by product packaging changes as ownership of these products has changed from Mylan Specialty L.P., a Viatris company (“Viatris”) to Biocon Biologics Inc.

Upcoming NDC Change Information:

Product Description	OLD/EXISTING NDC	NEW/REPLACEMENT NDC	Pack Size	NDC Cutover Date
Insulin Glargine-yfgn 3 mL single-patient- use prefilled pen	49502-394-75	10-digit NDC: 83257-015-32	5 pens	December 4, 2023
		11-digit NDC: 83257-0015-32		
SEMGLEE 3 mL single-patient- use prefilled pen	49502-251-75	10-digit NDC: 83257-012-33	5 pens	November 30, 2023
		11-digit NDC: 83257-0012-33		

Biocon Biologics or your distributor will communicate further information regarding the availability of each new NDC, with those new NDCs being available as early as November 30, 2023. **Old NDCs will continue to be sold post November 30th and will continue to be available until depletion.**

The new NDCs do not signify any change in product form, strength, or composition. Biocon Biologics will treat each new NDC the same as the corresponding old NDC with respect to pricing and purchasing from Biocon Biologics under the 340B program. Because each new Semglee and Insulin Glargine-yfgn NDC represents the same product with the same 340B price as the corresponding old NDC, Biocon Biologics will permit an eligible 340B covered entity using a compliant 340B inventory replenishment model to count accumulations of each old NDC toward replenishment of equal quantities of each corresponding new NDC.

Biocon Biologics wishes to emphasize that 340B pricing for the new NDCs will remain the same as for the old NDCs.

Please see the table below for additional product information regarding new WAC pricing information for Insulin Glargine 1000IU/10ML (1 Vial) & Insulin Glargine 300IU/3ML (5 Pens). **NOTE: Old/existing NDCs will be left on contract to allow for chargebacks and depletion of inventory from channel.**

Upcoming WAC Change Information For Both New and Old NDC (1/1/2024):

Product Description	OLD/EXISTING NDC	NEW/REPLACEMENT NDC	New WAC Price	Price Change Effective Date
Insulin Glargine 1000IU/10ML (1 Vial)	49502-393-80	10-digit NDC: 83257-014-11	\$62.97	January 1, 2024
		11-digit NDC: 83257-0014-11
