

Notice Regarding Adjustment of 340B Ceiling Prices for Certain Products of Hikma Pharmaceuticals USA, Inc.

Hikma Pharmaceuticals USA, Inc. (“Hikma”) has recalculated its 340B ceiling prices for the products listed below (“Listed Products”) for the period 4Q 2017 through 4Q 2020 (the “Period”). The recalculation results from a restatement of prices submitted under the Medicaid Drug Rebate Program.

Hikma has determined the credit amount owed to each affected Covered Entity, and will be working with Apexus, LLC (“Apexus”), the 340B Prime Vendor, to process credits. For Covered Entities that overpaid \$25 or more in the aggregate for the Listed Products during the Period, according to Hikma sales/chargeback data, Apexus will contact the Covered Entity and work with the wholesaler to facilitate the processing of credits. If no active wholesaler account can be found, Apexus will issue a check to those Covered Entities.

If Hikma sales/chargeback data indicate that a Covered Entity was overcharged less than \$25 in the aggregate for the Listed Products during the Period, Apexus will not attempt to contact the Covered Entity. However, if any Covered Entity believes it was overcharged less than \$25 in the aggregate for Listed Products during the Period and would like to request a refund, the Covered Entity may contact Hikma directly at hikmagovtcontracts@hikma.com.
