Lantheus
Notice Regarding: DEFINITY (PERFLUTREN)
National Drug Code Numbers Update and Impact on 340B Virtual Inventory Management

One National Drug Code (NDC) number for DEFINITY (PERFLUTREN) for injection is being discontinued. A different package size has been and will continue to be available for purchase, details below:

These NDC changes will NOT be accompanied by product packaging changes.

Product Description	Discontinued NDC	Existing Replacement NDC
DEFINITY 4 VIAL BOX	11994-0011-04	DEFINITY 16 VIAL BOX / 11994-0011-16

This change does not signify any change in product form, strength, or composition.

Lantheus will permit eligible 340B covered entities that use a compliant 340B inventory replenishment model to count pending accumulations for the DEFINITY 4 VIAL BOX to be applied toward replenishment of equal quantities of DEFINITY 16 VIAL BOXES.

The replacement NDC is already available in the market. Lantheus will sell its remaining inventory of the old NDC until it is exhausted.

For any questions regarding this notice contact me.

Thank you for your attention.
