To ensure that patients being treated with Ketorolac Tromethamine Nasal Spray receive high quality supportive care and experience optimal therapeutic adherence, Prasco Laboratories (“Prasco”) will make Ketorolac Tromethamine Nasal Spray available solely through a specialty pharmacy—DivyDose (Address: 4300 44th Avenue, Molin, IL 61265 Phone: (844) 693-4889). A 340B covered entity may purchase Ketorolac Tromethamine Nasal Spray from DivvyDose at the 340B Ceiling Price provided it has established a contract pharmacy relationship with DivvyDose and is a qualifying 340B covered entity per the Health Resources and Services Administration Office of Pharmacy Affairs (“HRSA OPA”) database. In the event you elect to acquire Ketorolac Tromethamine Nasal Spray for or on behalf of a patient at the 340B Ceiling Price through DivvyDose, the product will be dispensed directly to the patient. DivvyDose will bill the patient’s insurance and remit the differential between the reimbursement and the 340B Ceiling Price for Ketorolac Tromethamine Nasal Spray to you pursuant to your covered entity contract pharmacy agreement with DivvyDose. The covered entity’s contract pharmacy relationship will be verified using the HRSA OPA database.

Prasco takes its participation in the 340B program seriously and makes every effort to ensure that our products are available to all 340B covered entities in a manner that is no more restrictive than for its non-340B customers. If you have any questions about the limited distribution of Ketorolac Tromethamine Nasal Spray, or experience any difficulty obtaining Ketorolac Tromethamine Nasal Spray, please contact Prasco directly at 1-866-525-0688.
