# 1 GENERAL INFORMATION

## 1.1 BACKGROUND INFORMATION

The Coronavirus Aid, Relief, and Economic Security (CARES) Act (P.L. 116-136), the Paycheck Protection Program (PPP) and Health Care Enhancement Act (P.L. 116-139), the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) (Division M of P.L. 116-260), and American Rescue Plan Act of 2021 (P.L. 117-2) appropriated funds to reimburse eligible healthcare providers for health care-related expenses or lost revenues attributable to COVID-19. These funds were, or will be, distributed by the Health Resources and Services Administration (HRSA). Recipients of these funds agreed to [Terms and Conditions](#), which require compliance with reporting requirements as specified by the Secretary of the U.S. Department of Health and Human Services (HHS) in program instructions.

## 1.2 PURPOSE

HRSA developed the PRF Reporting Portal to enable PRF and American Rescue Plan (ARP) Rural<sup>1</sup> recipients (also referred to as “reporting entities” throughout this document) to comply with mandatory reporting requirements. Reporting entities must complete a two-step process in the PRF Reporting Portal (also referred to as “the portal” throughout this document) to submit their reports to HRSA. To complete the two-step process, reporting entities must 1) register as users and 2) complete reporting on the use of funds. HRSA published the *PRF Reporting Portal User Guide-Registration* to assist reporting entities in the completion of the first step of the process. The purpose of the *PRF Reporting Portal User Guide-Reporting* is to assist reporting entities in the completion of the second step of the process – reporting on the use of funds.

## 1.3 POST-PAYMENT REPORTING REQUIREMENTS

Reporting entities should review the most recently published Post-Payment Notice of Reporting Requirements available on the PRF Reporting Requirements & Auditing website for information about reporting requirements. Recipients who received one or more General and Targeted Distributions, which includes the Nursing Home Infection Control (NHIC) Distribution<sup>2</sup> (formally known as the Skilled Nursing Facility and Nursing Home Infection Control Distribution), and/or ARP Rural Distribution payments exceeding \$10,000 in the aggregate during a *Payment Received Period* are required to report in each applicable *Reporting Time Period* as shown in [Table 1 Reporting Periods](#). Reporting must be completed and submitted to

---

<sup>1</sup> Previous documentation did not include information regarding the ARP Rural Distribution payment(s). ARP Rural payments are funded separately from the PRF General and Target Distribution payments.

<sup>2</sup> The NHIC Distribution is a Targeted Distribution payment. The Distribution includes payments made in August 2020 and Nursing Home Quality Incentive Payment Program (QIP) payments.

HRSA by 11:59 PM Eastern Time on the last date of the Reporting Time Period. Only electronic submissions through the PRF Reporting Portal are permitted.

Reporting entities that do not report within the respective Reporting Time Period are out of compliance with payment Terms and Conditions and may be subject to repayment and/or debt collection.

If a reporting entity received payments meeting the established monetary threshold during multiple Payment Received Periods, the recipient is required to report during each of the corresponding Reporting Time Periods as shown below.

Reporting Period	Payment Received Period (Payments Exceeding \$10,000 in Aggregate Received)	Period of Availability	Reporting Time Period
1	April 10, 2020, to June 30, 2020	January 1, 2020, to June 30, 2021	July 1, 2021, to September 30, 2021*
2	July 1, 2020, to December 31, 2020	January 1, 2020, to December 31, 2021	January 1, 2022, to March 31, 2022
3	January 1, 2021, to June 30, 2021	January 1, 2020, to June 30, 2022	July 1, 2022, to September 30, 2022
4	July 1, 2021, to December 31, 2021	January 1, 2020, to December 31, 2022	January 1, 2023, to March 31, 2023
5	January 1, 2022, to June 30, 2022	January 1, 2020, to June 30, 2023	July 1, 2023, to September 30, 2023
6	July 1, 2022, to December 31, 2022	January 1, 2020, to December 31, 2023	January 1, 2024, to March 31, 2024
7	January 1, 2023, to June 30, 2023	January 1, 2020, to June 30, 2024	July 1, 2024, to September 30, 2024

\*Grace period ended November 30, 2021

*Table 1 Reporting Periods*

## 1.4 RESPONSIBILITY FOR REPORTING

Reporting entities will complete and submit required reports for PRF and ARP Rural payments in the PRF Reporting Portal. The reporting entity may differ by type of payment, but generally HRSA defines this as the entity that registers its Tax Identification Number (TIN) and reports on payments received by that TIN and/or its subsidiary TINs.

A TIN is either an Employer Identification Number (EIN) or Social Security Number (SSN) and must be entered in a nine-digit format with no special characters.

- A parent entity may report on its subsidiaries' General Distribution payments, regardless of whether the subsidiary TINs received the General Distribution payments directly from HRSA or whether General Distribution payments were transferred to them by the parent entity.
- The parent entity may report on these General Distribution payments regardless of whether the parent or the subsidiary attested to the Terms and Conditions.

- The original recipient of a Targeted Distribution payment is always the reporting entity in accordance with the CRRSA Act.
- A parent entity may not report on its subsidiaries' Targeted Distribution. The TIN that qualified for Targeted Distribution payments must report on the use of funds in accordance with the CRRSA Act. This is required regardless of whether the qualifying recipient or its parent subsequently transferred the payment. A reporting entity that is a subsidiary must indicate the payment amount of any of the Targeted Distributions it received that were transferred to/by the parent entity, if applicable.
- For ARP Rural payment recipients, regardless of whether or not a parent was obligated to distribute payments to its subsidiaries who qualified for ARP Rural payments, HRSA requires parent entities to report on ARP Rural payments they received from the agency.

## 1.5 BEFORE STARTING

Reporting entities must complete registration before beginning to report on the use of funds. The report must be completed and saved sequentially, and reporting entities are not allowed to skip steps. Data may be saved throughout the reporting process, so it is not necessary to complete the report at once. **A work session in the PRF Reporting Portal will timeout after 15 minutes of inactivity.** At the time of registration and at the end of the reporting process, portal users will receive an email notification from '[PRFReporting-NoReply@hrsa.gov](mailto:PRFReporting-NoReply@hrsa.gov).' Portal users should add this email address to their safe sender list before beginning. For instructions on adding '[PRFReporting-NoReply@hrsa.gov](mailto:PRFReporting-NoReply@hrsa.gov)' as a safe email sender, portal users should follow the instructions of the email provider associated with the email account. As an example, instructions for Outlook users may be found at [Adding Email Address to Safe Senders List](#). Please note that the '[PRFReporting-NoReply@hrsa.gov](mailto:PRFReporting-NoReply@hrsa.gov)' account is not monitored and should not be used to communicate with HRSA staff.

Reporting entities should ensure they have all the information required to report available before they begin. Information required to report includes:

- Business name, address, and contact information (from Internal Revenue Service (IRS) Form W-9)
- Provider type and Provider Sub-Type:
  - Provider Types (Home and Community, Ancillary Services, Facilities, Outpatient and Professional, DME/ Suppliers, Other)
  - Provider Sub-types – conditional to Provider Types (e.g., Home Health Agencies, Dental Service Providers, Assisted Living Facilities, Pediatrics Practice, etc.)
- List (by TIN) of subsidiaries that are eligible healthcare providers<sup>3</sup>
- List (by TIN) of subsidiaries that were acquired, divested or merged during the period of availability<sup>4</sup> and that are eligible healthcare providers

---

<sup>3</sup> For the purposes of reporting, "Eligible health care providers" means public entities, Medicare or Medicaid enrolled suppliers and providers, and such for-profit entities and not-for profit entities as the Secretary may specify, within the United States (including territories), that provide diagnoses, testing, or care for individuals with possible or actual cases of COVID-19.

<sup>4</sup> The period of availability of funds applies to all past and future PRF and ARP Rural payments and is based on the date the payment is received. The payment is received on the deposit date for automated clearing house (ACH) payments or the check cashed date. Providers must follow their basis of accounting (e.g., cash, accrual, or modified accrual) to determine expenses.

- If the reporting entity is a subsidiary:
  - Will a parent entity report on any of the reporting entity's **General Distribution** payments?
  - TIN(s) of parent entity reporting on its behalf for **General Distribution** payments
  - If any **Targeted Distribution** payments were transferred to/by a parent, the total dollar amount of the transferred payment(s)
- If the reporting entity acquired, divested or merged subsidiaries during the period of availability of funds:
  - TIN(s) of Acquired/Divested/Merged Subsidiary(ies)
  - Acquired, Divested or Merged
  - Effective Date of the Acquisition/Divestiture/Merger
  - TIN of Acquiring/Divesting/Merging Entity
  - Total PRF Dollar Amount Received for the TIN
  - Percentage of Ownership
  - Controlling interest
- Total payments received or rejected (attestation rejected) for the Payment Received Period that corresponds to the reporting period (i.e., Nursing Home Infection Control Distribution, including Quality Incentive Program (QIP) payments; General Distribution payments; Other Targeted Distribution payments)
  - TIN of Recipient
  - Distribution (General/Targeted/Nursing Home Infection Control)
  - Amount Deposited
  - Amount Returned
  - Amount Retained
  - Attestation Date

**Note:** If you've recently returned a full or partial payment, please wait 2-3 weeks for it to appear in the PRF Reporting Portal. Full returns will display in the Total Rejected Payments (Attestation Rejected) table on the Payments to Recipient page. Partial return will display under the column of "Amount Returned" under the "Total Skilled Nursing Facility and Nursing Home Infection Control Payments" table and "Total Other Provider Relief Fund Payments" table.

If you have any questions, please call the Provider Support Line at (866) 569-3522; for TTY dial 711. Hours of operation are 8 a.m. to 10 p.m. Central Time, Monday through Friday. Hours are subject to change.

- Amount of interest earned on Nursing Home Infection Control Distribution payment(s) from payment date until expense date, if applicable
- Amount of interest earned on American Rescue Plan (ARP) Rural payment(s) from payment date until expense date, if applicable

- Amount of interest earned on Phase 4 General Distribution payment(s) from payment date until expense date, if applicable<sup>5</sup>
- Amount of interest earned on Other PRF Payments (all General and Targeted Distribution payments except for Nursing Home Infection Control payments) from payment date until expense date, if applicable
- Federal Tax Classification from IRS Form W-9, Exempt Payee Code (Optional) from IRS Form W-9, Exempt from Foreign Account Tax Compliance Act (FACTA) Reporting Code (Optional) from IRS Form W-9
- Fiscal Year End Date of Reporting Entity
- Reporting entity Subjected to Audit ([45 CFR § 75 Subpart F](#))
  - If so, were PRF funds included in the audit?
- Other Assistance Received by the reporting entity during the period of availability (and its subsidiaries if included in the reporting) reported by calendar year quarter including:
  - Treasury, Small Business Administration (SBA) and the CARES Act/ PPP
  - Federal Emergency Management Agency (FEMA) Programs (CARES Act, Public Assistance, etc.)
  - HHS CARES Act Testing
  - Local, State, and Tribal Government Assistance
  - Business Insurance
  - Other Assistance
- Use of ARP Rural Distribution Payments and related earned interest (if applicable) on eligible expenses during the period of availability, by calendar year quarter:
  - General and Administrative (G&A) Expenses
    - If Total PRF and/or ARP Rural payments for the Payment Received Period is \$500,000 or greater in aggregate, then expenses will be reported as:
      - Mortgage/Rent
      - Insurance
      - Personnel
      - Fringe Benefits
      - Lease Payments
      - Utilities/Operations
      - Other G&A Expenses
  - Healthcare Related Expenses
    - If Total PRF and/or ARP Rural payments for the Payment Received Period is \$500,000 or greater in aggregate, then expenses will be reported as:
      - Supplies

---

<sup>5</sup> HRSA requires recipients of ARP Rural and PRF Phase 4 payments to hold those payments in an interest-bearing account. Reporting entities must report on the dollar value of interest earned on all retained ARP Rural payments separately from PRF Distributions. The total reportable amount of ARP Rural and PRF payments will include the interest earned.

- Equipment
  - Information Technology (IT)
  - Facilities
  - Other Healthcare Expenses
- Use of Nursing Home Infection Control Distribution payments (including QIP payments) for Nursing Home Infection Control expenses during the period of availability, by calendar year quarter:
  - General and Administrative (G&A) Expenses
    - If Total PRF and/or ARP Rural payments for the Payment Received Period is \$500,000 or greater in aggregate, then expenses will be reported as:
      - Mortgage/Rent
      - Insurance
      - Personnel
      - Fringe Benefits
      - Lease Payments
      - Utilities/Operations
      - Other G&A Expenses
  - Healthcare Related Expenses
    - If Total PRF and/or ARP Rural payments for the Payment Received Period is \$500,000 or greater in aggregate, then expenses will be reported as:
      - Supplies
      - Equipment
      - Information Technology (IT)
      - Facilities
      - Other Healthcare Expenses
- Use of Other PRF Payments (i.e., General Distribution and Other Targeted Distribution payments) for COVID-19-related expenses during the period of availability, by calendar year quarter:
  - G&A Expenses
    - If Total PRF and/or ARP Rural payments for the Payment Received Period is \$500,000 or greater in aggregate, then expenses will be reported as:
      - Mortgage/Rent
      - Insurance
      - Personnel
      - Fringe Benefits
      - Lease Payments
      - Utilities/Operations
      - Other G&A Expenses

- Healthcare Related Expenses
  - If Total PRF and/or ARP Rural payments for the Payment Received Period is \$500,000 or greater in aggregate, then expenses will be reported as:
    - Supplies
    - Equipment
    - IT
    - Facilities
    - Other Healthcare Expenses
- Unreimbursed Expenses Attributable to COVID-19
  - G&A Expenses
  - Healthcare Related Expenses
- If all Other PRF Payments were fully expended on eligible expenses<sup>6</sup>, 2019, 2020, 2021, and 2022 Actual Patient Care Revenue
- If all Other PRF Payments were not fully expended on eligible expenses, then Reporting entities will select **one** of the following methods to report on PRF payments applied to lost revenues:
  - Actual Patient Care Revenue (2019 through the end of the period of availability) by calendar year quarter, split by payer type:
    - Medicare Part A + B
    - Medicare Part C (Medicare Advantage Plans/ MA Plan)
    - Medicaid / Children's Health Insurance Program (CHIP)
    - Commercial Insurance
    - Self-Pay (No Insurance)
    - Other
  - Budgeted and Actual Patient Care Revenues for 2020, 2021, and 2022 (for the period of availability of funding) by calendar year quarter, split by payer type:
    - Medicare Part A + B
    - Medicare Part C (Medicare Advantage Plans/ MA Plan)
    - Medicaid / CHIP
    - Commercial Insurance
    - Self-Pay (No Insurance)
    - Other
    - Additional documentation as follows:
      - 2020, 2021, and 2022 budgets approved prior to March 27, 2020
      - Attestation by Chief Executive Officer (CEO), Chief Financial Officer (CFO), or similarly responsible individual representing the reporting entity on accuracy of budget

---

<sup>6</sup> Reporting entities must only use payments for eligible expenses, including services rendered and lost revenues (up to the end of the Public Health Emergency), during the period of availability.

- Alternate Method of calculating lost revenues by calendar year quarter, for the entire period of availability
  - Narrative document describing methodology, why the methodology is reasonable, and a description establishing how lost revenues were attributable to COVID-19, as opposed to a loss caused by any other source
  - Calculation of Lost Revenues using the methodology described in the narrative document
  - (Optional) Additional Supporting Documentation
    - Other Non-Financial Data reported by calendar year quarter (2019 through the end of the period of availability)
- Personnel Metrics: Total number of clinical and non-clinical personnel by labor category (i.e., full-time, part-time, contract, furloughed, separated, hired)
- Patient Metrics: Total number of inpatient admissions, outpatient visits (in-person and virtual), emergency department visits, and facility stays (for long-term and short-term residential facilities)
- Facility Metrics: Total number of staffed beds for medical/surgical, critical care, and other beds
- Responses to survey questions on the impact PRF of payments received during the Payment Received Period that corresponds to the reporting period

If the reporting entity received Rural Health Clinic (RHC) COVID-19 Testing Program and/or RHC COVID-19 Testing and Mitigation Program<sup>7</sup> funds, did the entity complete reporting on the use of these funds? Each of these data elements is explained more thoroughly within each corresponding section of the user guide.

## 1.6 GETTING STARTED

The portal must be accessed at: <https://prfreporting.hrsa.gov/>. The PRF Reporting Portal is only compatible with the latest versions of Microsoft Edge, Google Chrome, and Mozilla Firefox. For portal users that do not have a compatible web browser, one may be downloaded for free. The Reporting Portal is supported on phones and tablets that meet these mobile platform or desktop operating system and version requirements:

- Mac: macOS 10.14 (Mojave) or later
- Windows: Windows 7 or later
- iOS: iOS 13 or later
- Android: Android 5.0 (Lollipop) or later

If technical difficulties arise, users may contact the Provider Support Line at (866) 569-3522; for Teletypewriter (TTY) dial 711 for assistance.

In addition to this PRF Reporting Portal User Guide – Reporting, reporting entities should reference the following key PRF resources during the reporting process:

---

<sup>7</sup> More information on reporting for the Rural Health Clinic COVID-19 Testing and Mitigation Program and the Rural Health Clinic COVID-19 Testing Program is available at <https://www.rhccovidreporting.com>.

- [PRF Reporting Portal User Guide – Registration \(PDF\)](#)
- [PRF Post-Payment Notice of Reporting Requirements \(PDF\)](#)
- [PRF Frequently Asked Questions \(FAQs\)](#)
- [PRF Reporting and Auditing Requirements](#)
- [PRF Terms and Conditions](#)
- [PRF General Information Home Page](#)

Links to key PRF resources are available to reporting entities on the [PRF Reporting Portal Home Page](#) and throughout the portal. Please reference [Section 2 Home Page](#) to locate these resources.

For more information on how to navigate the portal, please reference [Section 3 Navigation within the Portal](#).

For a step-by-step walkthrough of the PRF reporting process, please reference [Section 4 Steps to Complete Reporting](#).

**Note:** *These reporting requirements do not apply to the Rural Health Clinic COVID-19 Disease 2019 (COVID-19) Testing and Mitigation Program 2 and the Rural Health Clinic COVID-19 Testing Program or claims reimbursements from the HRSA COVID-19 Uninsured Program and the HRSA COVID-19 Coverage Assistance Fund<sup>8</sup>. If the reporting entity received RHC COVID-19 Testing Program payments and/or RHC COVID-19 Testing and Mitigation Program payment(s), they are required to report separately on the use of those funds at <https://www.rhccovidreporting.com>.*

---

<sup>8</sup> More information on the COVID-19 Uninsured Program and Coverage Assistance Fund is available at: <https://www.hrsa.gov/provider-relief/about/covid-uninsured-claim>.

## 2 HOME PAGE

The PRF Reporting Portal Home Page allows reporting entities to register and log in to report on PRF and/or ARP Rural payments, and to access resources and frequently asked questions (FAQs). It can be accessed at <https://prfreporting.hrsa.gov/>. The key elements are shown on the *Figure 1 Home Page*.

Provider Relief Fund (PRF) Reporting Portal is only compatible with the latest stable desktop version of Edge, Chrome and Mozilla Firefox.

Health and Human Services

**HRSA**  
Health Resources & Services Administration

**Welcome to the Provider Relief Fund Reporting Portal**

The PRF Reporting Portal is now open for Reporting Period 4. Providers who received one or more Provider Relief Fund (PRF) payments exceeding \$10,000, in the aggregate, from July 1, 2021 to December 31, 2021 ARE REQUIRED to report on the use of their payments during Reporting Period 4.

Reporting Period 4 will close at 11:59 P.M. Eastern Time on March 31, 2023.

**Register and create an account to get started.**

Registered portal users may log into the PRF Reporting Portal with a username and password. If you have not already done so, you will be required to select your two-factor authentication preference method prior to logging into the PRF Reporting Portal.

**Already a registered PRF Reporting Portal User?**

## 2.1 LOG IN

Reporting entities that are already registered as PRF Reporting Portal users can enter the portal by clicking on the ‘Log In’ button displayed under the ‘Already a registered PRF Reporting Portal User?’ heading. After clicking the ‘Log In’ button, portal users will be prompted to enter the username created during the registration process, complete the reCAPTCHA (i.e., check the ‘I’m not a robot’ button), and click the ‘Continue to Log In’ button as shown in *Figure 2 Enter Username*. Then, portal users must enter the TIN and password associated with the portal account to open the Reporting Landing Page. If an invalid TIN is entered more than three times, the account will be locked for 15 minutes before the provider can try again.

Provider Relief Fund (PRF) Reporting Portal is only compatible with the most current stable version of Edge, Chrome and Mozilla Firefox.

[Continue to Log In](#) [Forgot Password?](#)

*Figure 2 Enter Username*

### 2.1.1 Two-Factor Authentication

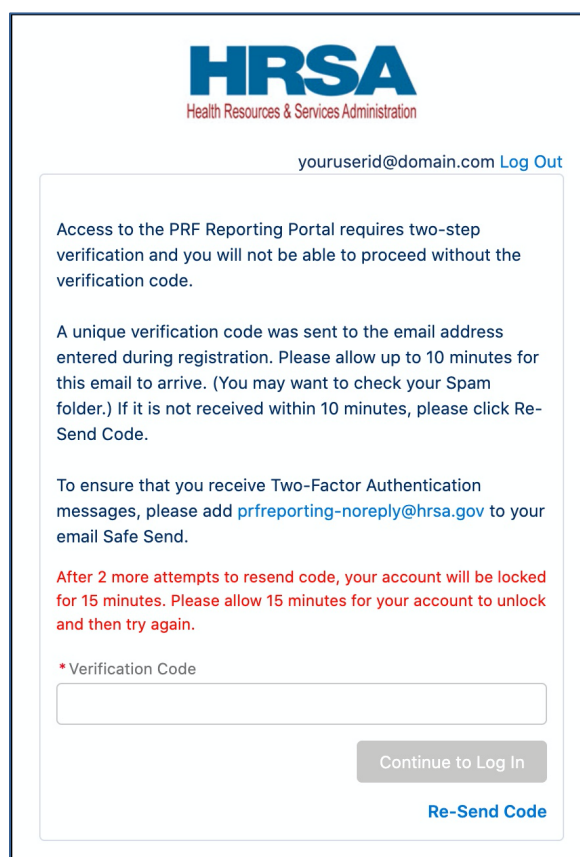

The PRF Reporting Portal has enhanced the portal security by integrating two-factor authentication (2FA). If you have not configured the 2FA preference, the portal login process will require the user to set up 2FA preference, please refer to the “Two-Factor Authentication Preferences” section below.

Upon successful validation of the username and password, a 2FA verification code will be emailed to the email addressed in the user’s PRF Reporting Portal Contact profile. The email may take up to ten minutes to be received by the user. Once received, please enter the verification code in the “Verification Code” text box and click the “Continue to Log In” button. If the user has SMS as the preferred 2FA method, the verification code will be sent to the registered mobile number.

*Figure 3 Verification Code*

To receive a new verification code, click on the “Re-Send Code” hyperlink. A new verification code will be delivered to the preferred 2FA option. The 2FA verification code entry page will reload and display a warning message. Within a single login attempt, users are allowed to request re-sending three verification codes before the account is locked. If the account is locked, the user will have to wait 15 minutes before requesting another verification code.

*Figure 4 Re-Send Verification Code*

## 2.1.2 Setting 2FA Authentication Preference

By default, 2FA method is set to email. The email address is read-only and is pulled from the user profile. The Reporting Portal preferred verification method is email.

The screenshot shows the HRSA website header with the logo and navigation links for 'Resources & FAQs' and 'Return to Home'. The main heading is 'Set Your Two-Factor Authentication Preferences'. Below this, a sub-heading reads: 'Let us know how you would prefer to receive your two-factor authentication codes. You can always change the default preference in your profile.'

The section titled '\* My preferred method of contact for receiving two-factor authentication codes for login:' contains two radio buttons. The 'Email (default)' option is selected, while the 'SMS' option is unselected. A note below the SMS option states: '(by selecting this option as my preferred method of contact, I consent to receive SMS messages for one-time verification codes)'. Below this, a confirmation message says: 'You have selected Email as your two-factor authentication preference.'

A list of instructions follows:
 

- The Email Address field has been pre-populated from entry during registration. (This cannot be modified.)
- Click on Send Code
- A verification code will be sent via email.
- If you didn't receive an email with the verification code, please check your Spam (or Junk Mail) folder.
- To ensure that you receive Two-Factor Authentication messages, please add prfreporting-noreply@hrsa.gov to your email Safe Senders list.
- Enter the verification code in the field provided, then click Verify Code.
- If successful, your two-factor authentication will be set up.
- If you need assistance, please call the Provider Support Line at (866) 569-3522; for TTY dial 711. Hours of operation are 8 a.m. to 10 p.m. Central Time, Monday through Friday.

At the bottom, the '\* Email Address' field is pre-filled with 'youruserid@domain.com' and is read-only. A 'Send Code' button is located to the right of the field.

*Figure 5 Two-Factor Authentication Preferences*

If the user is unable to receive email from the PRF Reporting Portal, the user may select to receive the 2FA verification code through SMS on a mobile device. To receive the verification code via SMS, please click on the SMS radio button and click on the “Update Mobile Number” hyperlink below the “Mobile Number” text box.

This screenshot shows the same HRSA page, but with the 'SMS' radio button selected. The instructions list is updated to reflect the SMS preference:
 

- The Mobile Number field has been pre-populated from entry during registration (if applicable).
- Click Update Mobile Number to modify.
- Once the mobile number is correct, click on Send Code.
- A verification code will be sent via SMS.
- Enter the verification code in the field provided, then click Verify Code.
- If successful, your two-factor authentication will be set up.
- If you need assistance, please call the Provider Support Line at (866) 569-3522; for TTY dial 711. Hours of operation are 8 a.m. to 10 p.m. Central Time, Monday through Friday.

A new section titled 'Two-Factor SMS Authentication terms and conditions:' is present, containing four numbered points:
 

- SMS will be used for two-factor authentication.
- Devices without an active U.S. number will not be able to receive SMS.
- Carriers are not liable for delayed or undelivered messages.
- Messages and data rates may apply for any messages sent to you from us and to us from you. You will receive one message per request. If you have any questions about your text plan or data plan, it is best to contact your wireless provider.

At the bottom, the '\* Mobile Number' field is pre-filled with '+1 8162140262' and has a green checkmark icon to its right. Below the field is a link that says 'Update Mobile Number'.

*Figure 6 Set SMS as Preferred 2FA Method*

The “Mobile Number” text box will be enabled allowing the user to enter the mobile phone number. The 2FA mobile phone number is not used for PRF communications. Entering a SMS enabled mobile phone number will not update the contact phone number in the “Entity Overview” page.

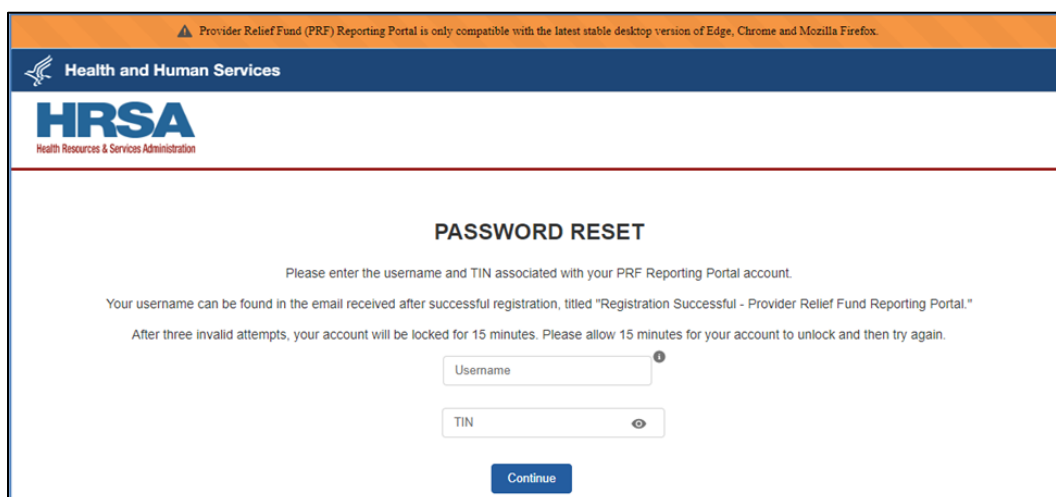

Once the user has entered a SMS-capable mobile phone number, click on the “Send Code” button. An email will be sent verifying a new verification method was added to the PRF Reporting Portal User account. The user will receive the verification code on the mobile phone. The user must enter the verification code in the text box and then click the “Submit” button.

*Figure 7 Mobile Phone Number 2FA Set Up Screen*

## 2.2 PASSWORD RESET

Portal users that do not remember their passwords can reset their passwords using the ‘Forgot Password?’ link on the TIN and password page. Clicking the link will redirect users to a screen called ‘Password Reset’ where they will enter their username associated with their portal account and TIN to reset the password as shown in *Figure 8 Password Reset*.

*Figure 8 Password Reset*

Entering a valid username and TIN on the Password Reset screen will prompt the user to set a new password per the password policy as shown in *Figure 9 Password Policy*.

**PASSWORD RESET**

Please enter the username and TIN associated with your PRF Reporting Portal account.

Your username can be found in the email received after successful registration, titled "Registration Successful - Provider Relief Fund Reporting Portal."

After three invalid attempts, your account will be locked for 15 minutes. Please allow 15 minutes for your account to unlock and then try again.

LostRevenueCalc1@test.com

\*\*\*\*\*

**Password Policy**

- Password must be of a minimum length of fifteen (15) characters.
- Password must contain at least three of these four character types: Uppercase, Lowercase, Numbers, or Special Characters.
- Use a "pass phrase" to help you create a complex password.
- Do not use your username or any part of your full name.
- Do not reuse your last twenty four (24) passwords.
- Password must not contain the word "password".

**\*New Password**  
Enter new password

**\*Confirm Password**  
Re-enter password

Continue

*Figure 9 Password Policy*

After the password is successfully reset, a pop-up window will appear with the message indicating a successful reset as shown in *Figure 10 Successful Password Reset Pop-Up*. An email will also be sent to the user's email for confirmation. Reporting entities may contact the Provider Support Line at (866) 569-3522; for TTY dial 711 if they have forgotten their username or if they do not receive a link to reset their password. Hours of operation are 8:00 a.m. to 10:00 p.m. Central Time, Monday through Friday, while the portal is open for reporting. Hours are subject to change.

**Password Reset Successful!**

Your password has been reset successfully and an email has been sent to your inbox. Please click on the Log In button to access the portal.

Log In

*Figure 10 Successful Password Reset Pop-Up*

## 2.3 REGISTRATION

PRF Reporting Portal User registration is the first step in the reporting process. To begin registration, reporting entities should click the blue 'Register' button below the 'First Time User?' to create an account. Reporting entities must register for an account in the portal before reporting on the use of funds may begin. Reporting entities should follow the steps in the [PRF Reporting Portal User Guide – Registration](#) (PDF) for detailed instructions on the registration process.

## **2.4 RESOURCES**

Reporting entities can access important PRF resources on the PRF Reporting Portal Home Page. These resources may also be accessed using the blue ‘Resources & FAQs’ button in the upper right corner on all pages throughout the portal after successful login. Clicking the ‘Resources & FAQs’ button will open a new browser tab which will not affect previously entered data.

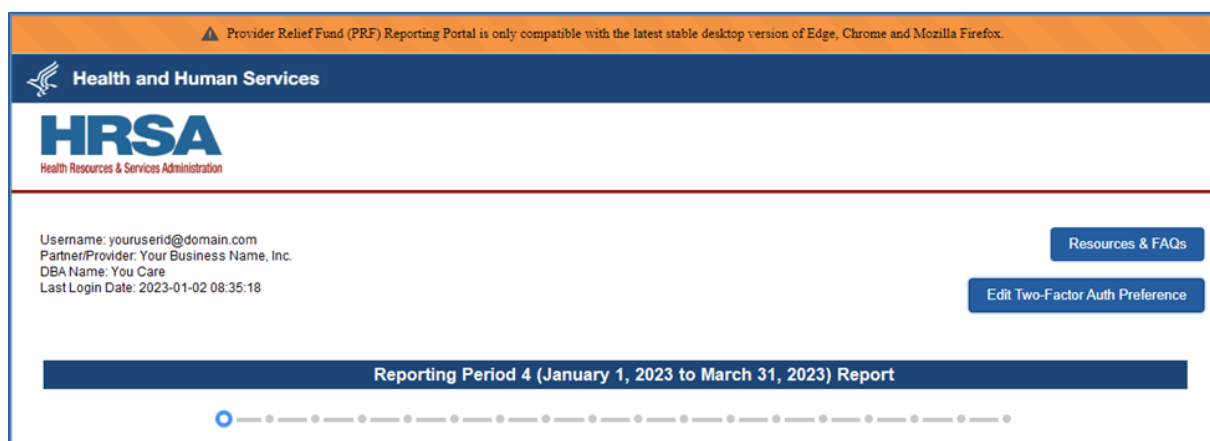

## **2.5 TECHNICAL QUESTIONS AND LANGUAGE ASSISTANCE**

For technical questions regarding the use of the portal or questions regarding reporting that cannot be answered by this user guide or other available resources, reporting entities should contact the Provider Support Line at (866) 569-3522; for TTY dial 711. Provider Support Line contact information and hours of operation are found in the footer of the Reporting Portal Home Page and all subsequent pages. The footer also has other web links to standard government websites and language assistance.

### 3 NAVIGATION WITHIN THE PORTAL

After a successful login, users will be able to navigate the portal through a series of pages in a sequential order – completing data entry for one step before proceeding to the next. The progress can be observed by viewing the progress bar located at the top of each portal page as shown in *Figure 11 Progress Bar*. Blue circles represent steps that have been completed, a white circle with a blue outline represents the current step, and grey circles represent steps to be completed. It is not possible to skip steps to view subsequent pages.

*Figure 11 Progress Bar*

Users can save partial information throughout the portal as long as they save the information on the current page by clicking on the blue 'Save & Next' or the red 'Save & Exit' buttons as shown *Figure 12 Page Navigation*. Please note that the backward and forward navigation of the web browsers should not be used to navigate between steps. This will result in loss of data entered on the current page.

*Figure 12 Page Navigation*

Users can save information on the current page and advance to the next step by clicking the blue 'Save & Next' button, only if all required data fields are entered correctly without errors.

Users can return to a previous page by clicking the blue 'Previous' button. Please note that clicking on 'Previous' button without saving the information will result in data loss.

Users should exit the portal when they are not actively entering data by clicking the red 'Save & Exit' button. **Portal users should not exit the portal by closing the browser window or navigate away from the current page using the browser window as data entered on the current page will not be saved.**

To re-enter the PRF Reporting Portal, users will be required to log in using their username, TIN, and password. The portal will re-open onto the first step (Entity Overview page) and all

information previously saved will be evident. Click the blue ‘Save & Next’ button to navigate to the desired page to enter new data or correct any of the previously entered data fields.

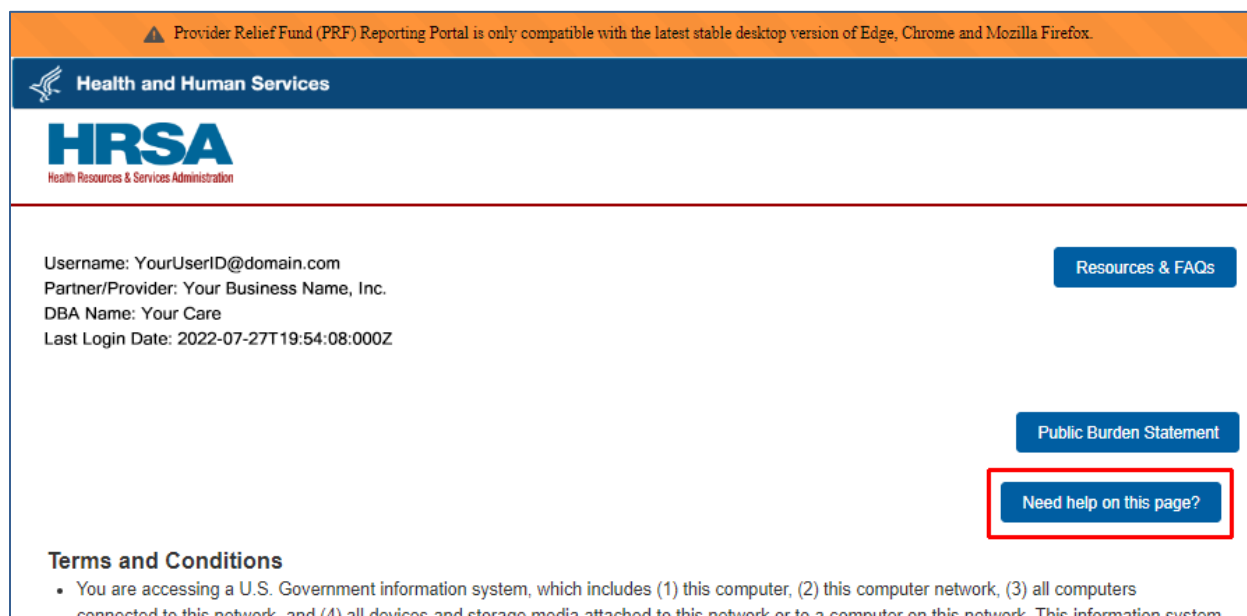

Red asterisks (\*) denote required data entry fields on each portal page. If a required data entry field has not been completed, a red error message will appear, and the user must correct the error before proceeding to the next page within the portal.

Tooltips (denoted as ⓘ) provide additional information about the data fields such as definitions and specifications for formatting. Users should hover over the tooltip icon (ⓘ) with their mouse to learn additional details about the data entry fields. Reporting entities should reference these tooltips before directing any questions to the Provider Support Line.

Each portal page will also have the blue ‘Resources & FAQs’ button in the upper right corner for reporting entities to easily reference helpful resources that are also available on the home page. This will open the resources page in a new browser tab without losing data entered on the current page.

### 3.1 CONTEXTUAL HELP

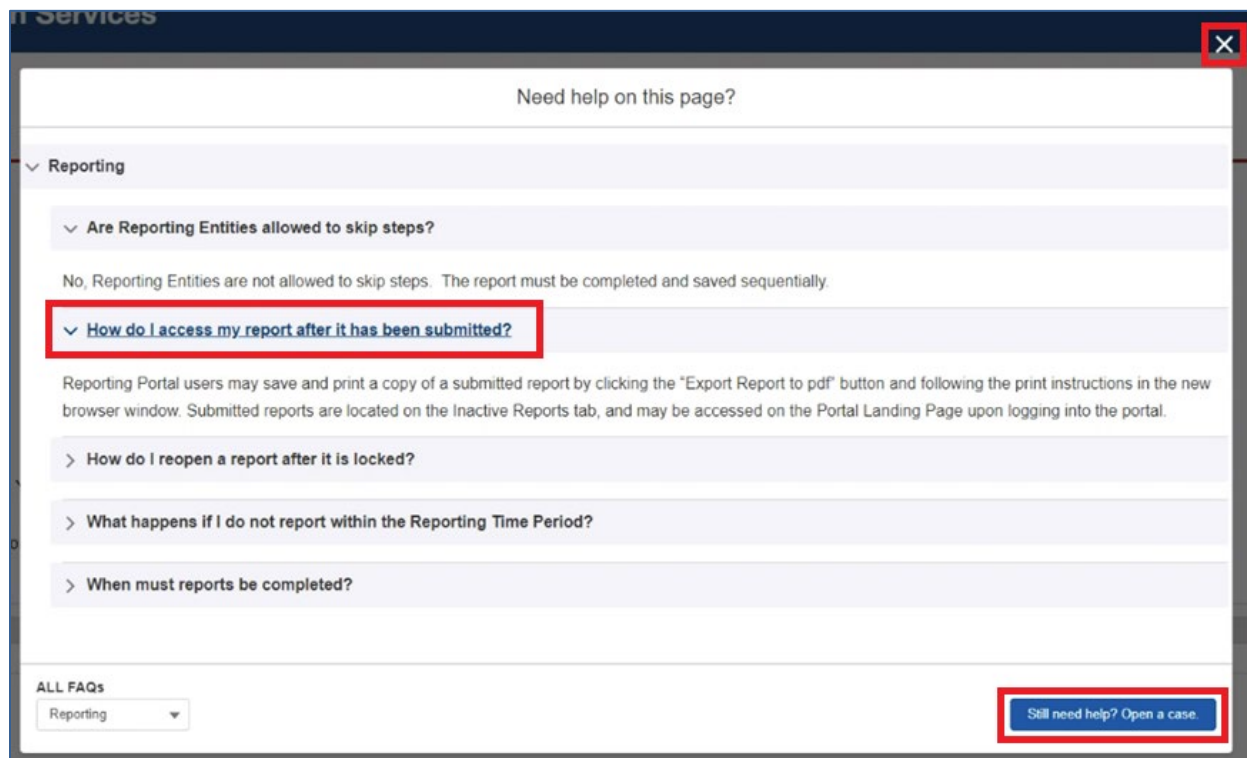

Contextual Help has been provided on every page of the PRF Reporting Portal to offer assistance without requiring the need to read the full documentation. To use this tool, click *Need help on this page?* as seen in *Figure 13 Contextual Help*.

*Figure 13 Contextual Help*

The system will provide a pop-up with a list of help articles associated with the page.

- Click the question you want the answer to and it will be provided.
- Click the *close* icon to close the Contextual Help feature.
- If you still need more help, click *Still need help? Open a case* to create a Customer Support case.

*Figure 14 Help Topic(s) for Current Page*

- A form will open, so that you can create a case for Customer Support.
  - Your Contact Name will pre-populate; this cannot be modified.
  - Complete the required fields; once done, click the Submit button.

Close (X)

## 4 STEPS TO COMPLETE REPORTING

After completing registration, a user will be able to log into the [PRF Reporting Portal](#) with their username, TIN, and password.

### 4.1 TERMS AND CONDITIONS

After entering the valid username, TIN, and password, users must certify that they have read and accept the PRF Reporting Portal Terms and Conditions by clicking on the radio button located to the left of the text ‘I have read and accept the Terms and Conditions.’ The blue ‘Next’ button will appear after the radio button is selected as shown in *Figure 21 Acceptance of Terms and Conditions*. Clicking ‘Next’ will enable to the user to proceed to the next page.

*Figure 21 Acceptance of Terms and Conditions*

### 4.2 STEP 1 – REPORT SUMMARY LANDING PAGE

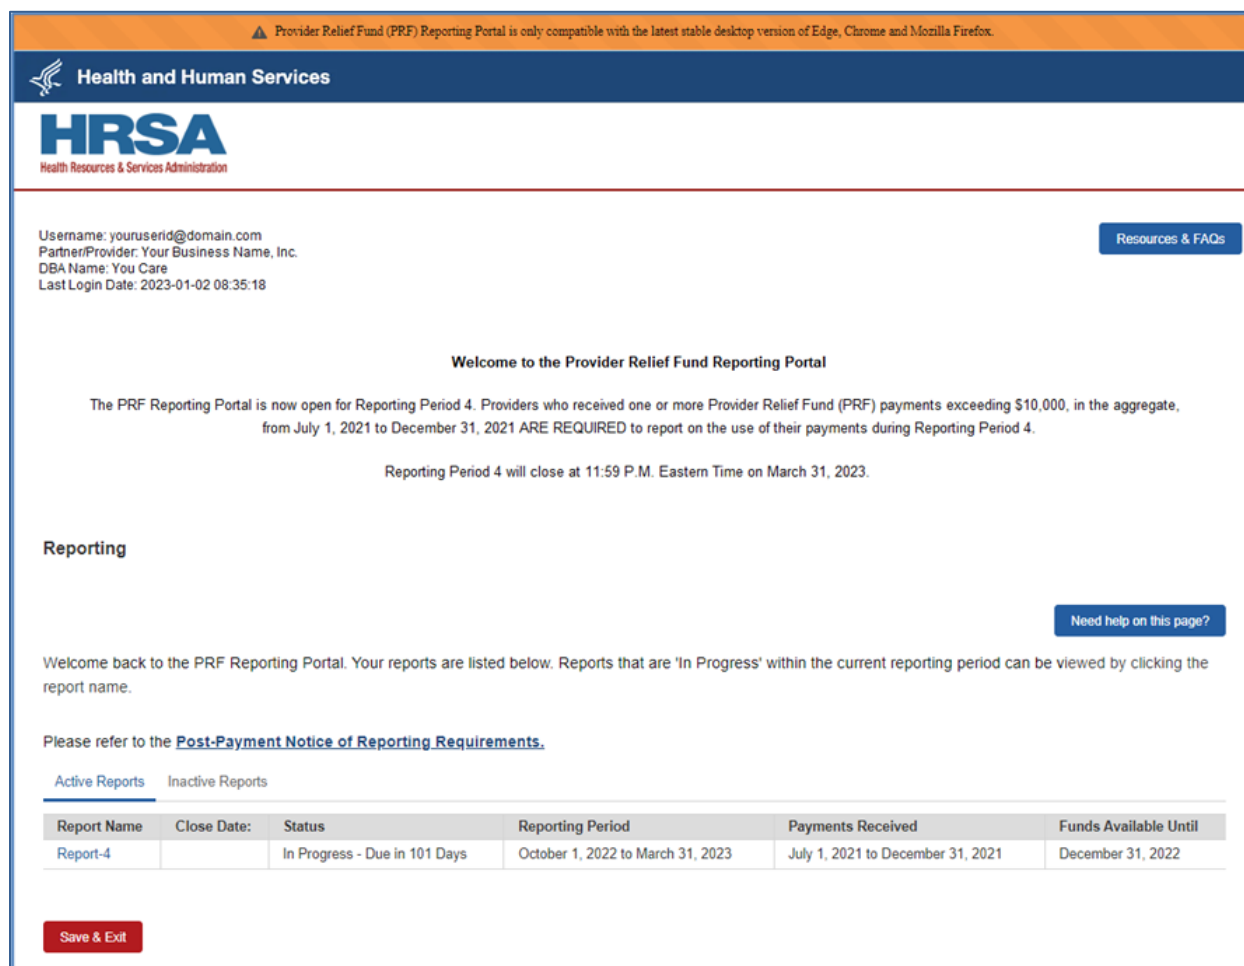

The Report Summary Landing Page is the first page displayed after the user has read and accepted the PRF Reporting Portal Terms and Conditions. It includes the user’s Active and Inactive Reports along with the report status, reporting period dates, payments received dates, and funds available until dates. The purpose of this page is to provide a summary view of all reports which are organized into the Active and Inactive Reports tabs as shown in *Figure 22 The Report Summary Landing Page*.

Upon login, the Active Registration information is displayed in the page header. The Active Registration information displays the PRF Portal username, the Partner/Provider name, and the Last Login Date. If the business has a Doing Business As (DBA) name in their profile, the DBA Name will be displayed. This information is displayed on the Landing Page and throughout the reporting webpages.

The first tab labeled Active Reports displays reports within the current reporting period or if a report has been unlocked. Users will be able to access their Active Reports by clicking the report name within the Active Reports table.

The second tab labeled Inactive Reports displays reports for future and past reporting periods. If the reporting period has ended or if the reporting period has yet to begin, the associated report will be displayed in the Inactive Reports table. Only Active Reports may be edited.

Provider Relief Fund (PRF) Reporting Portal is only compatible with the latest stable desktop version of Edge, Chrome and Mozilla Firefox.

## Changes allowed during inactive periods when reporting is not open:

Portal users can change the contact information associated with a portal account between reporting periods. To do this, users should click on the link associated with the last submitted report and click the 'Update Contact Information' button. This will not change contact information associated with a previously submitted report, however, the updated contact information will be pre-populated in future reports created. Users must keep the contact email address associated with the account updated because it will be used by HRSA for communications about PRF reporting and other issues.

### 4.2.1 Modify 2FA Preference

To modify your 2FA preference, refer to click the "Edit Two-Factor Auth Preference" button, then follow the steps for [Setting 2FA Authentication Preference](#).

## 4.3 STEP 2 – ENTITY OVERVIEW

The first step of reporting requires the user to confirm the pre-populated entity information provided during registration or the previous reporting period is correct or to make corrections or add any newly required information.

The first section of the page under the header ‘Entity Overview’ includes the following required fields: TIN, Business Name, Provider Type (not pre-populated), and Provider Sub-Type (not pre-populated), as shown in *Figure 24 Entity Overview*. **The nine-digit TIN may not be changed and should be the TIN of the reporting entity.** The reporting entity may also provide a DBA Name (optional) which is not pre-populated for first time users.

***Note:** It is important to confirm that the TIN is entered accurately as it cannot be changed.*

*Figure 24 Entity Overview*

**If a reporting entity has reported in a previous reporting period**, during reporting, previously entered data on the Entity Overview page will pre-populate, and may be edited. Please confirm all of the information is accurate and up-to-date before proceeding to the next page of reporting.

Reporting entities must select the Provider Type and Provider Sub-Type that best describes the type of practice by clicking the drop-down menus. The sub-types are conditional to the Provider Types. Select the combination that best describes the reporting entity's type of business. If multiple Provider Types or Provider Sub-Types apply, choose the pair that reflects the majority of the business.

After the Entity Overview information, the Address (as it appears on IRS Form W-9), and Contact Information sections are shown. All these data entry fields are pre-populated from registration or the previous reporting period, if applicable. If any information has changed, the reporting entity should update the fields. Address data entry fields are all required and include Street, State/Territory (selected from a drop-down list), City, and ZIP code (entered as five numeric digits).

Contact information includes First Name, Last Name, Title (optional), Email, and Phone Number. The email address must be a valid, monitored email address as it will be used for communication that is necessary in the future, including but not limited to, questions about the reporting on the use of funds and return of unused funds.

**On this portal page, reporting entities should consider the following actions before saving:**

1. Confirm the information in the Entity Overview and Address by using the same information on the IRS Form W-9.
2. Ensure the contact email address is a valid, monitored email address.
3. Ensure portal users can log in to the portal in the future and receive future communications regarding reporting, by adding '[PRFReporting-NoReply@hrsa.gov](mailto:PRFReporting-NoReply@hrsa.gov)' to the safe sender list of the contact email address account owner.

**If any of the information is missing when the user selects the 'Save & Next' button, an error message(s), similar to the one shown in *Figure 24 Entity Overview - Field Validations*, will be displayed.**

Previous Save & Exit Save & Next

*Figure 25 Entity Overview - Field Validations*

Before proceeding, confirm all information, including the TIN, has been accurately completed. If there is an issue with any of the information on this page, reporting entities should contact the Provider Support Line at (866) 569-3522; for TTY dial 711.

Only after all the required data entry fields in [Step 2 - Entity Overview](#) are completed without any error messages, will users be able to advance to the next step in the reporting process. Portal users must click the blue ‘Save & Next’ button to proceed to the next page, [Step 3 – Subsidiary Questionnaire](#).

## 4.4 STEP 3 – SUBSIDIARY QUESTIONNAIRE

This page contains conditional questions that will affect how the reporting entity proceeds through the portal. The purpose of this page is to collect information about subsidiary entities for any reporting entities that are parent organizations and to collect information about parent entities for any reporting entities that are the subsidiary of a parent. Please refer to the [PRF website](#) for additional information regarding past payments, if needed.

To determine whether an entity is the parent organization, the entity must follow the methodology used to determine a subsidiary in their financial statements. If none, the entity with a majority ownership (greater than 50 percent) will be considered the parent organization.

The Subsidiary Questionnaire consists of four required questions with two conditional questions depending on the reporting entity’s answers as shown in [Figure 26 Subsidiary Questionnaire – Required and Conditional Questions](#).

- Do you have any subsidiaries that are “eligible health care providers”<sup>9</sup>? (**Note:** You are required to provide information about these subsidiaries on the proceeding page.) ***It is very important that reporting entities answer this question correctly since this affects the data entry on the following page.***
- Did you acquire, divest or merge subsidiaries that are “eligible health care providers”<sup>9</sup> during the period of availability of funds? (**Note:** You are required to provide information about these subsidiaries on the proceeding page.) ***It is very important that reporting entities answer this question correctly since this affects the data entry on the following page.***
- Is a parent entity reporting on your **General Distribution** payment(s)? (**Note:** A parent entity may not report on your **Targeted Distribution** payment(s)). If the reporting entity is the parent, ‘No’ should be selected in response to this question.
  - (Conditional) If ‘Yes,’ please enter the TIN(s) of the parent entity reporting on your behalf for the **General Distribution** payment(s). Please enter the dollar amount with up to two decimal points.
- Were any **Targeted Distribution** payment(s) you are currently reporting on transferred to or by a parent entity? (**Note:** Please select “No” if you are not currently reporting on **Targeted Distribution** payments.)<sup>9</sup>

---

<sup>9</sup> Transferred Targeted Distribution payments face an increased likelihood of an audit by HRSA.

- (Conditional) If ‘Yes,’ what is the total dollar amount of your transferred **Targeted Distribution** payment(s)? Please enter the dollar amount with up to two decimal points.

Reporting Period 4 (January 1, 2023 to March 31, 2023) Report

Need help on this page?

Subsidiary Questionnaire

This page may contain pre-populated information from registration or a previous report(s). Please ensure that the information is accurate before proceeding.

Answers to questions on this page will impact the payments on which you will be able to report. Accuracy is particularly important if you are a parent reporting on behalf of subsidiaries or if a parent is reporting on behalf of your General Distribution payment(s). This page may contain pre-populated information from a previous report(s). Please ensure that all information is accurate before proceeding. Refer to the [PRF Reporting User Guide](#) for detailed instructions.

To determine whether an entity is the parent organization, the entity must follow the methodology used to determine a subsidiary in their financial statements. If none, the entity with a majority ownership (greater than 50 percent) will be considered the parent organization.

\* **"Eligible health care providers"** are public entities, Medicare or Medicaid enrolled suppliers and providers, and such for-profit entities and not-for-profit entities as the Secretary may specify, within the United States (including territories), that provide diagnoses, testing, or care for individuals with possible or actual cases of COVID-19.

\* Do you have any subsidiaries that are "eligible health care providers"? (Note: You are required to provide information about these subsidiaries on the proceeding page.)

--None--

\* Did you acquire, merge or divest subsidiaries that are "eligible health care providers" during the Period of Availability or Payment Received Period of funds? (Note: You are required to provide information about these subsidiaries on the proceeding page.)

--None--

Reporting Period 4 (January 1, 2023 to March 31, 2023) Report

[Need help on this page?](#)

### Subsidiary Questionnaire

This page may contain pre-populated information from registration or a previous report(s). Please ensure that the information is accurate before proceeding.

Answers to questions on this page will impact the payments on which you will be able to report. Accuracy is particularly important if you are a parent reporting on behalf of subsidiaries or if a parent is reporting on behalf of your General Distribution payment(s). This page may contain pre-populated information from a previous report(s). Please ensure that all information is accurate before proceeding. Refer to the [PRF Reporting User Guide](#) for detailed instructions.

To determine whether an entity is the parent organization, the entity must follow the methodology used to determine a subsidiary in their financial statements. If none, the entity with a majority ownership (greater than 50 percent) will be considered the parent organization.

\* **"Eligible health care providers"** are public entities, Medicare or Medicaid enrolled suppliers and providers, and such for-profit entities and not-for-profit entities as the Secretary may specify, within the United States (including territories), that provide diagnoses, testing, or care for individuals with possible or actual cases of COVID-19.

\* Do you have any subsidiaries that are "eligible health care providers"? (Note: You are required to provide information about these subsidiaries on the proceeding page.)

--None--

Complete this field.

\* Did you acquire, merge or divest subsidiaries that are "eligible health care providers" during the Period of Availability or Payment Received Period of funds? (Note: You are required to provide information about these subsidiaries on the proceeding page.)

Save & Exit

Save & Next

*Figure 27 Subsidiary Questionnaire Field Validations*

The reporting entity's answers to the first and second questions determine the data entry fields on the next page. The reporting entity will be taken to [Step 4 – Subsidiary Data](#), if the answer to either of the following questions is 'Yes':

- "Do you have any subsidiaries that are "eligible health care providers"? (Note: You are required to provide information about these subsidiaries on the proceeding page.)"
- "Did you acquire, divest or merge subsidiaries that are "eligible health care providers" during the period of availability of funds? (Note: You are required to provide information about these subsidiaries on the proceeding page.)"

If the user answers 'No' to both questions, the user will be taken directly to [Step 5 – Payments to Recipients](#).

**If a user has reported in a previous reporting period or revised a previous report, the responses to the first two questions of the Subsidiary Questionnaire page will pre-populate.** Because the periods of availability for payments overlap, HRSA expects that providers that selected 'Yes' to the first two questions during a previous reporting period should not need to edit their responses to these questions.

Only after users have completed all the required data entry fields without any error messages appearing in red, will they be able to advance to the next step in the reporting process. Users must click the blue ‘Save & Next’ button to proceed to the next page, [Step 4 - Subsidiary Data](#).

## 4.5 STEP 4 – SUBSIDIARY DATA

Depending on the answers selected in [Step 3 – Subsidiary Questionnaire](#), the Subsidiary Data page will render different data entry tables/fields.

Users will be shown a pop-up reminder to ensure that **all** information is accurate on this page before proceeding. Users will click the blue ‘Got It’ button to close the pop-up window. Users need to add subsidiaries that are “eligible health care entities” even if they did not receive a PRF and/or ARP Rural payment and even if they are not reporting on PRF payments those subsidiaries received.

**If a user has reported in a previous reporting period or revised a previous report**, the Acquired/Divested/Merged Subsidiaries and Subsidiary Information tables on the Subsidiary Data page will pre-populate with previously submitted data. As shown in [Figure 28 Subsidiary Information](#), edits may be made to the pre-populated data and all required fields must contain a response. Add any new applicable subsidiaries. Once pre-populated data has been altered, the portal cannot revert it back in case of error and information will need to be re-entered.

*Figure 29 Acquired/Divested/Merged Subsidiaries*

For first time users, the Acquired/Divested/Merged Subsidiaries table will be blank and requires the reporting entity to complete it using the required input fields below the table. Reporting entities should enter information about all acquisitions and divestitures that occurred during the period of availability.

Reporting entities that acquired, divested or merged related subsidiaries (change of ownership) during the period of availability must indicate the change in ownership. Users will complete the subsidiary table by entering the following fields and then click the green ‘+Add’ button:

- TIN of Acquired/Divested/Merged Subsidiary: Users must enter the nine-digit TIN of the subsidiary. Special characters may not be used. The reporting entity will need to add the subsidiary TIN to the table even if the subsidiary did not receive and/or transfer a PRF and/or ARP Rural payment.
- Acquired, Divested or Merged? Users must choose Acquired, Divested or Merged from the drop-down list.
- Effective Date of the Acquisition/Divestiture/Merger: The effective date should fall within the period of availability.
- If acquired, provide the TIN of a Divesting Entity. If divested, provide the TIN of an Acquiring Entity. The TIN should be nine digits with no special characters.
- Total Dollar Amount Received for TIN: The dollar amount entered may be up to 14 digits, including two decimal places with no special characters. A dollar sign will auto-populate within the table.
- Percentage of Ownership: The percentage amount must be a whole number. Special characters may not be used.
- Did/Do you hold a controlling interest? Select ‘Yes’ or ‘No’ from the drop-down list.

Once all input fields are complete, the user should press the green ‘+Add’ button to populate the table. Upon clicking ‘+Add,’ data entry validations are run on the input fields. **Do not enter the reporting entity’s TIN in the subsidiary table.**

If any errors occur, messages in red will appear under the applicable input field. The same TIN cannot be added to the table more than once and if a TIN needs to be removed, the user must click on the trash bin (🗑️) icon at the end of each row of the table. When the trash bin (🗑️) icon is clicked, a confirmation pop-up as shown in *Figure 30 Delete Confirmation* be displayed.

Are you sure you want to delete?

Are you sure you want to delete this subsidiary information?" Click 'Delete' to delete the data in the corresponding row of the table or 'Cancel' if you do not want to delete the data in the corresponding row.

*Figure 32 Subsidiary Information Table*

The Subsidiary Information table will be pre-populated if one or more subsidiary TINs were provided during registration or during a previous reporting period. If no subsidiary TINs were previously provided during registration or during a previous reporting period, the table will have a title row but will otherwise have no data. Reporting entities must complete the table by using the required input fields below the table. **Reporting entities must add all subsidiaries that meet the definition of “eligible health care providers,” even if there is no General Distribution payment to report on and even if subsidiaries did not receive a PRF payment.**

**For the purposes of PRF reporting, “eligible health care providers” are defined as public entities, Medicare or Medicaid enrolled suppliers and providers, and such for-profit entities and not-for-profit entities as the Secretary may specify, within the United States (including territories), that provide diagnoses, testing, or care for individuals with possible or actual cases of COVID-19.**

To add a subsidiary to the table, the reporting entity must enter a nine-digit TIN; and, if applicable, check the box ‘I am a parent reporting on this TIN’s General Distribution payment(s).’ **Information is only saved after it has been added to the table. Once the tables are complete, they will not be saved until the red ‘Save & Exit’ or blue ‘Save & Next’ button is clicked.**

To assist with the reporting process, reporting entities have the option to download a list of subsidiaries as a spreadsheet after completing the table by clicking the ‘Download List of Subsidiaries (Spreadsheet)’ button. This summary can be used to confirm the correct TIN(s) of

subsidiaries have been entered. **It is very important that the table of subsidiaries is correct because the reporting entity will only be able to report on a subsidiary's General Distribution payment if the subsidiary TIN is correct in this table and if the box 'I am a parent reporting on this TIN's General Distribution payment(s)' is selected.**

If the portal user has not completed the 'TIN of Subsidiary' field, a red error message will appear as shown in *Figure 33 Subsidiary Information Table - Required Field Validation*. The user will not be able to proceed to the next page until the field has been completed without errors.

**Subsidiary Information**

The table below should include all subsidiaries that are "eligible health care providers". Additional subsidiary TINs must be added one at a time by using the +Add button below. Information is only saved after it has been added to the table. Information in the table may be edited by clicking on the pencil icon. To delete a row of data, click on the Delete button.

\* **Eligible health care providers** are public entities, Medicare or Medicaid enrolled suppliers and providers, and such for-profit entities and not-for-profit entities as the Secretary may specify, within the United States (including territories), that provide diagnoses, testing, or care for individuals with possible or actual cases of COVID-19.

1	444777469	<input checked="" type="checkbox"/>		

To add additional subsidiary TIN(s), enter each 9-digit TIN one at a time. Check the box "Reporting on General Distribution" if applicable. Click on the '+Add' button to save data to the table above.

\* TIN of Subsidiary

Complete this field.

Please fill out this field.

☐ I am a parent reporting on this TIN's General Distribution payment(s)?

[+ Add](#)

*Figure 33 Subsidiary Information Table - Required Field Validation*

After the table has been populated, the 'TIN of Subsidiary' and 'Parent Reporting on General Distribution' column may be edited by clicking on the pencil icon (). If there is a mistake in the table, the subsidiary may be completely deleted from the table by clicking on the trash bin icon (). A pop-up confirmation will appear asking if the deletion is needed.

Users should add a 'TIN of Subsidiary' into the table using the input fields, by selecting if 'I am a parent reporting on this TIN's General Distribution payment(s)?' and pressing the green '+Add' button. The TIN will be inserted into the table and automatically validated against HRSA's PRF payment file. If the subsidiary TIN did not receive a PRF payment in the corresponding Payment Received Period, the message "TIN not found in the PRF payment file" is shown in the 'Error Message' column. TINs with error messages are automatically moved to the top of the table for easy identification. **Reporting entities should keep in mind that they are required to enter subsidiary TINs of eligible health care providers, but they do not need to check the box 'I am a parent reporting on this TIN's General Distribution payment(s)?' for TINs without payments in the current reporting period.** A pop-up will appear reminding the reporting entity to carefully review the information for accuracy. After users have completed all the required data entry fields, they will be able to advance to the next step in the reporting process, [Step 5 - Payments to Recipients](#). Users must click the blue 'Save & Next' button to proceed to the next page.

If a user has reported in a previous reporting period or revised a previous report, the Acquired/Divested/Merged table will contain data from the previous reporting period(s). The user must ensure data is accurate. Because the periods of availability of funds overlap, data entered during previous reporting period(s) should be accurate.

## 4.6 STEP 5 – PAYMENTS TO RECIPIENTS

The user is directed to the Payments to Recipient page after successfully completing [Step 4 – Subsidiary Data](#) or if they answered ‘No’ to the following questions in [Step 3 – Subsidiary Questionnaire](#):

- Do you have any subsidiaries that are “eligible health care providers”\*?
- Did you acquire, divest or merge subsidiaries that are “eligible health care providers”\* and that received PRF payments during the period of availability of funds?

The read-only tables of information presented in [Step 5 - Payments to Recipients](#) highlight the payments made to the reporting entity (and its subsidiaries, if applicable) within the Payment Received Period that corresponds to the current Reporting Period as shown in [Table 1 Reporting Periods](#). Information is pre-populated, including the type of PRF distribution. ***As a reminder, payments made to subsidiaries will be included in the summary tables based on the subsidiary information entered on the previous Subsidiary Data page.***

The user may download a spreadsheet with all payment information shown on the Payments to Recipients page by clicking the green ‘Provider Relief Fund Payments (Spreadsheet)’ button as shown in [Figure 34 Provider Relief Fund Payments \(Spreadsheet\)](#). This functionality is intended to assist portal users in reconciling the payment amounts for the reporting period and the download is recommended but not required.

**Reporting Period 4 (January 1, 2023 to March 31, 2023) Report**

[Need help on this page?](#)

**Payments to Recipient: July 1, 2021 - December 31, 2021**

If applicable, the payments reflected on this page: American Rescue Plan (ARP) Rural, Provider Relief Fund General Distribution, Provider Relief Fund Targeted Distribution and Nursing Home Infection Control Payments.

PRF recipients must report October 1, 2022 through March 31, 2023 on payments received July 1, 2021 through December 31, 2021. You must verify that each payment made to you (and any subsidiaries on whose behalf you are reporting, if applicable) from July 1, 2021 through December 31, 2021 is shown in one of the tables below and that payment information is accurate. Payment information will be accurate only if questions on the Subsidiary Questionnaire and (if applicable) information in the Subsidiary Data table on the previous page(s) are correct. You may download a spreadsheet with all of the payment information shown below by clicking the green 'Provider Relief Fund Payments-- Current Reporting Period (Spreadsheet)' button below.

During this reporting period, PRF recipients will not be able to report on PRF payments made outside of the payment received period July 1, 2021 through December 31, 2021.

Rural Health Clinic (RHC) COVID-19 Testing Program payments and/or RHC COVID-19 Testing and Mitigation Program payments made to PRF recipients are not included in the summary tables below as these payments are separate reporting requirements.

If you believe that the payment information below is incorrect, verify that the subsidiary questionnaire and subsidiary data tables on the previous portal pages are correct. If you are unable to certify the accuracy of the payment information below, contact the Provider Support Line before proceeding with reporting.

**Previous Save & Exit Save & Next**

*Figure 36 ARP Rural Distribution Payments Subsidiary Attestation*

The tables displayed on this portal page summarize all payments made during the Payment Received Period corresponding to the reporting period:

1. Total American Rescue Plan (ARP) Rural Payments
2. Total Nursing Home Infection Control Payments (includes QIP payments)<sup>10</sup>
3. Total Other PRF Payments [i.e., all General Distribution payments and Other Targeted Distribution Payments (Other Targeted Distribution payments are defined as Targeted Distribution payments except for those that are Nursing Home Infection Control)]
4. Total Rejected Payments (Attestation Rejected).<sup>11</sup> Reporting entities that reject the attestation upon receipt of payment will not be able to report on these rejected payments. If a reporting entity rejects the attestation for a payment and later decided to keep the payment and report on it, the recipient must contact the Provider Support Line for instructions on how to reverse

<sup>10</sup> Only select providers were eligible for, and received, these payments. While this is the formal title of the Distribution, it is known informally as Nursing Home Infection Control.

<sup>11</sup> reporting entities do not need to report on the Rejected Payments. This table is shown to assist reporting entities in ensuring that rejected payments are returned to HRSA as required. [If you've recently returned a full or partial payment, please wait 2-3 weeks for it to appear in the PRF Reporting Portal. Full returns will display in the Total Rejected Payments (Attestation Rejected) table on the Payments to Recipient page. Partial return will display under the column of "Amount Returned" under the "Total Skilled Nursing Facility and Nursing Home Infection Control Payments" table and "Total Other Provider Relief Fund Payments" table.]

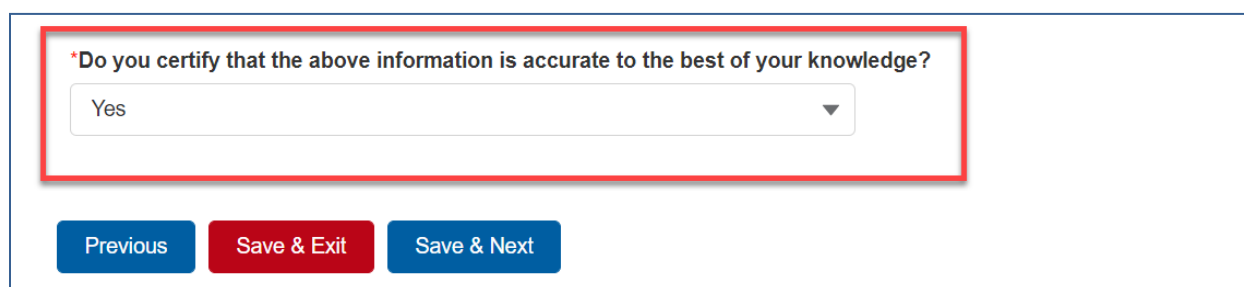

the rejection of the attestation. Rejected payments are not included in the total payments on which reporting entities are required to report. *Please note, if the attestation was rejected, the recipient should have returned the payment within 15 days of the rejection in accordance with the payment Terms and Conditions. Reporting entities that do not return payments in a timely manner will be sent to debt collection.*

Each table on the Payments to Recipient page will have column headers and payment information if a payment was received during the corresponding Payment Received Period. The payment period summary table can be used to confirm for each payment: (1) TIN of recipient, (2) distribution type<sup>12</sup>, (3) (dollar) amount deposited (*i.e.*, amount of original payment), (4) (dollar) amount returned (by recipient)<sup>13</sup>, (5) dollar amount retained (calculated as amount deposited – amount returned), and (6) attestation date. The Attestation Date field will be blank if the attestation was accepted by default. **If a recipient retains a PRF and/or ARP Rural payment for at least 90 days without attesting to or rejecting the payment Terms and Conditions, the recipient is deemed to have accepted the Terms and Conditions by default.**

Nursing Home Infection Control payments are separated from all General Distribution and Other Targeted Distribution payments because the funds may only be used for specific purposes as indicated in the payment Terms and Conditions. Reporting entities will report on the expenses for the Nursing Home Infection Control payments separately from expenses for other payments. ***Note:** Payments are only included in the Payments to Recipients tables if the information entered on the Subsidiary Questionnaire and (if applicable) in the Subsidiary Data table on the previous page(s) are accurate. For any reporting entity that is a subsidiary and indicated that a parent is reporting on behalf of its General Distribution payment(s), the reporting entity will not see those General Distribution payments in the applicable tables. Reporting entities that are parent entities will never see the Targeted Distribution payments of their subsidiaries in the applicable tables because parent entities are not allowed to report on their subsidiaries' Targeted Distribution payments.*

The reporting entity must certify the accuracy of the information at the bottom of this page before preceding to the next step of reporting. If the information is accurate, users must select 'Yes' and click the 'Save & Next' button as shown in *Figure 37 Certify Accuracy of Information*.

\*Do you certify that the above information is accurate to the best of your knowledge?

Yes ▼

*Figure 37 Certify Accuracy of Information*

<sup>12</sup> Nursing Home Infection Control payments are a type of Targeted Distribution payment, but in order to distinguish from other Targeted Distribution payments for the purposes of reporting, they are labeled Infection Control payments on this portal page.

<sup>13</sup> There may be a significant delay between the time a payment is returned and when the payment is reconciled by HRSA.

If the information on this page is not accurate, portal users should select 'No' and provide a description of the reason the information is inaccurate in the 'Dispute Comments' data entry field as shown in *Figure 38 Certify Accuracy of Information- Dispute Comments*. This field will appear only if 'No' is selected. The reporting entity must enter a text narrative in the Dispute Comments field and click 'Save & Next.' The portal user is then asked to call the Provider Support Line to resolve the incorrect payment data. **The reporting entity must resolve the dispute as soon as possible as they will be unable to proceed to the next step in the reporting process until the dispute is resolved.** To resolve the dispute, the reporting entity must: 1) **complete the Dispute Comments data entry field, and 2)** call the Provider Support Line at (866) 569-3522; for TTY dial 711. Hours of operation are 8:00 a.m. to 10:00 p.m. Central Time, Monday through Friday, while the portal is open for reporting. **Users should note that the dispute comment is not sent to HRSA but is a way for the user to take notes on information they believe is inaccurate.**

\*Do you certify that the above information is accurate to the best of your knowledge?

No

Please contact the Provider Support Line at (866) 569-3522 (TTY dial 711) for assistance with the dispute process. The hours of operation are 8 a.m. to 10 p.m. Central Time, Monday through Friday. Hours of operation are subject to change. Please use the text box below to enter any comments or notes that may be helpful and exit the portal by clicking 'Save & Exit'.

**The reporting entity will be able to proceed with the reporting process only after the user is able to certify the accuracy of the information on this portal page.**

If a reporting entity certifies that the information on this portal page is accurate but has not received PRF and/or ARP Rural payments exceeding **\$10,000 in the aggregate during the Payment Received Period** corresponding to the reporting period as shown in *Table 1 Reporting Periods*, the reporting process will not proceed and the user will receive a pop-up message as shown in *Figure 40 \$10,000 or Less Pop-Up*. Reporting entities will not be able to report on the use of funds if their payments during the Payment Received Period do not exceed \$10,000 in the

aggregate. Users should click ‘Save & Exit’ to return to the Reporting Portal Home Page if they are not required to report.

**At this time, no further action is required because you received \$10,000 or less in payments during the payment received period.**

---

At this time, no further action is required because the recipient received \$10,000 or less in payments during the payment received period.

Click ‘Save & Exit’ to exit the portal.

*Figure 40 \$10,000 or Less Pop-Up*

Only after reporting entities have certified the accuracy of the information on this portal page will they be able to advance to the next step in the reporting process, [Step 6 - Interest Earned on Payments, Tax Information, and Single Audit Information](#). Portal users must click the blue ‘Save & Next’ button to proceed to the next page.

## **4.7 STEP 6 – INTEREST EARNED ON PAYMENTS, TAX INFORMATION, AND SINGLE AUDIT INFORMATION**

### **Interest Earned**

If a reporting entity received more than \$10,000 in aggregate in PRF and/or ARP Rural payments for the Payment Received Period corresponding to the current reporting period, the reporting entity is directed to [Step 6 – Interest Earned on Payments, Tax Information, and Single Audit Information](#). On this page, the reporting entity is required to answer the conditional questions regarding interest earned on PRF and/or ARP Rural payments received “Amount of interest earned on Total Nursing Home Infection Control payments from payment date until expense date, if applicable” conditionally displayed if Nursing Home Infection Control (NHIC) funds were received, “Amount of interest earned on Total American Rescue Plan (ARP) Rural payments from payment date until expense date, if applicable” conditionally displayed if ARP Rural funds were received, “Amount of interest earned on Phase 4 General Distribution payments from payment date until expense date, if applicable” conditionally displayed if Phase 4 General Distribution funds were received<sup>14</sup> and “Amount of interest earned on Other PRF Payments from payment date until expense date, if applicable” conditionally displayed if Other PRF payment funds were received), tax information, and Single Audit Information as shown in [Figure 41 Interest Earned on Payments ,Tax Information and Single Audit Information \(with Conditional Nursing Home Infection Control Interest Field\)](#) and [Figure 42 Interest Earned on Payments, Tax Information and Single Audit Information](#).

<sup>14</sup> HRSA requires recipients of ARP Rural and PRF Phase 4 payments to hold those payments in an interest-bearing account. Reporting entities must report on the dollar value of interest earned on all retained ARP Rural payments separately from PRF Distributions. The total reportable amount of ARP Rural and PRF payments will include the interest earned.

*Figure 42 Interest Earned on Payments, Tax Information and Single Audit Information*

If PRF and/or ARP Rural payments were held in an interest-bearing account, these interest amounts must be reported to HRSA and must be used only for allowable expenses or lost revenues. If interest is earned on PRF and/or ARP Rural payments received in the Payment Received Period corresponding to the current reporting period, interest must be applied toward a reportable use of funds.<sup>15</sup> Interest should be calculated from the date the payment was received until the date of expenditure (or the date of return in the case of unused PRF and/or ARP Rural payments). Interest must be broken down into four categories: (1) total amount of interest earned on NHIC Payments (if applicable), (2) total amount of interest earned on ARP Rural payments (if applicable), (3) total amount of interest earned on Phase 4 General Distribution payments (if applicable) and (4) total amount of interest earned on all Other PRF Payments. The total amount of interest reported must be a number with up to two decimal points. A zero (0) value must be entered if the PRF and/or ARP Rural payments were not held in an interest-bearing account or if no interest was earned on the payments.

### Federal Tax Classification

The reporting entity must select from a drop-down list to choose the federal tax classification, the designated business type associated with the reporting entity's primary TIN used for filing taxes. The reporting entity may refer to IRS Form W-9 for information regarding the federal tax

<sup>15</sup> If interest is earned on funds that are only partially expended, the interest earned on remaining unused funds must be calculated, reported, and returned.

classification, Exempt Payee Code (optional), and Exempt from Foreign Account Tax Compliance Act status (optional). Federal tax classification may be reported as Individual/Sole proprietor or Single-Member LLC, C Corporation, S Corporation, Partnership, Trust/Estate, or Other. If the reporting entity selects ‘Other,’ a new data entry field will appear, and the reporting entity will have to specify the designated business type as shown in *Figure 43 Federal Tax Classification*. The reporting entity may opt to enter the same Exempt Payee Code and Exempt from Foreign Account Tax Compliance Act (FATCA) Reporting Code as designated on their IRS Form W-9. The drop-down lists for these fields are the same as the available selections on IRS Form W-9.

## Single Audit Information

Recipients that expend a total of \$750,000 or more in federal funds (including PRF and/or ARP Rural payments and other federal financial assistance) during their fiscal year are subject to Single Audit requirements, as set forth in the regulations at 45 CFR § 75 Subpart F. The Schedule of Expenditures of Federal Awards (SEFA) audit is typically performed by an independent certified public accountant (CPA).

Non-federal entities must have a Single Audit conducted in accordance with 45 CFR § 75.514 that must be submitted electronically to the [Federal Audit Clearinghouse](#).

Commercial organizations have two options under 45 CFR § 75.216(d) and § 75.501(i): 1) a financial related audit of the award or awards conducted in accordance with Generally Accepted Government Auditing Standards; or 2) an audit in conformance with the requirements of 45 CFR § 75.514 - Single Audit). Audit reports of commercial organizations must be submitted via email to HRSA's Division of Financial Integrity at [PRFaudits@hrsa.gov](mailto:PRFaudits@hrsa.gov).

The reporting entity must complete the Audit Requirement table on this portal page by indicating for Fiscal Years 2019, 2020, 2021, and 2022, whether the recipient was subject to audit (45 CFR § 75 Subpart F) and whether PRF and/or ARP Rural payments were included in the audit by checking the appropriate boxes. While these data entry fields must be completed accurately, the fields should only be checked as appropriate.

Only after users have completed all the required data entry fields without any error messages appearing in red, will they be able to advance to the next step, [Step 7 – Payments Summary](#), in the reporting process. Users must click the blue 'Save & Next' button to proceed to the next

page, [Step 7 – Payments Summary](#). To return to a previous page, users should click the blue ‘Previous’ button. Portal users should exit the PRF Reporting Portal when they are not actively entering data and should do this by clicking the red ‘Save & Exit’ button. **Portal users should not exit the portal by closing the browser window or navigate away from the current page using the browser window as data entered on the current page will not be saved.**

**If a user has reported in a previous reporting period or revised a previous report**, some of the information on the Interest earned on Payments, Tax Information, and Single Audit page will pre-populate with previously reported data. Edits may be made to the pre-populated data and all required fields must contain a response. **Once pre-populated data has been altered, the portal cannot revert it back in case of error and information will need to be re-entered.** Please confirm all information is accurate and up-to-date before proceeding to the next screen. *Note: Interest earned will not be pre-populated.*

## 4.8 STEP 7 – PAYMENTS SUMMARY

The Payments Summary page is pre-populated based on the reporting entity’s answers to previous questions and payments received during the Payment Received Period which corresponds to the current reporting period as shown in [Table 1 Reporting Periods](#). There is no validation or data entry required on the read-only Payments Summary page. The reporting entity should carefully review the dollar amounts shown and click ‘Save & Next’ if all amounts are correct. If the payment information does not appear correct, the reporting entity should navigate to the previous pages and ensure the data was entered correctly.

The [Step 7 – Payments Summary](#) page will display total reportable payment amounts as shown in [Figure 45 Payments Summary: July 1, 2021 – December 31, 2021](#). The reportable payment amounts do not include payments received by the reporting entity and/or its subsidiaries outside of the current reporting period or where the attestation for the payment was rejected.

PRF and/or ARP Rural payments received and retained are reportable as is any interest earned on those payments. The summary on this page includes the following:

- Total American Rescue Plan (ARP) Rural Payments (if applicable)
- Total NHIC Distribution (includes QIP) Payments<sup>16</sup> (if applicable)
- Total Other PRF Payments (includes all General Distributions including Phase 4) and all Other Targeted Distribution Payments)
- Total Interest Earned on ARP Rural Payments
- Total Interest Earned on NHIC Payments (if applicable, as reported during [Step 6 – Interest Earned on Payments, Tax Information, and Single Audit Information](#))
- Total Interest Earned on Other PRF Payments (as reported during [Step 6 – Interest Earned on Payments, Tax Information, and Single Audit Information](#))
- Total Interest Earned on Phase 4 General Distribution Payments

---

<sup>16</sup> Abbreviated from formal name “Skilled Nursing Facility and Nursing Home Infection Control Distribution Payments.”

- Gross Payments (including Interest Earned) – Calculated as  
Total of 'Total American Rescue Plan (ARP) Rural Payments' + 'Total Nursing Home Infection Control Payments' + 'Total Other PRF Payments (Including Phase 4)' + 'Total Interest Earned on ARP Rural Payments' + 'Total Interest Earned on Nursing Home Infection Control Payments' + 'Total Interest Earned on Other PRF Payments' + 'Total Interest Earned on Phase 4 General Distribution Payments'
- Total Returned Payments – Calculated as Amount Returned' from ARP Rural Payments + 'Amount Returned' from Nursing Home Infection Control Payments + 'Amount Returned' from Other PRF Payments (Including Phase 4) Total Reportable NHIC Payments (if applicable) – Calculated as Total NHIC Payments + Total Interest Earned on NHIC Payments
- Sum of 'Total ARP Rural Payments' plus 'Total Interest Earned on ARP Rural Payments' (from the Payment Summary page) minus 'Amount Returned' from the Total ARP Rural Payments Total Reportable Other PRF Payments – Calculated as Total Other PRF Payments + Total Interest Earned on Other PRF Payments
- Total Reportable Payments – Calculated as Total Other PRF Payments (Including Phase 4)' + 'Total Interest Earned on Other PRF Payments' plus 'Total Interest Earned on Phase 4 General Distribution Payments' minus 'Amount Returned' from Other PRF Payments (Including Phase 4)

Users must click the blue 'Save & Next' button to proceed to the next page, [Step 8 - Other Assistance Received](#). To return to a previous page, users should click the blue 'Previous' button. Portal users should exit the PRF Reporting Portal when they are not actively entering data and should do this by clicking the red 'Save & Exit' button. **Portal users should not exit the portal**

by closing the browser window or navigate away from the current page using the browser window as data entered on the current page will not be saved.

## 4.9 STEP 8 – OTHER ASSISTANCE RECEIVED

The [Step 8 – Other Assistance Received](#) page is comprised of one large table where reporting entities must report other related assistance received by the reporting entity (and its subsidiaries included in reporting as applicable), by quarter, during the period of availability that corresponds to the current reporting period as shown in [Figure 46 Other Assistance Received](#) (Refer to: [Table 1 Reporting Periods](#).) **The information reported in this table is not used in subsequent calculations in the portal.**

**If a user has reported in a previous reporting period or revised a previous report**, some of the information on the Other Assistance Received page will pre-populate. All required data must be entered without error messages. Edits may be made to the pre-populated data and all required fields must contain a response. Once pre-populated data has been altered, the portal cannot revert it back in case of error and information will need to be re-entered. Please confirm all information is accurate and up-to-date before proceeding to the next screen.

Automated calculations will appear by row and column. The 'tab' key may be used to navigate between cells during data entry. All cells are required data entry fields, and entries are restricted to 14 digits including up to two decimals. Negative numbers may not be entered. If zero, the reporting entity must enter a '0'. If the reporting entity is reporting on behalf of subsidiaries, the assistance received for each category must be aggregated across each of the subsidiaries included in the report. **The Other Assistance Received reported to HRSA will not be used in the calculation of expenses or lost revenues.** Reporting entities are expected to make a determination of their expenses applied to PRF and/or ARP Rural payments after considering Other Assistance Received and taking into account that PRF and/or ARP Rural payments may not be used for expenses or lost revenues that other sources have reimbursed or that other sources are obligated to reimburse.

**Reporting Period 4 (January 1, 2023 to March 31, 2023) Report**

[Need help on this page?](#)

**Other Assistance Received**

This page may contain pre-populated information from registration or a previous report(s). Please ensure that the information is accurate before proceeding.

On this worksheet, you must enter other assistance received by quarter during the period of availability (January 1, 2020 to December 31, 2022). All fields marked with an asterisk are required. If zero, you must enter a '0'. The number entered may be a value up to 14 digits, including 2 decimal places. If you are reporting on behalf of subsidiaries, the assistance received by these subsidiaries should be included in the report. The 'Tab' key may be used to navigate between cells during data entry.

**All Other Assistance Received must be reported on this page. Do not include payments on this page if they are Provider Relief Fund General Distribution, Provider Relief Fund Targeted Distribution, American Rescue Plan (ARP) Rural and Nursing Home Infection Control Payments.**

<b>Total</b>													

[Previous](#)
[Save & Exit](#)
[Save & Next](#)

*Figure 46 Other Assistance Received*

The reporting entity must enter Other Assistance Received by calendar year quarters in the period of availability of funds that corresponds to the current reporting period. Calendar year quarters are defined as follows:

- Quarter 1 (Q1): January 1 – March 31
- Quarter 2 (Q2): April 1 – June 30
- Quarter 3 (Q3): July 1 – September 30
- Quarter 4 (Q4): October 1 – December 31

Other Assistance Received will be reported for the period of availability by calendar year quarter for the reporting entity (and its subsidiaries included in reporting) as follows:

- **Rural Health Clinic (RHC) COVID-19 Testing Funds Received:** There are two rows to display RHC payments. The RHC payments are auto-populated by the Reporting Portal.
  - *RHC COVID-19 Testing:* Total amount of RHC payments received for COVID-19 Testing.

- *RHC COVID-19 Testing and Mitigation*: Total amount of RHC payments received for COVID-19 Testing and Mitigation.
- **Department of the Treasury (Treasury) and/or Small Business Administration (SBA) Assistance**: Total amount of COVID-19-related relief received from Treasury and/or SBA, including the PPP, by the reporting entity during the period of availability.
- **Federal Emergency Management Agency (FEMA) Programs**: Total amount of COVID-19-related relief received from FEMA by the reporting entity during the period of availability.
- **HHS CARES Act Testing**: Total amount of relief received from HHS by the reporting entity for COVID-19 testing-related activities during the period of availability.
- **Local, State, and Tribal Government Assistance**: Total amount of COVID-19-related relief received by the reporting entity from other Local, State, or Tribal government sources during the period of availability.
- **Business Insurance**: Paid claims against insurance policies intended to cover losses related to various types of health care business interruption during the period of availability.
- **Other Assistance**: Total amount of other federal and/or COVID-19-related assistance received by the reporting entity during the period of availability.

Loan programs such as the Centers for Medicare and Medicaid Systems (CMS) Advanced and Accelerated Payments are expected to be reported as Other Assistance Received when reporting. The Other Assistance Received reported to HRSA will not be used in the calculation of expenses or lost revenues. Reporting entities are expected to make a determination of their expenses applied to PRF and/or ARP Rural payments after considering Other Assistance Received and taking into account that PRF and/or ARP Rural payment may not be used for expenses or lost revenues that other sources have reimbursed or that other sources are obligated to reimburse. If the reporting entity is reporting on behalf of subsidiaries, the assistance received for each category must be aggregated across each of the subsidiaries included in the report.

***Note:** If the reporting entity received funds from the RHC COVID-19 Testing Program and/or the RHC COVID-19 Testing and Mitigation Program, the total dollar amount received will be pre-populated in the table of Other Assistance Received in the first row. RHC COVID-19 Testing Program and RHC COVID-19 Testing and Mitigation Program payments **are not** PRF payments. If you received RHC COVID-19 Testing funds Program and/or RHC COVID-19 Testing and Mitigation Program, you are required to report separately on the use of those funds at <https://www.rhccovidreporting.com>.*

An error message in red will appear if the required fields are missing information or are not formatted properly as shown in *Figure 47 Other Assistance Received – Error Message*.

Users must click the blue ‘Save & Next’ button to proceed to [Step 11 – Nursing Home Infection Control \(NHIC\) Expenses for Payments Received During Reporting Period](#). To return to a previous page, users should click the blue ‘Previous’ button. Portal users should exit the PRF Reporting Portal when they are not actively entering data and should do this by clicking the red ‘Save & Exit’ button. **Portal users should not exit the portal by closing the browser window or navigate away from the current page using the browser window as data entered on the current page will not be saved.**

#### 4.10 STEP 9 – USE OF ARP RURAL DISTRIBUTION PAYMENTS (IF APPLICABLE) FOR ELIGIBLE EXPENSES

The reporting entity will report on expenses paid for with ARP Rural payments (including any interest earned). Expense categories will include General and Administrative and/or other Health Care-Related Expenses by calendar year quarter.

**Reporting Period 4 (January 1, 2023 to March 31, 2023) Report**

[Need help on this page?](#)

**American Rescue Plan (ARP) Rural Expenses for Payments Received During Payment Period: July 1, 2021 – December 31, 2021**

On this worksheet, you are required to report on your use of all ARP Rural payments received July 1, 2021 – December 31, 2021 for allowable expenses. You must report on the use of these payments by indicating the quarterly expenses reimbursed with these payments. If you did not use these payments to reimburse allowable expenses, you may enter zero. As a reminder, ARP Rural payments must be used for expenses unreimbursed by other sources and that other sources are not obligated to reimburse.

Please see the [PRF Reporting User Guide](#) for detailed instructions. Further definitions are located in the [Post-Payment Notice of Reporting Requirements](#).

All fields marked with an asterisk are required. The number entered may be a value up to 14 digits including 2 decimal places. If expenses are zero, the reporting entity must enter a '0'. The 'Tab' key may be used to navigate between cells during data entry.

Expenses are reported by calendar year quarter (Q).

Q1: January 1 – March 31  
Q2: April 1 – June 30  
Q3: July 1 – September 30  
Q4: October 1 – December 31

**Total ARP Rural Payments = \$45,100**

Use this expense sheet for all of your ARP Rural payments, including those that were allocated to qualifying subsidiaries

[Save & Exit](#)
[Save & Next](#)

*Figure 48 American Rescue Plan (ARP) Rural Expenses*

Parent entities that received ARP Rural Distribution payments on behalf of their subsidiaries must report and attest to the following:

- The parent distributed ARP Rural payments in accordance with HRSA's instructions.
- The parent will complete a consolidated report on how it used the payments.

## 4.11 STEP 10 – USE OF ARP RURAL DISTRIBUTION PAYMENTS (IF APPLICABLE) FOR LOST REVENUES

Reporting entities may apply ARP Rural amounts not fully expended on health care-related expenses attributable to COVID-19 to patient care lost revenues up to the end of the quarter in which the Public Health Emergency ends, if applicable. Recipients may choose to apply ARP Rural payments toward lost revenues using one of three options, up to the amount:

- **Option i:** of the difference between actual patient care revenues.
- **Option ii:** of the difference between budgeted (approved prior to March 27, 2020) and actual patient care revenues.
- **Option iii:** calculated by any reasonable method of estimating revenues.

*Figure 49 American Rescue Plan (ARP) Rural Expenses*

## 4.12 STEP 11 – NURSING HOME INFECTION CONTROL (NHIC) EXPENSES FOR PAYMENTS RECEIVED DURING PAYMENT PERIOD

After [Step 8 – Other Assistance Received](#) is complete, the reporting entity is directed to report on the use of NHIC Distribution payments<sup>17</sup> received during the Payment Received Period that corresponds to the current Reporting Time Period. If the reporting entity *did not* receive NHIC Payments during the applicable Payment Received Period, this page will be skipped and the user will be taken directly to [Step 12 – Other PRF Expenses for Payments Received During Payment Period](#).

The Total Reportable NHIC Distribution payment amount is shown in **bold** above the table and corresponds to the same value displayed in [Step 7 – Payments Summary](#). As a reminder, the total reportable NHIC payment amount includes the total dollar value of payments received during the corresponding Payment Received Period in addition to interest earned on those payments (as reported on the previous page). The total dollar value of expenses reported on this page may not exceed the dollar value of the Total Reportable NHIC Payments. The purpose of this worksheet is for the reporting entity to show HRSA how NHIC Distribution payments were applied toward

<sup>17</sup> Nursing Home Infection Control Payments are Targeted Distributions with associated Terms and Conditions and include QIP payments.

expenses during the period of availability. Expenses that were not reimbursed with NHIC Distribution payments should not be reported on this page.

The reporting entity will report on the use of all NHIC Distribution (including QIP) payments by entering the calendar year quarterly expenses unreimbursed by other sources and those other sources were not obligated to reimburse that were applied to these payments. The 'tab' key may be used to navigate between cells during data entry. All data entry fields must be completed, each cell is limited to 14 digits, including up to two decimal places, and all values must be positive. If expenses are zero, the reporting entity must enter a '0.' Totals will automatically calculate by corresponding column and row as information is entered. Expenses must be reported by calendar year quarter.

Calendar year quarters are defined as follows:

- Quarter 1 (Q1): January 1 – March 31
- Quarter 2 (Q2): April 1– June 30
- Quarter 3 (Q3): July 1– September 30
- Quarter 4 (Q4): October 1 – December 31

As outlined in the most recently published Post-Payment Notice of Reporting Requirements, NHIC Distribution payments may be used for infection control expenses limited to those outlined in the Terms and Conditions as follows:

- Costs associated with administering COVID-19 testing;
- Reporting COVID-19 test results to local, state, or federal governments;
- Hiring staff to provide patient care or administrative support;
- Providing additional services to residents; or
- Other expenses incurred to improve infection control.

Reporting entities that received between **\$10,000.01 and \$499,999 in aggregated PRF and/or ARP Rural payments during the Payment Received Period** (shown in the table on [Step 7 – Payments Summary](#)) are required to report by calendar quarter on the use of NHIC Distribution payments in two categories: (1) G&A Expenses and (2) Healthcare Related Expenses as shown in *Figure 50 Nursing Home Infection Control Expenses- Between \$10,000.01 and \$499,999*.

**Reporting Period 4 (January 1, 2023 to March 31, 2023) Report**

[Need help on this page?](#)

**Nursing Home Infection Control Expenses for Payments Received During Payment Period: July 1, 2021 – December 31, 2021**

On this worksheet, you are required to report on your use of Nursing Home Infection Control payments received July 1, 2021 – December 31, 2021 for allowable expenses. As a reminder, Nursing Home Infection Control payments include payments made as part of the Quality Incentive Payment Program. You must report the use of these payments for allowable expenses by indicating the quarterly expenses reimbursed with these payments. If you did not use these payments to reimburse allowable expenses, you may enter zero. As a reminder, Provider Relief Fund payments must be used for expenses unreimbursed by other sources and that other sources are not obligated to reimburse. Nursing Home Infection Control Payments may be used for infection control expenses limited to those outlined in the [Terms and Conditions](#) of payment. They may not be used to reimburse lost revenues.

Please see the [PRF Reporting User Guide](#) for detailed instructions. Further definitions are located in the [Post-Payment Notice of Reporting Requirements](#).

All fields marked with an asterisk are required. The number entered may be a value up to 14 digits, including 2 decimal places. If expenses are zero, the reporting entity must enter a '0'. The 'Tab' key may be used to navigate between cells during data entry.

Expenses are reported by calendar year quarter (Q).

*Figure 50 Nursing Home Infection Control Expenses- Between \$10,000.01 and \$499,999*

Reporting entities that received **\$500,000 or more in aggregated PRF and/or ARP Rural payments during the Payment Received Period** (shown in the table on [Step 7 – Payments Summary](#)) are required to report by calendar year quarter on the use of NHIC Distribution payments in greater detail than the two categories of G&A Expenses and Healthcare Related Expenses as shown in [Figure 51 Nursing Home Infection Control Expenses- \\$500,000 or More Table](#) according to the following sub-categories of expenses:

### **General and Administrative (G&A) Expenses for Nursing Home Infection Control Distribution Payments (includes QIP payments) Received During Payment Period**

- **Mortgage/Rent:** Payments related to mortgage or rent for a facility specifically for infection control.
- **Insurance:** Premiums paid for property, malpractice, business insurance, or other insurance relevant to operations for infection control.
- **Personnel:**<sup>18</sup> Workforce-related expenses as outlined in the Terms and Conditions such as personnel costs associated with administering COVID-19 testing; reporting COVID-19 test results to local, state, or federal governments; hiring staff to provide patient care or administrative support; providing additional services to residents; workforce training; and mentorship programs to improve infection control; or other personnel costs incurred for

<sup>18</sup> The Terms and Conditions associated with each PRF and/or ARP Rural payment do not permit recipients to use PRF and/or ARP Rural payments to pay any salary at a rate in excess of Executive Level II which is set at \$197,300 (2020), \$199,300 (2021), \$203,700 (2022). For the purposes of the salary limitation, the direct salary is exclusive of fringe benefits and indirect costs. The limitation only applies to the rate of pay charged to PRF and/or ARP Rural payments and other HHS awards. An organization receiving PRF and/or ARP Rural payments may pay an individual's salary amount in excess of the salary cap with non-federal funds.

infection control. Staffing, including temporary employee or contractor payroll and overhead employees, is included.

- **Fringe Benefits:** Extra benefits supplementing an employee's salary, which may include hazard pay, travel reimbursement, and employee health insurance. May only be charged in proportion to salary costs for infection control.
- **Lease Payments:** New equipment or software leases, fleet cars, and medical equipment that is not purchased and will be returned to its owner, so long as it is used for infection control.
- **Utilities/Operations:** Lighting, cooling/ventilation, cleaning, or additional third-party vendor services not included in the "Personnel" sub-category and whose purpose is for infection control.
- **Other General and Administrative Expenses:** Expenses not captured above that are for infection control and generally considered part of G&A expenses.

#### **Health Care-Related Expenses for Nursing Home Infection Control Distribution Payments (includes QIP payments) Received During Payment Period**

- **Supplies:** Expenses paid for purchase of supplies (*e.g.*, single use or reusable patient care devices, cleaning supplies, office supplies, etc.) used for the purpose of infection control during the period of availability. Such items may include personal protective equipment (PPE), hand sanitizer, and supplies for patient or staff COVID-19 testing, or expenses associated with distribution of a COVID-19 vaccine licensed or authorized by the Food and Drug Administration (FDA).
- **Equipment:** Expenses paid for purchase of equipment used for infection control, such as updates to Heating, Ventilation, and Air Conditioning (HVAC) systems or sanitizing equipment.
- **Information Technology (IT):** Expenses paid for IT or interoperability systems to expand or preserve infection control during the reporting period, such as telehealth infrastructure, increased bandwidth, technology that permits residents to connect with their families, and teleworking to support remote workforce.
- **Facilities:** Expenses such as lease or purchase of permanent or temporary structures, or to retrofit facilities to accommodate revised patient treatment practices to support infection control during the period of availability.
- **Other Health Care-Related Expenses:** Expenses not captured above that are for infection control and are health care-related expenses.

**Reporting Period 4 (January 1, 2023 to March 31, 2023) Report**

[Need help on this page?](#)

**Nursing Home Infection Control Expenses for Payments Received During Payment Period: July 1, 2021 – December 31, 2021**

On this worksheet, you are required to report on your use of Nursing Home Infection Control payments received July 1, 2021 – December 31, 2021 for allowable expenses. As a reminder, Nursing Home Infection Control payments include payments made as part of the Quality Incentive Payment Program. You must report the use of these payments for allowable expenses by indicating the quarterly expenses reimbursed with these payments. If you did not use these payments to reimburse allowable expenses, you may enter zero. As a reminder, Provider Relief Fund payments must be used for expenses unreimbursed by other sources and that other sources are not obligated to reimburse. Nursing Home Infection Control Payments may be used for infection control expenses limited to those outlined in the [Terms and Conditions](#) of payment. They may not be used to reimburse lost revenues.

Please see the [PRF Reporting User Guide](#) for detailed instructions. Further definitions are located in the [Post-Payment Notice of Reporting Requirements](#).

All fields marked with an asterisk are required. The number entered may be a value up to 14 digits, including 2 decimal places. If expenses are zero, the reporting entity must enter a '0'. The 'Tab' key may be used to navigate between cells during data entry.

Users must click the blue ‘Save & Next’ button to proceed to [Step 12 – Other Provider Relief Fund Expenses for Payments Received During Payment Period](#). To return to a previous page, users should click the blue ‘Previous’ button. Portal users should exit the PRF Reporting Portal when they are not actively entering data and should do this by clicking the red ‘Save & Exit’ button. **Portal users should not exit the portal by closing the browser window or navigate away from the current page using the browser window as data entered on the current page will not be saved.**

## 4.13 STEP 12 – OTHER PRF EXPENSES FOR PAYMENTS RECEIVED DURING PAYMENT PERIOD

After [Step 11 – NHIC Expenses for Payments Received During Reporting Period](#) is complete, the reporting entity is directed to report [Step 12 – Other PRF Expenses for Payments Received During Payment Period](#). On this page, the reporting entity is required to report on the use of all “Other PRF Payments” by indicating the quarterly expenses reimbursed with these payments. PRF payments must be used for expenses unreimbursed by other sources and that other sources are not obligated to reimburse. “Other PRF Payments” includes all General Distribution payments and Targeted Distribution payments, *except* for those payments categorized as NHIC<sup>19</sup> payments. The reporting entity must report the use of these payments by indicating the quarterly expenses reimbursed with these payments.

Reporting entities are required to:

- Maintain adequate documentation to substantiate that the PRF payments were used for healthcare related expenses or lost revenues attributable to COVID-19; and
- Ensure that those expenses or losses were not reimbursed from other sources, and other sources were not obligated to reimburse them.

The Total Reportable Other PRF Payment amount is shown in **bold** above the table and corresponds to the same value displayed in [Step 7 – Payments Summary](#). As a reminder, the Total Reportable Other PRF Payment amount includes the total dollar value of payments received during the corresponding Payment Received Period in addition to interest earned on those payments (as reported on the previous page). The total dollar value of expenses reported on this page may not exceed the Total Reportable Other PRF Payments. The purpose of this worksheet is for the reporting entity to show HRSA how Other PRF payment amounts were applied toward expenses during the period of availability. Expenses that were not reimbursed with Other PRF Payments should not be reported on this page. The reporting entity will report on the use of all Other PRF Payments by indicating the calendar year quarterly expenses (unreimbursed by other sources and that other sources were not obligated to reimburse) that the Other PRF Payments were used for. The 'tab' key may be used to navigate between cells during data entry. All data entry fields must be completed, are limited to 14 digits, and all values must be positive. If expenses are zero, the reporting entity must enter a ‘0.’ Totals will automatically calculate by corresponding column and row as information is entered. Expenses are reported by calendar year quarter.

Calendar year quarters are defined as follows:

- Quarter 1 (Q1): January 1 – March 31
- Quarter 2 (Q2): April 1 – June 30
- Quarter 3 (Q3): July 1– September 30
- Quarter 4 (Q4): October 1– December 31

---

<sup>19</sup> As a reminder, Nursing Home Infection Control payments include QIP payments.

Reporting entities that received **between \$10,000.01 and \$499,999 in aggregated PRF and/or ARP Rural payments during the Payment Received Period** (shown in the table on [Step 7 – Payments Summary](#)) are required to report on the use of Other PRF Payments in two categories: (1) G&A Expenses and (2) Healthcare Related Expenses as shown in *Figure 52 Other PRF Expenses- Between \$10,000.01 and \$499,999*.

**Reporting Period 4 (January 1, 2023 to March 31, 2023) Report**

**Other Provider Relief Fund Expenses for Payments Received (Including Phase 4) During Payment Period: July 1, 2021 – December 31, 2021**

On this worksheet, you are required to report on your use of all Other Provider Relief Fund payments (including Phase 4) received July 1, 2021 – December 31, 2021 for allowable expenses. You must report on the use of these payments by indicating the quarterly expenses reimbursed with these payments. If you did not use these payments to reimburse allowable expenses, you may enter zero. As a reminder, Provider Relief Fund payments must be used for expenses unreimbursed by other sources and that other sources are not obligated to reimburse.

Please see the [PRF Reporting User Guide](#) for detailed instructions. Further definitions are located in the [Post-Payment Notice of Reporting Requirements](#).

All fields marked with an asterisk are required. The number entered may be a value with up to 14 digits, including 2 decimal places. If expenses are zero, you must enter a '0'. The 'Tab' key may be used to navigate between cells during data entry.

Expenses are reported by calendar year quarter (Q):

Q1: January 1 – March 31  
Q2: April 1 – June 30  
Q3: July 1 – September 30  
Q4: October 1 – December 31

**Total Reportable Other PRF Payments (Including Phase 4) = \$95,100**

Other PRF Expenses	Q1 (2020)	Q2 (2020)	Q3 (2020)	Q4 (2020)	Q1 (2021)	Q2 (2021)	Q3 (2021)	Q4 (2021)	Q1 (2022)	Q2 (2022)	Q3 (2022)	Q4 (2022)	Total

Previous Save & Exit Save & Next

*Figure 52 Other PRF Expenses- Between \$10,000.01 and \$499,999*

Reporting entities that received **\$500,000 or more in aggregated PRF and/or ARP Rural payments during the Payment Received Period** (shown in the table on [Step 7 – Payments Summary](#)) are required to report on the use of Other PRF Payments in greater detail than the two categories of G&A Expenses and Healthcare Related Expenses as shown in *Figure 53 Other PRF Expenses- \$500,000 or More Table* according to the following sub-categories of expenses:

### **General and Administrative (G&A) Expenses for Other PRF Payments Received During Payment Period**

- **Mortgage/Rent:** Payments related to mortgage or rent for a facility.
- **Insurance:** Premiums paid for property, malpractice, business insurance, or other insurance relevant to operations.
- **Personnel:**<sup>20</sup> Workforce-related actual expenses paid to prevent, prepare for, or respond to COVID-19 during the reporting period, such as workforce training, staffing, temporary employee or contractor payroll, overhead employees, or security personnel.

<sup>20</sup> The Terms and Conditions associated with each PRF and/or ARP Rural payment do not permit recipients to use PRF and/or ARP Rural money to pay any salary at a rate in excess of Executive Level II which is set at \$197,300 (2020), \$199,300 (2021), \$203,700 (2022). For the purposes of the salary limitation, the direct salary is exclusive of fringe benefits and indirect costs. The limitation only applies to the rate of pay charged to PRF and/or ARP Rural payments and other HHS awards. An organization receiving PRF and/or ARP Rural funds may pay an individual's salary amount in excess of the salary cap with non-federal funds.

- **Fringe Benefits:** Extra benefits supplementing an employee's salary, which may include hazard pay, travel reimbursement, and employee health insurance.
- **Lease Payments:** New equipment or software leases, such as fleet cars and medical equipment that is not purchased and will be returned to the owner.
- **Utilities/Operations:** Lighting, cooling/ventilation, cleaning, or additional third-party vendor services not included in the "Personnel" sub-category.
- **Other General and Administrative Expenses:** Expenses not captured above that are generally considered part of General and Administrative expenses.

### Healthcare Related Expenses Attributable to COVID-19

- **Supplies:** Expenses paid for purchase of supplies (e.g., single use or reusable patient care devices, cleaning supplies, office supplies, etc.) used to prevent, prepare for, and/or respond to COVID-19 during the reporting period. Such items may include PPE, hand sanitizer, supplies for patient screening, or vaccination administration materials.
- **Equipment:** Expenses paid for purchase of equipment, such as ventilators, refrigeration systems for COVID-19 vaccines, or updates to HVAC systems.
- **Information Technology (IT):** Expenses paid for IT or interoperability systems to expand or preserve COVID-19 care delivery during the reporting period, such as electronic health record licensing fees, telehealth infrastructure, increased bandwidth, and teleworking to support remote workforce.
- **Facilities:** Expenses such as lease or purchase of permanent or temporary structures, or to retrofit facilities to accommodate revised patient treatment practices, used to prevent, prepare for, and/or respond to COVID-19 during the reporting period.
- **Other Healthcare Expenses:** Expenses, not previously captured above, that were paid to prevent, prepare for, and/or respond to COVID-19.

**Reporting Period 4 (January 1, 2023 to March 31, 2023) Report**

[Need help on this page?](#)

**Other Provider Relief Fund Expenses for Payments Received (Including Phase 4) During Payment Period: July 1, 2021 – December 31, 2021**

On this worksheet, you are required to report on your use of all Other Provider Relief Fund payments (including Phase 4) received July 1, 2021 – December 31, 2021 for allowable expenses. You must report on the use of these payments by indicating the quarterly expenses reimbursed with these payments. If you did not use these payments to reimburse allowable expenses, you may enter zero. As a reminder, Provider Relief Fund payments must be used for expenses unreimbursed by other sources and that other sources are not obligated to reimburse.

Please see the [PRF Reporting User Guide](#) for detailed instructions. Further definitions are located in the [Post-Payment Notice of Reporting Requirements](#).

All fields marked with an asterisk are required. The number entered may be a value with up to 14 digits, including 2 decimal places. If expenses are zero, you must enter a '0'. The 'Tab' key may be used to navigate between cells during data entry.

Expenses are reported by calendar year quarter (Q).

Q1: January 1 – March 31  
Q2: April 1 – June 30

[Save & Next](#)

*Figure 53 Other PRF Expenses- \$500,000 or More Table*

Users must click the blue 'Save & Next' button to proceed to [Step 13 – Unreimbursed Expenses Attributable to COVID-19](#). To return to a previous page, users should click the blue 'Previous' button. Portal users should exit the PRF Reporting Portal when they are not actively entering data and should do this by clicking the red 'Save & Exit' button. **Portal users should not exit the portal by closing the browser window or navigate away from the current page by using the browser window as data entered on the current page will not be saved.**

## 4.14 STEP 13 – UNREIMBURSED EXPENSES ATTRIBUTABLE TO COVID-19

After [Step 12 – Other PRF Expenses for Payments Received During Payment Period](#) is complete, reporting entities will complete [Step 13 – Unreimbursed Expenses Attributable to COVID-19](#). The purpose of this worksheet is for reporting entities to describe to HRSA whether there are expenses that remain unreimbursed after considering all assistance received by HRSA and all other sources. On this worksheet, the reporting entity is required to report on the net unreimbursed expenses attributable to COVID-19 that have not been reimbursed by other sources and that other sources are not obligated to reimburse. Reporting entities must consider all other financial assistance received by HRSA and other sources, including Other PRF Payments, when determining net unreimbursed expenses attributable to COVID-19 reported on this worksheet. **The net unreimbursed expenses attributable to COVID-19 reported to HRSA will not be used in the calculation of expenses or lost revenues.**<sup>21</sup> Reporting entities are expected to determine whether there are net unreimbursed expenses attributable to COVID-19 after taking into consideration the application of Other Assistance Received and all PRF and/or ARP Rural payments.

On this worksheet, the reporting entity is required to report on the net unreimbursed expenses attributable to COVID-19 (net after Other Assistance Received and PRF and/or ARP Rural payments are applied) by indicating the calendar year quarterly expenses during the period of availability of the Payments Received that correspond to the current reporting period.

Calendar year quarters are defined as follows:

- Quarter 1 (Q1): January 1 – March 31
- Quarter 2 (Q2): April 1 – June 30
- Quarter 3 (Q3): July 1 – September 30
- Quarter 4 (Q4): October 1 – December 31

The 'tab' key may be used to navigate between cells during data entry. All data entry fields must be completed. Each cell is limited to 14 digits, including up to two (2) decimal places, and all values must be positive numbers. If expenses are zero, the reporting entity must enter a '0.' Totals will automatically calculate by corresponding column and row as information is entered.

Expenses are reported in two categories: (1) G&A Expenses and (2) Healthcare Related Expenses as shown in [Figure 54 Unreimbursed Expenses Table](#).

---

<sup>21</sup> HRSA is gathering this data for informational purposes only and will have no impact on other calculations in the report. However, legislation stipulates that organizations use PRF funds for expenses that have not been reimbursed and are not obligated to reimburse by another source. As a result, HRSA expects organizations to determine if there are net unreimbursed expenses attributable to COVID-19 after applying Other Assistance Received and all PRF and ARP Rural payments.

**Reporting Period 4 (January 1, 2023 to March 31, 2023) Report**

[All FAQs](#)

**Unreimbursed Expenses Attributable to Coronavirus**

On this worksheet, please indicate whether you have expenses attributable to coronavirus that remain unreimbursed. You should report these unreimbursed expenses by calendar year quarter. Please consider all other financial assistance received, including your PRF payments, when determining unreimbursed expenses reported on this worksheet. This worksheet is used by HRSA for information purposes only.

Please see the [PRF Reporting User Guide](#) for detailed instructions.

All fields marked with an asterisk are required. The number entered may be a value with up to 14 digits, including 2 decimal places. If unreimbursed expenses are zero, you must enter a '0'.

The 'Tab' key may be used to navigate between cells during data entry.

Expenses are reported by calendar year quarter (Q).

Q1: January 1 – March 31  
Q2: April 1 – June 30

Users must click the blue ‘Save & Next’ button to proceed to [Step 14 – Actual Patient Care Revenue or Lost Revenues](#). To return to a previous page, users should click the blue ‘Previous’ button. Portal users should exit the PRF Reporting Portal when they are not actively entering data and should do this by clicking the red ‘Save & Exit’ button. **Portal users should not exit the portal by closing the browser window or navigate away from the current page using the browser window as data entered on the current page will not be saved.**

## 4.15 STEP 14 – ACTUAL PATIENT CARE REVENUE OR LOST REVENUES

Depending on data from previous pages, one of two pages will be automatically displayed.

### 4.15.1 Actual Patient Care Revenue

If Total Reportable Other PRF Payments (from [Step 7 – Payments Summary](#)) is equal to Total Other PRF Expenses (from [Step 12 – Other PRF Expenses for Payments Received During Payment Period](#)), the Actual Patient Care Revenue page displays as shown in *Figure 55 Actual Patient Care Revenue*. Otherwise, the [Lost Revenues Questionnaire](#) is displayed.

**Reporting Period 4 (January 1, 2023 to March 31, 2023) Report**

**Actual Patient Care Revenue**

The recipient is required to submit calendar year 2019, 2020, 2021 and 2022 actual patient care revenues.

All fields marked with an asterisk are required. The number entered may be a value with up to 14 digits, including 2 decimal places. If there is no revenue, the reporting entity must enter '0'.

\* 2019 Actuals (Calendar Year)

\* 2020 Actuals (Calendar Year)

\* 2021 Actuals (Calendar Year)

\* 2022 Actuals (Calendar Year)

Previous Save & Exit Save & Next

*Figure 55 Actual Patient Care Revenue*

Please confirm Actual Patient Care Revenue data entered into the portal is accurate and concise.

The Actual Patient Care Revenue page is only shown if all Other PRF Payments were used for expenses reported on previous portal pages and reporting entities do not need to select a method for reporting lost revenues. (As a reminder, NHIC Payments **may not be used to reimburse lost revenues.**) On the Actual Patient Care Revenue page, the reporting entity must provide total Actual Patient Care Revenue for the completed calendar years within the period of availability for the payments received that correspond to the current reporting period. Both fields are required, limited to 14 digits including two (2) decimal places, and actual revenue must be positive values. If the revenues are zero, the reporting entity must enter a '0.'

After the user clicks the blue 'Save & Next' button, they skip [Step 15 – Lost Revenues](#) and are taken directly to [Step 16 – Financial Summary](#). To return to a previous page, users should click the blue 'Previous' button. Portal users should exit the PRF Reporting Portal when they are not actively entering data and should do this by clicking the red 'Save & Exit' button. **Portal users should not exit the portal by closing the browser window or navigate away from the current page by using the browser window as data entered on the current page will not be saved.**

#### 4.15.2 Lost Revenues Questionnaire

If the Total Reportable Other PRF Payments (from [Step 7 – Payments Summary](#)) is greater than the Total Other PRF Expenses reported (from [Step 12 – Other PRF Expenses for Payments Received During Reporting Period](#)), then the reporting entity has PRF and/or ARP Rural payments remaining to apply to lost revenues and the Lost Revenues Questionnaire page is shown. The Lost Revenues Questionnaire is shown in [Figure 56 Lost Revenues Questionnaire](#)

**Reporting Period 3 (July 1, 2022 to September 30, 2022) Report**

Need help on this page?

### Lost Revenues Questionnaire

Please report on Lost Revenues using one of the three options: 2019 Actual Revenue, Budgeted Revenue, or Alternate Reasonable Methodology.

Use this [link](#) to access the reporting requirements.

\* Choose your method for calculation of lost revenues

Alternate Reasonable Methodology

--None--

2019 Actual Revenue

Budgeted Revenue

✓ Alternate Reasonable Methodology

*Figure 56 Lost Revenues Questionnaire*

The Lost Revenues Questionnaire requires the reporting entity to select the method they will use to calculate lost revenues. This Reporting Portal page also contains a link to the most recently published [Post-Payment Notice of Reporting Requirements](#), which will open in a new browser tab so as to not affect data entered. The reporting entity must select one of three methods as described in the most recently published Post-Payment Notice of Reporting Requirements:

1. **2019 Actual Revenue:** The difference between **actual patient care revenues** (uses 2019 calendar year quarters as the baseline); or
2. **Budgeted Revenue:** The difference between **budgeted** (budget covering the entire period of availability and approved prior to March 27, 2020) and actual patient care revenues (uses the approved budget as the baseline); or
3. **Alternate Reasonable Methodology:** Calculated by **any reasonable method** of estimating revenues.

Depending on which method is selected, one of the three pages below will be shown.

**If a user has reported during a previous reporting period:** Portal users will be able to change the selected path for lost revenue calculation in proceeding reporting periods. However, if they choose to do this, they will need to recalculate the lost revenue for the **entire** period of availability. Once the user selects a different method for calculation of lost revenues, the “Change in Lost Revenue Path Verification” pop-up will appear. Shown in [Figure 57 Lost Revenues Path Verification](#). The user will respond to ‘Are you sure you want to change method?’ by selecting ‘Yes’ or ‘No’ from the drop-down list. If making a change in the method, the user should select ‘Yes’ from the drop-down list. **Once ‘Yes’ is selected, a conditional field ‘Reason for Calculation Method Change’ is provided for a required reason for the change in lost revenues path.** If choosing ‘No,’ the user will click ‘Cancel’ to return to the Lost Revenues

Questionnaire page to select again. Reporting entities are expected to use the same method for lost revenue calculation for all reporting periods in which they are required to report.

*Figure 57 Lost Revenues Path Verification*

## 4.16 STEP 15 – LOST REVENUES

If the reporting entity was shown the [Step 14 - Actual Patient Care Revenue or Lost Revenues](#) page, they will be directed to [Step 16 – Financial Summary](#) instead of the following page options. Depending on the reporting entity’s selection on the [Lost Revenues Questionnaire](#), one of the three pages below will be shown. Each of the three pages will determine the calculation of all lost revenues and the calculation will be applied to the balance of the Other PRF Payments (after reported expenses are deducted) to determine the total dollar amount of PRF and/or ARP Rural payments expended for the Payment Received Period. Please ensure data entered into the portal is accurate and concise. As a reminder, **NHIC Payments may not be used for lost revenues and will not figure into the calculation of PRF and/or ARP Rural payments applied to the lost revenues.**

Reporting entities are required to:

- Maintain adequate documentation to substantiate that the PRF and/or ARP Rural payments were used for healthcare related expenses or lost revenues attributable to COVID-19; and
- Ensure that those expenses or losses were not reimbursed from other sources, and other sources were not obligated to reimburse them.

**Note:** *NHIC Distribution payments cannot be used to reimburse lost revenues.*

**If a user has reported during a previous reporting period:** the user may choose to use a different lost revenues methodology or values during the current reporting period than they used

in a prior reporting period. On the Calculation of Lost Revenues Attributable to COVID-19 page, the user will respond to ‘Are you sure you want to change your **method** for calculation of lost revenue?’ by selecting ‘Yes’ or ‘No’ from the drop-down list. If making a change in lost revenues methodology, the user should select ‘Yes’ from the drop-down list. **Once ‘Yes’ is selected, a conditional field ‘Justification for change in lost revenues calculation method’ is provided for a required narrative justification for the change in lost revenues calculation methodology.** The justification is limited to 1000 characters, with a minimum of 80 characters. If choosing ‘No,’ the user will be returned to the Lost Revenues Questionnaire page to select again.

Once changes are made to pre-populated fields, the data cannot be reverted back to previously saved by the portal; they must be entered manually. All fields must contain accurate and complete data before proceeding to the next page.

Refer to the latest version of the Post-Payment Notice of Reporting Requirements or read the [Lost Revenues Guide](#) (PDF - 302 KB).

*Please note that once information in the portal is changed, it cannot be reverted back to previously reported values; data must be re-entered for each required field.*

## 4.16.1 2019 Actual Revenue (Calculation of Lost Revenues Attributable to COVID-19)

If in the [Lost Revenues Questionnaire](#), the reporting entity selects the 2019 Actual Revenue method (option i), the page will appear as shown in [Figure 58 Total Revenue/Net Charges from Patient Care \(2019 Actuals\)](#).

Reporting Period 4 (January 1, 2023 to March 31, 2023) Report

*Figure 58 Total Revenue/Net Charges from Patient Care (2019 Actuals)*

The reporting entity must complete four (4) tables with actual quarterly revenue information for calendar years 2019 to the end of the period of availability. Reporting entities will submit revenues<sup>22</sup> net charges from patient care<sup>23</sup> (prior to netting with expenses) split by payer mix (including out of pocket charges), and by calendar year quarter for each quarter during the period of availability.

Calendar year quarters are defined as follows:

- Quarter 1 (Q1): January 1 – March 31
- Quarter 2 (Q2): April 1 – June 30
- Quarter 3 (Q3): July 1 – September 30

<sup>22</sup> Net of uncollectible patient service revenues recognized as bad debts.

<sup>23</sup> "Patient care" means health care, services, and supports, as provided in a medical setting, at home/telehealth, or in the community. It should not include non-patient care revenue such as insurance, retail, or real estate revenues (exception for nursing and assisted living facilities' real estate revenues where resident fees are allowable); prescription sales revenues (exception when derived through the 340B program); grants or tuition; contractual adjustments from all third-party payers; charity care adjustments; bad debt; and any gains and/or losses on investments.

- Quarter 4 (Q4): October 1 – December 31

The reporting entity will report on total revenue/net charges from patient care split by payer type for each of the relevant calendar year quarters as follows:

- **Medicare Part A + B:** actual revenues/net charges received from Medicare Part A + B for patient care.
- **Medicare Part C (Medicare Advantage):** actual revenues/net charges received from Medicare Part C for patient care.
- **Medicaid/Children’s Health Insurance Program (CHIP):** actual revenues/net charges received from Medicaid/CHIP for patient care.
- **Commercial Insurance:** actual revenues/net charges from commercial insurance payers for patient care.
- **Self-Pay (No Insurance):** actual revenues/net charges received from self-pay patients, including the uninsured or individuals without insurance who bear the burden of paying for health care themselves.
- **Other:** actual revenues/net charges from other sources received for patient care services and not included in the list above.

**If a user reported in a previous reporting period:** If using the same lost revenues methodology as in a prior reporting period, previously reporting values on the Actual Revenue (Calculation of Lost Revenues Attributable to COVID-19) will pre-populate. There is a required question, ‘Do you want to change values from the previous reporting period?’, which ‘Yes’ or ‘No’ can be selected from the drop-down list. *(This is a conditional question.)* If ‘Yes’, the Reporting entity will be required to enter a justification for the change with a description. The justification is limited to 1000 characters, with a minimum of 80 characters. Selecting ‘Yes’ will overwrite the pre-populated information. However, once changes are made to pre-populated fields, the user can revert to the previously reporting lost revenue method by selecting ‘No’ to the question, ‘Do you want to change values from the previous reporting period?’ Once changed to ‘No’, the system will restore the values with the previously pre-populated report values. All fields must contain accurate and complete data before proceeding to the next page.

The 'tab' key may be used to navigate between cells during data entry. All data entry fields are required, each cell is limited to 14 digits including two decimal places, and all values must be positive numbers. If there is no revenue to report for a quarter, the reporting entity must enter ‘0’. Patient care revenue totals will automatically calculate within a table by corresponding column and row as information is entered. The user will be able to move between the three tables by clicking the ‘2019 Actuals,’ ‘2020 Actuals,’ ‘2021 Actuals’, and ‘2022 Actuals’ tabs, without losing data. However, the data on this page will not be saved until the blue ‘Save & Next’ button is selected. **Note:** clicking ‘Previous’ will take the user to the previous page, not move between the tables in this page.

The total lost revenues calculated by the system will not appear on this page. Reporting entities should be aware however, that if they choose this method, lost revenues will be calculated for each quarter during the period of availability, as a standalone calculation, with 2019 quarters serving as a baseline. For each calendar year of reporting, the applicable quarters where lost revenues were demonstrated are totaled to determine an annual lost revenues amount. The annual

lost revenues are then added together to determine a total that can be applied to PRF and/or ARP Rural payments.

If a table or data entry field has not been completed or has an invalid value, a red error message will appear both above and below the table directing the user to correct the error. Once complete, the user must click the blue ‘Save & Next’ button to go to [Step 16 – Financial Summary](#). To return to a previous page, users should click the blue ‘Previous’ button. Portal users should exit the PRF Reporting Portal when they are not actively entering data and should do this by clicking the red ‘Save & Exit’ button. **Portal users should not exit the portal by closing the browser window or navigate away from the current page using the browser window as data entered on the current page will not be saved.**

#### 4.16.1.1 Zero Actual Revenue

Users will be required to provide a justification on the Calculation of Lost Revenues page for Actual Revenue if the total value for any tab on the page is zero (0).

All the values are required, and the portal will display an error message if values are missing in any table.

When the sum of any table is zero (0):

- The system will prompt the message “You have entered all zeros for [YYYY Type]. Please correct or provide justification. (Minimum 80 characters.)”.  
NOTE: [YYYY Type] relates to the title of the applicable tab(s). (If more than one table is applicable, the message will reflect this.)
- The system will display a justification text box below the respective table prompting users “Please enter the justification for all zeros. (Minimum 80 characters.)”.
- A justification (80-character minimum) will be required before the system allows you to save and proceed to the next step.

You have entered all zeros for 2019 Actuals. Please correct or provide justification.

2019 Actuals   2020 Actuals   2021 Actuals   2022 Actuals

## 4.16.2 Budgeted Revenue (Calculation of Lost Revenues Attributable to COVID-19)

If in the [Lost Revenues Questionnaire](#), the reporting entity selects the 2020 Budgeted Revenue method (option ii), the page will appear as shown in *Figure 60 Total Revenue/Net Charges from Patient Care (2020 Budgeted)*.

Reporting Period 4 (January 1, 2023 to March 31, 2023) Report

[Need help on this page?](#)

**Lost Revenues Attributable to Coronavirus Using Budgeted Revenue**

Please fill out the table below with the quarterly revenue information for each calendar year. In the Total Revenue/Net Charges from Patient Care section, please report the Patient Revenue, split by Payer Type.

All fields marked with an asterisk are required. The number entered may be a value with up to 14 digits, including 2 decimal places. If there is no revenue to report for a quarter, the reporting entity must enter '0'. The 'Tab' key may be used to navigate between cells during data entry.

If you wish to calculate lost revenues attributable to coronavirus using the difference between the 2020/2021/2022 budgeted and 2020/2021/2022 actual patient care revenue, you must submit:

- 1) A budget for your 2020, 2021 and 2022 budgeted amount of patient care revenue approved before March 27, 2020.
- 2) An attestation by CEO, CFO, or similar responsibility on the accuracy of the submitted budget.

\* Do you want to change values from the previous reporting period?

Save & Next

*Figure 60 Total Revenue/Net Charges from Patient Care (2020 Budgeted)*

The reporting entity must complete six (6) tables with quarterly revenue information for calendar years 2020 through the end of the period of availability. Reporting entities will submit both (1) budgeted and (2) actuals for their revenues<sup>24</sup>/net charges from patient care<sup>25</sup> (prior to netting

<sup>24</sup> Net of uncollectible patient service revenues recognized as bad debts.

<sup>25</sup> "Patient care" means health care, services, and supports, as provided in a medical setting, at home/telehealth, or in the community. It should not include non-patient care revenue such as insurance, retail, or real estate revenues (exception for nursing and assisted living facilities' real estate revenues where resident fees are allowable); prescription sales revenues (exception when derived through the 340B program); grants or tuition; contractual adjustments from all third-party payers; charity care adjustments; bad debt; and any gains and/or losses on investments.

with expenses) split by payer mix (including out of pocket charges), and by calendar year quarter for each quarter during the period of availability. Calendar year quarters are defined as follows:

- Quarter 1 (Q1): January 1 – March 31
- Quarter 2 (Q2): April 1 – June 30
- Quarter 3 (Q3): July 1 – September 30
- Quarter 4 (Q4): October 1 – December 31

The reporting entity will report on (1) budgeted and (2) actual total revenue/net charges from patient care by payer type for each of the relevant quarters as follows:

- **Medicare Part A + B:** actual revenues/net charges received from Medicare Part A + B for patient care.
- **Medicare Part C (Medicare Advantage):** actual revenues/net charges received from Medicare Part C/ Medicare Advantage for patient care.
- **Medicaid/Children’s Health Insurance Program (CHIP):** actual revenues/net charges received from Medicaid/CHIP for patient care.
- **Commercial Insurance:** actual revenues/net charges from commercial insurance payers for patient care.
- **Self-Pay (No Insurance):** actual revenues/net charges received from self-pay patients, including the uninsured or individuals without insurance who bear the burden of paying for health care themselves.
- **Other:** actual revenues/net charges from other sources received for patient care services and not included in the list above.

**If a user reported in a previous reporting period** on the Budgeted Revenue (Calculation of Lost Revenues Attributable to COVID-19) page, there is a required question, ‘Do you want to change values from the previous reporting period?’, which ‘Yes’ or ‘No’ can be selected from the drop-down list. *(This is a conditional question.)* If ‘Yes’, the reporting entity will be required to enter a justification for the change with a description. The justification is limited to 1000 characters, with a minimum of 80 characters. Selecting ‘Yes’ will overwrite the pre-populated information. However, once changes are made to pre-populated fields, the user can revert to the previously reported lost revenue method by selecting ‘No’ to the question ‘Do you want to change values from the previous reporting period?’ Once changed to ‘No’, the system will restore the values with the previously pre-populated report values. All fields must contain accurate and complete data before proceeding to the next page.

**If a user reported in a previous reporting period**, information on the Budgeted Revenue (Calculation of Lost Revenues Attributable to COVID-19) page will be pre-populated for Q1 (2020) – Q4 (2021), Q1 and Q2 for 2022 will require input of values. Please confirm all information is accurate and up-to-date. If there were previously submitted uploads during a prior reporting period, they may be reviewed by clicking on ‘Preview’ or ‘Download.’ Uploads submitted during a previous reporting period **may not** be deleted. If choosing the 2020 Budgeted Revenue (option ii) methodology in the current reporting period, the user will need to upload new documents to the Reporting Portal.

The 'tab' key may be used to navigate between cells during data entry. All data entry fields are required, each cell is limited to 14 digits including two decimal places, and all values must be

positive numbers. If there is no revenue to report for a quarter, the reporting entity must enter ‘0.’ Patient care revenue totals will automatically calculate within a table by corresponding column and row as information is entered. The user will be able to move between the four tables without losing data by clicking ‘2020 Budgeted,’ ‘2020 Actuals,’ ‘2021 Budgeted,’ ‘2021 Actuals,’ and ‘2022 Budgeted’ tabs. However, the data on this page will not be saved until the blue ‘Save & Next’ button is selected. **Note:** clicking ‘Previous’ will take the user to the previous page, not move between the tables in this page.

The total lost revenues for the reporting period that is calculated by the system will not appear on this page. Reporting entities should be aware however, that if they choose this method, lost revenues that can be applied to PRF and/or ARP Rural payments will be calculated *by calendar year quarter* for each quarter during the period of availability, as a standalone calculation, with 2020, 2021, or 2022 quarters serving as a baseline. For each calendar year of reporting, the applicable quarters where lost revenues are demonstrated are totaled to determine an annual lost revenues amount. The annual lost revenues are then added together to determine a total that can be applied to PRF and/or ARP Rural payments.

In addition to completing four tables with budgeted and actuals for total revenue/net charges from patient care, reporting entities that select this method of calculating lost revenues must submit the following documentation:

1. A copy of the budget approved prior to March 27, 2020, that covers the entire period of availability. The budget must be submitted in one of the following accepted file formats: .xlsx, .xls, .docx, .doc, or .pdf.
2. Attestation by a CEO, CFO, or other similarly responsible individual representing the reporting entity on the accuracy of the budget submitted. The attestation must be submitted in a .pdf file format. The attestation should state that the budget was established and approved prior to March 27, 2020, be submitted on organizational letterhead, and include a signature and complete contact information.

Documentation must be uploaded by clicking the green ‘Upload’ buttons as shown in *Figure 61 Upload Budget and Attestation*. Once uploaded, the name of the attachment will be displayed to the right of the ‘Upload’ button and the documentation may be previewed to ensure it has been submitted correctly. Portal users may also download or remove uploaded documentation from the current reporting period only. If removing an uploaded file, a pop-up will appear asking to confirm the deletion. Select ‘Delete’ to remove the file or ‘Cancel’ to keep the uploaded file as shown in *Figure 61 Upload Budget and Attestation*. Uploads from any previous reporting period may be previewed or downloaded only; they cannot be deleted from the portal. To preview documents in .pdf format, the latest version of Adobe Acrobat Reader must be installed. If needed, instructions to download Adobe Acrobat Reader are located at <https://get.adobe.com/reader/>. The preview function is not available for documents in .xlsx or .xls formats or any document in landscape mode. The maximum upload file size is 2GB.

Note: The preview function will not work properly if uploading an Excel document or any document in landscape mode.

*Figure 61 Upload Budget and Attestation*

If a data entry field has not been completed, has an invalid value, or if a required document is not uploaded, a red error message will appear directing the user to correct the error. Once complete, the user must click the blue ‘Save & Next’ button to go to [Step 16 – Financial Summary](#). To return to a previous page, users should click the blue ‘Previous’ button. Portal users should exit the PRF Reporting Portal when they are not actively entering data and should do this by clicking the red ‘Save & Exit’ button. **Portal users should not exit the portal by closing the browser window or navigate away from the current page using the browser window as data entered on the current page will not be saved.**

#### **4.16.2.1 Zero Budgeted Revenue**

Users will be required to provide a justification on the Calculation of Lost Revenues page for Budgeted Revenue if the total value for any tab on the page is zero (0).

All the values are required, and the portal will display an error message if values are missing in any table.

When the sum of any table is zero (0):

- The system will prompt the message “You have entered all zeros for [YYYY Type]. Please correct or provide justification. (Minimum 80 characters.)”.  
NOTE: [YYYY Type] relates to the title of the applicable tab(s). (If more than one table is applicable, the message will reflect this.)
- The system will display a justification text box below the respective table prompting users “Please enter the justification for all zeros. (Minimum 80 characters.)”.
- A justification (80-character minimum) will be required before the system allows you to save and proceed to the next steps.

You have entered all zeros for 2020 Budgeted. Please correct or provide justification.

You have entered '0' in all fields. If this information is incorrect, please enter the correct values. If this information is correct, please submit justification. (Minimum of 80 characters required.)

Please enter the Justification for all zeros. (Minimum 80 characters)

*Figure 62 Zero Lost Revenues (Budgeted Revenue)*

#### 4.16.3 Alternate Method of Calculating Lost Revenues Attributable to COVID-19

If the reporting entity selects the Alternate Reasonable Methodology method in the [Lost Revenues Questionnaire](#), the Alternate Method of Calculating Lost Revenues Attributable to COVID-19 (option iii) page will appear as shown in [Figure 63 Lost Revenues Alternate Reasonable Methodology](#). All recipients seeking to use an alternate methodology face an increased likelihood of an audit by HRSA.

HRSA will notify a reporting entity if their proposed methodology is not reasonable, including if it does not demonstrate with a reasonable certainty that claimed lost revenues were caused by COVID-19. If HRSA determines that a reporting entity's proposed alternate methodology is not reasonable, HRSA will require the reporting entity to resubmit its report within 30 days of notification using one of the other options to calculate lost revenues attributable to COVID-19 (*i.e.*, Actuals or Budgeted).

**Reporting Period 4 (January 1, 2023 to March 31, 2023) Report**

[Need help on this page?](#)

**Lost Revenues Attributable to Coronavirus Using Alternate Reasonable Methodology**

Please fill out the table below with the calculated quarterly lost revenues amount for each calendar year.

All fields marked with an asterisk are required. The lost revenues must be entered as a positive value with up to 14 digits, including 2 decimal places. If there is an increase in revenues during a quarter, the reporting entity must enter '0'. The 'Tab' key may be used to navigate between cells during data entry.

\* Do you want to change values from the previous reporting period?

	Q1	Q2	Q3	Q4	Total
2020 Lost Revenue	* <input type="text" value="\$0.00"/>	* <input type="text" value="\$0.00"/>	* <input type="text" value="\$0.00"/>	* <input type="text" value="\$0.00"/>

2022 Lost Revenue	* <input type="text" value="\$0.00"/>	* <input type="text" value="\$0.00"/>	* <input type="text" value="\$0.00"/>	* <input type="text" value="\$0.00"/>	
<b>Lost Revenues</b>	<b>\$0.00</b>				

Instructions for Uploading Documents:

If you wish to use an alternate reasonable methodology for calculating lost revenues attributable to coronavirus, you must submit documentation covering the period of availability. If you have previously reported, please upload new documentation reflecting your lost revenues calculations. You must submit:

1. A narrative document describing methodology, an explanation of why the methodology is reasonable, and a description establishing how lost revenues were attributable to coronavirus, as opposed to a loss caused by any other source.
2. A calculation of lost revenues attributable to coronavirus using the methodology described in the narrative document.

Additional supporting documentation may be submitted.

Note: The preview function will not work properly if uploading an Excel document or any document in landscape mode.

Save & Next

*Figure 63 Lost Revenues Alternate Reasonable Methodology*

The reporting entity is required to complete one (1) table with the calculated quarterly lost revenues values (using the alternate reasonable method calculation) for calendar years 2020 through the end of the period of availability.

Calendar year quarters are defined as follows:

- Quarter 1 (Q1): January 1 – March 31
- Quarter 2 (Q2): April 1 – June 30
- Quarter 3 (Q3): July 1 – September 30
- Quarter 4 (Q4): October 1 – December 31

**If a user has reported in a previous reporting period or revised a previous report**, some of the information on the Alternate Method of Calculating Lost Revenues Attributable to COVID-19 page will pre-populate. Please confirm all information is accurate and up-to-date before proceeding. New uploaded documentation for the current reporting period must be submitted if choosing the Alternate Method of Calculating Lost Revenues (option iii). Uploads from the previous reporting period may not be deleted, but may be previewed or downloaded.

**If a user has reported in a previous reporting period or revised a previous report:** If the user would like to edit any pre-populated data, there is a required question, ‘Do you want to change values from the previous reporting period?’, which ‘Yes’ or ‘No’ can be selected from the drop-down list. (Conditional) If ‘Yes,’ the reporting entity will be required to enter a justification for the change with a description. The justification is limited to 1000 characters, with a minimum of 80 characters. Selecting ‘Yes’ will overwrite the pre-populated information. However, once changes are made to pre-populated fields, the user can revert to the previously reported lost revenue method by selecting ‘No’ to the question, ‘Do you want to change values from the previous reporting period?’ Once changed to ‘No’, the system will restore the values with the previously pre-populated report values. All fields must contain accurate and complete data before proceeding to the next page.

The 'tab' key may be used to navigate between cells during data entry. All data entry fields in the table are required and each cell is limited to 14 digits, including two decimal places. **If there is an increase in revenues during any quarter during the period of availability, the reporting entity must enter ‘0’ to indicate that there were no lost revenues.** Totals will automatically calculate within the table by corresponding column and row as information is entered.

Reporting entities selecting the alternate reasonable methodology are required to submit additional documentation, with maximum file size of 2GB, as follows:

1. **Narrative Document:** The narrative document must describe the methodology, an explanation of why the methodology is reasonable, and a description establishing how lost revenues were attributable to COVID-19 (as opposed to a loss caused by any other source). Acceptable file formats for the narrative document are.docx,.doc, or.pdf.
2. **Calculation of Lost Revenues:** The Calculation of Lost Revenues Attributable to COVID-19 must use the methodology described in the Narrative Document described above. Acceptable file formats for the calculation of lost revenues documentation are.xlsx,.xls,.docx,.doc, or.pdf.
3. *Optional:* Additional Supporting Documentation: One file of additional documentation may be submitted. Acceptable file formats for the supporting documentation are:.xlsx,.xls,.docx,.doc, or.pdf.

Documentation must be uploaded by clicking the corresponding green ‘Upload’ buttons as shown in *Figure 64 Upload Narrative and Calculation of Lost Revenues*.

Note: The preview function will not work properly if uploading an Excel document or any document in landscape mode.

Reporting entities should verify the accuracy of the financial summary information on this page. If all information appears to be accurate, the user should click the 'Save & Next' button at the bottom of the page. If any information appears to be inaccurate, the user should navigate back to the applicable portal pages to make edits. The user can access previous pages by clicking the blue 'Previous' button at the bottom of the page.

## 4.18 STEP 17 – PERSONNEL, PATIENT, AND FACILITY METRICS

The purpose of [Step 17 - Personnel, Patient, and Facility Metrics](#) is to quantify the impact of COVID-19 on the reporting entity's personnel, patient, and facility metrics. The Personnel, Patient, and Facility Metrics page is comprised of three tables. Metric fields are not split by subsidiary TIN. The reporting for non-financial metrics is consolidated. These tables will capture different metrics, but all cells are required, restricted to eight digits with no decimals, and must be positive values. If the value for a cell is zero or does not apply, the user must enter "0." The 'tab' key may be used to navigate between cells during data entry. A horizontal scroll bar may appear at the bottom of each table, depending upon the portal user's monitor size. As the user enters values in each field, the last column and row will auto-calculate totals. The user will be able to move between the tabs and tables without losing data, however, the data on this page will not be saved until the data entry is complete and the blue 'Save & Next' button is selected.

***Note:** If there was a Change of Ownership in the parent-subsidary relationship during the period of availability, personnel, patient, and facility metrics would be applicable from the time of the acquisition to the end of the period of availability.*

**If a provider has reported in a previous reporting period**, some of the information on the Personnel, Patient, and Facility Metrics page will pre-populate. The user needs to enter additional data for quarters 3 and 4 of 2022 for each of the tables accurately and up-to-date before proceeding to the next page.

**If a user has reported in a previous reporting period:** If the user would like to edit any pre-populated data on the Personnel, Patient, and Facility Metrics page, there is a required question, ‘Do you want to change values from the previous reporting period?’ which ‘Yes’ or ‘No’ can be selected from the drop-down list. (Conditional) If ‘Yes,’ the reporting entity will be required to enter a justification for the change with a description. The justification is limited to 1000 characters, with a minimum of 80 characters. However, once changes are made to pre-populated fields, the user can revert to the previously reported metrics by selecting ‘No’ to the question, ‘Do you want to change values from the previous reporting period?’ Once changed to ‘No’, the system will repopulate the fields with the previously pre-populated report values. All fields must contain accurate and complete data before proceeding to the next page.

Calendar year quarters are defined as follows:

- Quarter 1 (Q1): January 1– March 31
- Quarter 2 (Q2): April 1 – June 30
- Quarter 3 (Q3): July 1 – September 30
- Quarter 4 (Q4): October 1 – December 31

An error message will appear if the user tries to proceed to the next page with an empty data entry field or if the value does not meet validation checks. The portal user must correct errors before proceeding to the next page as shown in *Figure 70 Personnel Metrics- Error Messages*.

The screenshot shows the 'Personnel Metrics' form with tabs for Full Time, Part Time, Contractor, Furloughed, Separated, and Hired. The 'Full Time' tab is active. The table has columns for quarters Q1 (2019) through Q2 (2021). The rows are Clinical, Non-clinical, and Total Number of Full Time Personnel. The Q1 (2021) and Q2 (2021) columns are highlighted in red with error messages: 'Please complete this field.' The Total Number of Full Time Personnel row is highlighted in green.

Full Time	Q1 (2019)	Q2 (2019)	Q3 (2019)	Q4 (2019)	Q1 (2020)	Q2 (2020)	Q3 (2020)	Q4 (2020)	Q1 (2021)	Q2 (2021)	Q:
Clinical	0	0	0	0	0	0	0	0	Please complete this field.	Please complete this field.	
Non-clinical	0	0	0	0	0	0	0	0	Please complete this field.	Please complete this field.	
Total Number of Full Time Personnel	0	0	0	0	0	0	0	0	0	0	

*Figure 70 Personnel Metrics- Error Messages*

### Personnel Metrics

The Personnel Metrics data table will require reporting entities to calculate a total number of people employed (across all TINs included in the consolidated reporting) by labor category for all clinical and non-clinical staff as defined below, by quarter. The Personnel Metrics seek to gather information on the number of employees working with reporting entities. Values should be considered as of the quarter end date. Reporting entities will include metrics for personnel for calendar year 2019 through the end of the period of availability of the funds on which the provider is reporting. The number of personnel reported are not intended to be indicative of how PRF and/or ARP Rural payments were used. In other words, personnel numbers should be reported here whether or not their salaries and/or benefits were paid using the PRF and/or ARP Rural payments included in the reporting. If providers find that they cannot identify their staff in one of these employee types, they should estimate to the best of their ability.

The Personnel Metrics table is comprised of six tables as shown in *Figure 71 Personnel Metrics*. All six tables must be completed. A horizontal scroll bar may appear at the bottom of each table, depending upon the portal user's monitor size. The 'tab' key may be used to navigate between cells during data entry. The user will be able to move between the tabs and tables by clicking the relevant header, without losing data. However, the data on this page will not be saved until the blue 'Save & Next' button is selected. **Note:** clicking 'Previous' will take the user to the previous page, not move between the tables or tabs in this page.

**Reporting Period 4 (January 1, 2023 to March 31, 2023) Report**

**Personnel, Patient, and Facility Metrics**

This page may contain pre-populated information from registration or a previous report(s). Please ensure that the information is accurate before proceeding.

HHS is collecting this information in an effort to quantify the impact of COVID-19 on the reporting entity's personnel, patients, and facilities.

Fill out the tables below with the quarterly Personnel, Patient, and Facility Metrics for calendar year 2019-2022. See the [PRF Reporting Portal User Guide](#) for detailed instructions. Further definitions are located in the [Post-Payment Notice of Reporting Requirements](#).

All fields marked with an asterisk are required. The number entered must be a whole number up to 8 digits. If a metric is zero, the reporting entity must enter a '0'. The 'Tab' key may be used to navigate between cells during data entry.

Expenses are reported by calendar year quarter (Q).

Q1: January 1 – March 31  
Q2: April 1 – June 30  
Q3: July 1 – September 30  
Q4: October 1 – December 31

\* Do you want to change values from the previous reporting period?  
No

**Personnel Metrics**

Full Time | Part Time | Contractor | Furloughed | Separated | Hired

Full Time	Q1 (2019)	Q2 (2019)	Q3 (2019)	Q4 (2019)	Q1 (2020)	Q2 (2020)	Q3 (2020)	Q4 (2020)	Q1 (2021)	Q2 (2021)	Q:
Clinical											
Non-clinical											
Total Number of Full Time Personnel											

*Figure 71 Personnel Metrics*

Definitions of Personnel Metrics are as follows:

- Clinical:** Total number of clinical personnel providing direct patient care by labor category (full-time, part-time, contract, furloughed, separated, hired). Clinical staff provides direct patient care and may provide direct diagnosis, treatment, or care for the patient. Clinical roles often require certifications or licensure. Clinical personnel may include physicians, hospitalists, physician assistants, nurse practitioners, registered nurses, nursing assistants, patient care technicians, social workers, and therapists. Personnel must be categorized as clinical if 50% or more of their time is spent delivering direct patient care.
- Non-Clinical:** Total number of non-clinical personnel by labor category (full-time, part-time, contract, furloughed, separated, hired). Personnel must be categorized as non-

clinical if less than 50% of their time is spent delivering direct patient care. Non-clinical personnel may support patient care. Non-clinical personnel may include medical billers and coders, transcriptionists, hospital executives, and receptionists.

- All clinical and non-clinical personnel employed at any point and in any capacity during a calendar year quarter by the reporting entity (or its subsidiaries included in the report) must be categorized into one of the following labor categories. The labor categories are mutually exclusive, and each employee should only be included in one labor category per quarter. If a hiring action (*e.g.*, furloughed, separated, hired) occurred during the quarter personnel should be considered non-clinical if less than 50% of their time does not involve direct patient care. The employee should be identified in the category that occurred closest to the end of the quarter. All full-time, part-time, or contractor personnel should be those that experienced no hiring action during the respective quarter.
- **Full-time:** Number of personnel employed on average 30 hours of service per week, or 130 hours for a calendar month. However, health care practices may have exceptions to this, such as nursing shifts.
- **Part-time:** Number of personnel employed any time between 1 and 34 hours per week, whom may or may not qualify for benefits.
- **Contractor:** Number of personnel employed as an individual or under organizational contracts and do not receive direct benefits or compensation from the employer/provider.
- **Furloughed:** Number of personnel on temporary involuntary and unpaid leave of absence.
- **Separated:** Number of personnel who 1) voluntarily submit a written or verbal notice of resignation or 2) the employer/provider decided to terminate its relationship with the employee(s) (includes lay-offs and expired contracts).
- **Hired:** Number of personnel 1) not previously employed by the employer or 2) that left an employer due to voluntary or involuntary separation and are brought back to work by employer.

The Patient Metrics tab is comprised of one table that gathers patient visit metrics as shown in *Figure 72 Patient Metrics*. These metrics seek to gather information on the number of patients treated by reporting entities. Reporting entities will report on their patient metrics using their basis of counting beds, census, and other patient metrics. If providers find that they cannot identify their patient encounters in one of these patient visit types, they should count the distinct encounters or visits in the most reasonable category. *e.g.*, home health providers can count their distinct visits in outpatient; anesthesiologists may count some of their services as inpatient and some as outpatient.

**Patient Metrics** ●

Patient Visits	Q1 (2019)	Q2 (2019)	Q3 (2019)	Q4 (2019)	Q1 (2020)	Q2 (2020)	Q3 (2020)	Q4 (2020)	Q1 (2021)	Q2 (2021)	C
Inpatient Admissions	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Outpatient Visits (In-person and Virtual)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Emergency Department Visits	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Number of Facility Stays (for Long- and Short-term Residential Facilities)	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Number of Total Patient Visits											

*Figure 72 Patient Metrics*

Definitions of patient metrics are as follows:

- **Inpatient Admissions:** Number of hospital admissions on a clinician's order (*i.e.*, direct admit) or formally admitted from the emergency department to the hospital (*i.e.*, emergency admission). Nursery and labor beds are typically considered ward beds/ med-surgical beds.
- **Outpatient Visits (in-person and virtual):** Number of in-person or virtual patient encounters with a clinician in an office-based, clinic, or hospital outpatient department setting that do not require an inpatient admission.
- **Emergency Visits:** Number of emergency department encounters for care or treatment. This may include patients on observation status who are cared for no longer than 72 hours and not formally admitted to a hospital.
- **Facility Stays (for Long- and Short-term Residential Facilities):** Number of stays (defined as unique admissions) for patients residing in a long-term or short-term care or treatment facility.

The Facility Metrics table has a required question, 'Does the reporting entity or its subsidiaries operate or support staffed beds?' A staffed bed is defined as a licensed and physically available bed with staff on hand to attend to patients; includes both occupied and available beds. If the answer to the question is 'No,' and the Personnel and Patient Metrics tables are complete, the user may click the blue 'Save & Next' button to proceed to the next page. If the answer to the question is 'Yes,' the Facilities table will need to be completed as shown *Figure 73 Facility Metrics*.

**Facility Metrics** ⓘ

\* Does the reporting entity or its subsidiaries operate or support staffed beds?

Yes

Staffed Beds	Q1 (2019)	Q2 (2019)	Q3 (2019)	Q4 (2019)	Q1 (2020)	Q2 (2020)	Q3 (2020)	Q4 (2020)	Q1 (2021)	Q2 (2021)
Medical/Surgical Beds	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Total Number of Staffed Beds										

Previous Save & Exit Save & Next

*Figure 73 Facility Metrics*

Definitions of facility metrics are as follows:

- **Medical/Surgical Beds:** Number of general *medical/surgical beds*, which are the *beds* used for routine care or “ward” beds.
- **Critical Care Beds:** Number of beds in Intensive Care Units (ICUs), Critical Care Units (CCUs) or Intensive Therapy Units (ITUs).
- **Other Beds:** Number of any other type of staffed bed that the facility has physically available and licensed to operate.

Users must click the blue ‘Save & Next’ button to proceed to [Step 18 – Survey](#). To return to a previous page, users should click the blue ‘Previous’ button. Portal users should exit the PRF Reporting Portal when they are not actively entering data and should do this by clicking the red ‘Save & Exit’ button. **Portal users should not exit the portal by closing the browser window or navigate away from the current page using the browser window as data entered on the current page will not be saved.**

### *Zero Personnel, Patients, and Facility Metrics Justification*

Users will be required to provide a justification on the Personnel, Patients, and Facility Metrics page if the provider enters zero (0) for all the values in the Personnel and Patients tables and selects ‘No’ for the Facility Metrics.

When the sum of any metrics table is zero (0):

- The system will prompt the message “You have entered ‘0’ in all fields of table(s) within this page. If this information is incorrect, please enter the correct values. If this information is correct, please submit justification.”.
- The system will display a justification text box below the respective table prompting users “Please enter the justification for all zeros.”.
- A justification (80-character minimum) will be required before the system allows you to save and proceed to the next step.

All the values are required, and the portal will display an error message if values are missing in the metrics table. When the sum of any table is zero, the system will prompt the message “You

have entered '0' in all fields of table(s) within this page. If this information is incorrect, please enter the correct values. If this information is correct, please submit a justification."

If a user enters zero for all the Personnel and Patients metrics values, the system will display a justification text box prompting users "You have entered '0' in all fields on table(s) within this page. If this information is incorrect, please enter the correct values. If this information is correct, please submit justification."

A justification (80-character minimum) will be required before the system allows you to save and proceed to the next step.

The screenshot shows a web interface titled "Patient Metrics" with a red-bordered box containing a justification prompt. Below the prompt is a table with 11 columns: Q3 (2020), Q4 (2020), Q1 (2021), Q2 (2021), Q3 (2021), Q4 (2021), Q1 (2022), Q2 (2022), Q3 (2022), Q4 (2022), and Total. The table contains five rows of data, all of which are zero. The bottom row is highlighted in green.

Q3 (2020)	Q4 (2020)	Q1 (2021)	Q2 (2021)	Q3 (2021)	Q4 (2021)	Q1 (2022)	Q2 (2022)	Q3 (2022)	Q4 (2022)	Total

*Figure 74 Zero Personnel, Patients, and Facility Metrics Justification Required*

## 4.19 STEP 18 - SURVEY

[Step 18 – Survey](#) is the last data entry page in the report and is included to evaluate the impact of PRF and/or ARP Rural payment(s) on the reporting entity's financial and clinical care situation during the period of availability of funding that corresponds to the current reporting period. The reporting entity should consider the impact of the PRF and/or ARP Rural payments received during the Payment Received Period that corresponds to the current reporting period as shown in [Table 1 Reporting Periods](#). Therefore, a new survey will be required for each reporting period. The survey consists of two sections: 1) Financial Effects of Payment(s) and 2) Clinical care Effects of Payment(s).

Responses to the following statements and questions are required as part of the Section: Financial Effects of Payment(s) as shown in [Figure 75 Survey Financial Effects of Payment\(s\)](#).

**Reporting Period 4 (January 1, 2023 to March 31, 2023) Report**

[All FAQs](#)

**Survey**

The reporting entity should consider the impact of the American Rescue Plan (ARP) Rural and/or Provider Relief Fund (PRF) payments received July 1, 2021 through December 31, 2021 in responding to the survey below.

**Financial Effects of Payment(s):**

For the reporting entity and its subsidiaries, in reference to the payment(s) received July 1, 2021 through December 31, 2021:

\* The payment(s) had a significant impact on overall operations (e.g., general and administrative expenses, healthcare related expenses).

Agree

\* The payment(s) significantly affected the ability to (select all that apply):

Available

- Pay rent/mortgage
- Pay fringe benefits
- Other operational expenses
- Make lease payments

Chosen

- Pay insurance
- Retain personnel

\* The payment(s) helped maintain solvency and/or prevent bankruptcy.

Yes

\* The payment(s) helped retain staff that otherwise would have been furloughed or terminated.

Yes

\* The payment(s) helped re-hire or re-activate staff from furlough.

Yes

**Clinical Care Effects of Payment(s):**

For the reporting entity and its subsidiaries, in reference to the payment(s) received July 1, 2021 through December 31, 2021:

\* The payment(s) helped to make the changes needed to operate during the pandemic (e.g., by acquiring PPE, creating temporary facilities, providing for virtual visits, etc.).

Agree

\* The payment(s) helped facility operations and patient care by allowing our facility to (select all that apply):

Available

- Buy supplies (e.g. ventilators, etc.)
- Enhance Information Technology (e.g. electronic health records etc.)
- Enhance or implement Telemedicine services
- Improve facilities

Chosen

- Buy testing equipment
- Buy Personal Protective Equipment (PPE) (e.g. gloves, masks, gowns etc.)
- Create temporary facilities
- Buy other equipment

\* The payment(s) helped care for and/or treat patients with COVID-19 (for applicable treatment facilities).

Yes

(OPTIONAL) Please describe the impact payment(s) received July 1, 2021 through December 31, 2021 had on the business or patient services. Maximum 1000 characters.

*Figure 75 Survey Financial Effects of Payment(s)*

### Financial Effects of Payments:

For the reporting entity (and its subsidiaries as applicable), in reference to payments received during the Payment Received Period that corresponds to the current reporting period:

1. The payment(s) had a significant impact on overall operations (e.g., G&A expenses, healthcare related expenses).

A response must be selected from the drop-down list as follows: ‘Strongly Agree,’ ‘Agree,’ ‘Neutral,’ ‘Disagree,’ or ‘Strongly Disagree.’ If the respondent selects ‘Strongly

Agree’ or ‘Agree’ to this question an additional question will be required, as shown in *Figure 76 Conditional Question Financial Effects of Payment(s)*.

2. (Conditional) payment(s) significantly affected the ability to (select all that apply):

Responses should be selected from the following options: retain personnel, pay fringe benefits, pay insurance, pay other operational expenses, make lease payments, or pay utilities/operations. Multiple selections may be made. The user should click on each response applicable under the ‘Options’ table and after each selection, use the right-facing arrow to move the response to the ‘Selected’ table. To remove a selected value, the user should click on the response in the ‘Selected’ table and use the left-facing arrow to move it back to the ‘Options’ table.

\* The payment(s) significantly affected the ability to (select all that apply):

Available		Chosen
Pay rent/mortgage	►	Retain personnel
Pay fringe benefits		Pay Insurance
Other operational expenses		
Make lease payments	◄	

*Figure 76 Conditional Question Financial Effects of Payment(s)*

3. The payment(s) helped maintain solvency and/or prevent bankruptcy.

A response must be selected from the drop-down list as follows: ‘Yes,’ ‘No,’ or ‘Not Applicable.’

4. The payment(s) helped retain staff that otherwise would have been furloughed or terminated.

A response must be selected from the drop-down list as follows: ‘Yes,’ ‘No,’ or ‘Not Applicable.’

5. The payment(s) helped re-hire or re-activate staff from furlough.

A response must be selected from the drop-down list as follows: ‘Yes,’ ‘No,’ or ‘Not Applicable.’

#### Clinical Care Effects of Payment(s):

Responses to the following statements and questions are required as part of the Section: Financial Effects of Payment(s) as shown in *Figure 77 Survey Clinical Care Effects of Payment(s)*.

**Clinical Care Effects of Payment(s):**  
For the reporting entity and its subsidiaries, in reference to the payment(s) received July 1, 2021 through December 31, 2021:

\* The payment(s) helped to make the changes needed to operate during the pandemic (e.g., by acquiring PPE, creating temporary facilities, providing for virtual visits, etc.).

\* The payment(s) helped facility operations and patient care by allowing our facility to (select all that apply):

Available	Chosen
Buy supplies (e.g. ventilators, etc.)	Buy testing equipment
Enhance Information Technology (e.g. electronic health records etc.)	Buy Personal Protective Equipment (PPE) (e.g. gloves, masks, gowns etc.)
Enhance or implement Telemedicine services	Create temporary facilities
Improve facilities	Buy other equipment

\* The payment(s) helped care for and/or treat patients with COVID-19 (for applicable treatment facilities).

(OPTIONAL) Please describe the impact payment(s) received July 1, 2021 through December 31, 2021 had on the business or patient services. Maximum 1000 characters.

*Figure 77 Survey Clinical Care Effects of Payment(s)*

For the reporting entity (and its subsidiaries as applicable), in reference to payments received during the Payment Received Period that corresponds to the current reporting period:

- The payment(s) helped to make the changes needed to operate during the pandemic (e.g., by acquiring PPE, creating temporary facilities, providing for virtual visits, etc.).

A response must be selected from the drop-down list as follows: ‘Strongly Agree,’ ‘Agree,’ ‘Neutral,’ ‘Disagree,’ or ‘Strongly Disagree.’ If the respondent selects ‘Strongly Agree’ or ‘Agree’ to this question an additional question will be required, as shown in

*Figure 78 Conditional Question Survey Clinical Care Effects of Payment(s).*

- (Conditional) payment(s) helped facility operations and patient care by allowing our facility to (select all that apply):

Responses should be selected from the following options: buy testing equipment, buy PPE, buy other equipment, buy supplies, enhance IT, enhance, or implement telemedicine services, improve facilities, increase testing capacity, other healthcare related expenses. Multiple selections may be made. The user should click on each response applicable under the ‘Options’ table and after each selection, use the right-facing arrow to move the response to the ‘Selected’ table. To remove a selected value, the user should click on the response in the ‘Selected’ table and use the left-facing arrow to move it back to the ‘Options’ table.

\* The payment(s) helped facility operations and patient care by allowing our facility to (select all that apply):

Available	Chosen
Buy other equipment	Buy testing equipment
Buy supplies (e.g. ventilators, etc.)	Buy Personal Protective Equipment (PPE) (e.g. gloves, masks, gowns, etc.)
Enhance Information Technology (e.g., electronic health records, etc.)	Create temporary facilities
Improve facilities	Enhance or implement Telemedicine services
Increase testing capacity	
Other healthcare related expenses	

*Figure 78 Conditional Question Survey Clinical Care Effects of Payment(s)*

- The payment(s) helped care for and/or treat patients with COVID-19 (for applicable treatment facilities).

A response must be selected from the menu: ‘Strongly Agree,’ ‘Agree,’ ‘Neutral,’ ‘Disagree,’ or ‘Strongly Disagree.’ The reporting entity should use the drop-down menus to select the best response.

The final data field of the survey is optional. HRSA strongly encourages reporting entities to provide narrative feedback on the impact of the payment(s) received during the Payment Received Period that corresponds to the current reporting period. HRSA is interested in receiving feedback regarding both positive impact of the payments, limitations of the payments, and other comments or concerns that relate to the applicable payment(s). The narrative response is limited to 1000 characters.

9. Please describe the impact payment(s) received during the Payment Received Period corresponding with the current reporting period as shown in [Table 1 Reporting Periods](#) had on business or patient services.

**If a portal user has previously reported:** The survey will not be pre-populated. Reporting entities must consider the effect on the payments reported on during each reporting period separately when considering responses to the survey questions. As payments received during each Payment Received Period may have had different benefits and uses, the survey will not be copied from the prior reporting period.

Users must click the blue ‘Save & Next’ button to proceed to [Step 19 - Review and Submit](#). To return to a previous page, users should click the blue ‘Previous’ button. Portal users should exit the PRF Reporting Portal when they are not actively entering data and should do this by clicking the red ‘Save & Exit’ button. **Portal users should not exit the portal by closing the browser window or navigate away from the current page using the browser window as data entered on the current page will not be saved.**

## 4.20 STEP 19 – REVIEW AND SUBMIT

[Step 19 - Review and Submit](#) is a summary of all data entered in the report. **Portal users will only be able to reach this portal page if the data entry on all prior pages is complete.** The user representing the reporting entity in its submission of a final report to HRSA must carefully review this summary for accuracy before submitting the report to HRSA.

Headers in this section are collapsible. To collapse or expand a header, click the arrowhead (▼) before each section header. Data on this page cannot be edited, but if the portal user sees an error, they should navigate back to the appropriate page using the blue ‘Previous’ button. Portal users may choose to print the page as a record by using the print option on their web browser. Once the report is submitted, the reporting entity will no longer be able to edit the report.

If the report on the use of funds indicates that the reporting entity (or its subsidiaries as applicable) has unused PRF and/or ARP Rural payments for the Payment Received Period that corresponds with the Reporting Time Period, the user will be directed in red text to follow the instructions located on the PRF website to return unused PRF and/or ARP Rural payments. *(This statement only appears if the provider has unused PRF and/or ARP Rural payments.)*

The reporting entity is presented with the following questions for response as shown in [Figure 83 Review & Submit \(Conclusion\)](#):

- Did you report on the use of your RHC COVID-19 Testing Program and/ or RHC COVID-19 Testing and Mitigation Program funds in the RHC portal? Select 'Yes' or 'No' from the drop-down list. *(This question only appears if the reporting entity (or its subsidiaries as applicable) received RHC COVID-19 Testing Program and/or RHC COVID-19 Testing and Mitigation Program payments.)*
- Do you certify that the above information is accurate to the best of your knowledge?
  - If 'No' is selected, the reporting entity will see the following message: 'Please click on the 'Previous' button at the bottom of the page to go back to correct the inaccurate data.'
  - If 'Yes' is selected, the reporting entity may click the blue 'Submit' button.

### Review & Submit

Your answers from each section in the report have been pre-populated below. Please verify that the information on this page is correct. At the bottom of the page, certify that all data entered is accurate before submitting your report.

To collapse or expand a section, click on the section header.

Survey

**Financial Effects of Payment(s):**

The payment(s) had a significant impact on overall operations (e.g., general and administrative expenses, healthcare related expenses).  
[Neither Agree nor Disagree](#)

The payment(s) helped maintain solvency and/or prevent bankruptcy.  
[Not Applicable](#)

The payment(s) helped retain staff that otherwise would have been furloughed or terminated.  
[Not Applicable](#)

The payment(s) helped re-hire or re-activate staff from furlough.  
[Not Applicable](#)

**Clinical Care Effects of Payment(s):**

The payment(s) helped to make the changes needed to operate during the pandemic (e.g., by acquiring PPE, creating temporary facilities, providing for virtual visits, etc.).  
[Neither Agree nor Disagree](#)

The payment(s) helped care for and/or treat patients with COVID-19 (for applicable treatment facilities).  
[Not Applicable](#)

(OPTIONAL) Please describe the impact payment(s) had on the business or patient services. Maximum 1000 characters.

Our records indicate that you have unused PRF payments. Please follow the instructions located on the PRF website to return unused PRF payments.

\* Do you certify that the above information is accurate to the best of your knowledge?

--None--

[Previous](#) [Submit](#) Once you submit this report, please check to see if you have a report listed on your Active tab that you need to address.

*Figure 83 Review & Submit (Conclusion)*

If the data is correct, and the user clicks the blue ‘Submit’ button, a pop-up message will appear as shown in *Figure 84 Submit Pop-Up* confirming the intent to submit. If the user would like to submit the report at this time, they must select ‘I Agree – Submit.’ If the user does not want to submit at this time, they can select ‘Save & Resume Later.’ All data will be saved, and the user will be taken back to [Step 19 – Review and Submit](#).

Are you sure you want to Submit?

By clicking 'Submit' you certify that, you are a bonafide legal representative of the entities represented herein and that all of the information you are submitting to a Federal Government System, under penalty and perjury of law, is true, correct, and accurate.

After clicking 'Submit', you acknowledge and accept that you will no longer be able to edit, update, or modify the data you are submitting. Once submitted, all submittals are final and cannot be edited and will be used by the United States Federal Government, Department of Health and Human Services (HHS), Health Resources and Services Administration (HRSA) to validate and verify your compliance with the Terms and Conditions.

*Figure 84 Submit Pop-Up*

Once the ‘Submit’ button is clicked, a pop-up will appear confirming the submission was made as shown in *Figure 85 Reporting Successful Pop-Up*. If the reporting entity received additional PRF and/or ARP Rural payments in other Payment Received Periods, has indicated

that they have not reported on the use of RHC COVID-19 Testing Program and/or RHC COVID-19 Testing and Mitigation Program funds, or has unused PRF and/or ARP Rural payments from the Payment Received Period corresponding to the current reporting period, additional information will be provided in the pop-up message. Reporting entities with unused funds from the current reporting period will see a blue 'Return Funds' button next to the red 'Log Out' button and may click on the link to begin the return of unused funds.

*Figure 85 Reporting Successful Pop-Up*

*Please note regarding the return of unused funds: The instructions on '[PRF Return of Unused Funds Portal](#)' explain the two-part process to return funds. There may be a delay in processing the return, especially if repaying by paper check. If you have additional questions, please call the Provider Support Line at (866) 569-3522 (for TTY, dial 711).*

**Regarding a Filed Bankruptcy Petition:** If the reporting entity has filed a bankruptcy petition or are involved in a bankruptcy proceeding, federal financial obligations will be resolved in accordance with the applicable bankruptcy process, the Bankruptcy Code, and applicable non-bankruptcy federal law. Accordingly, we request that you immediately notify HRSA about your bankruptcy petition or involvement in a bankruptcy proceeding so that we may take the appropriate steps. When notifying HRSA about a bankruptcy, please include the name that the bankruptcy is filed under, the docket number, and the district where the bankruptcy is filed. You may submit this information to [PRFbankruptcy@hrsa.gov](mailto:PRFbankruptcy@hrsa.gov).

### **Where can I find more information?**

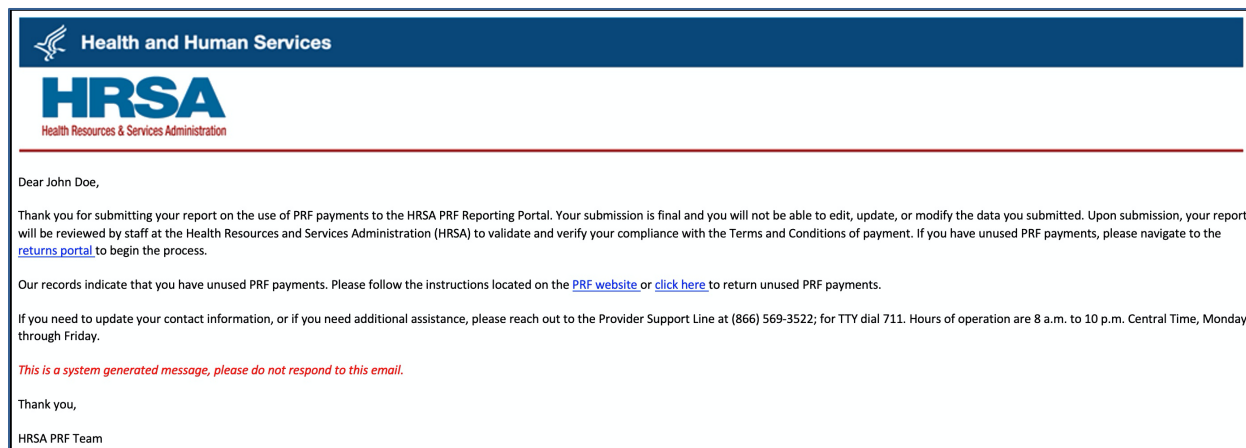

Please visit [hrsa.gov/provider-relief](https://hrsa.gov/provider-relief) for the Terms and Conditions and Frequently Asked Questions (FAQs). For additional information, please call the Provider Support Line at (866) 569-3522; for TTY dial 711. Hours of operation are 8 a.m. to 10 p.m. Central Time, Monday through Friday.

**Reminder:** Reporting must be completed and submitted to HRSA by 11:59 PM Eastern Time on the last date of the Reporting Time Period. Only electronic submissions through the PRF Reporting Portal are permitted.

Upon submission of the report, the reporting entity will receive a confirmation email from '[PRFReporting-NoReply@hrsa.gov](mailto:PRFReporting-NoReply@hrsa.gov).' If the reporting entity has received additional PRF and/or

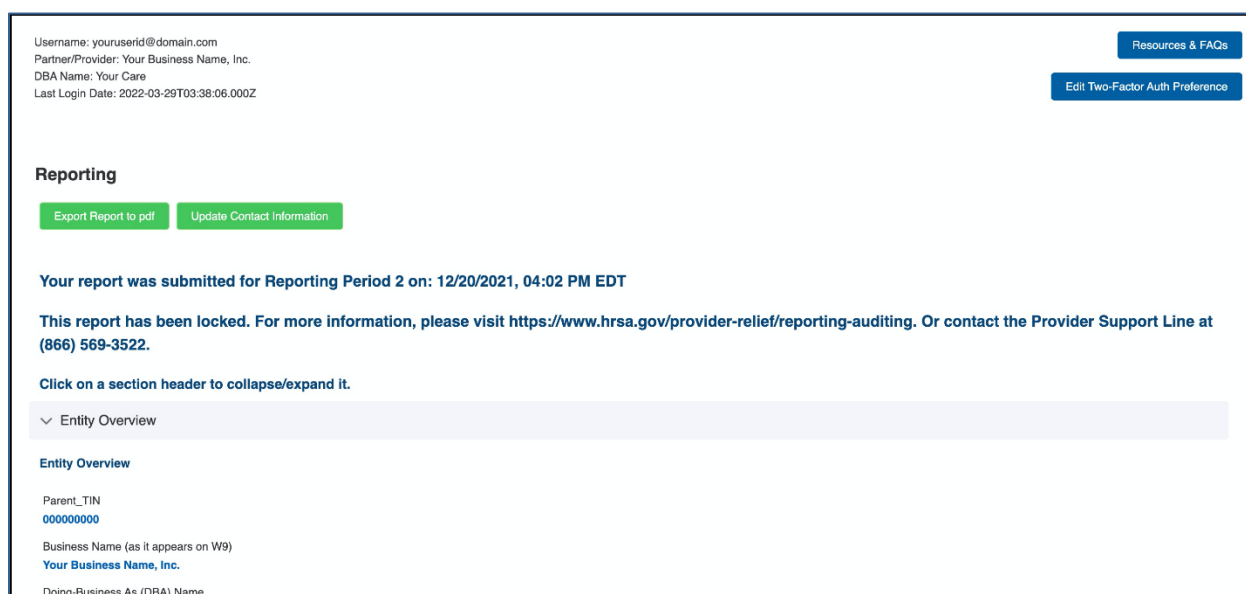

ARP Rural payments in other Payment Received Periods, has indicated that they have not reported on the use of RHC COVID-19 Testing Program and/or RHC COVID-19 Testing and Mitigation Program funds, or has unused PRF and/or ARP Rural payments from the Payment Received Period corresponding to the current reporting period, additional information will be provided in the email as shown in *Figure 86 Reporting Successful Email*.

*Figure 86 Reporting Successful Email*

## 4.21 LOCKED PAGE

If a user logs into the Reporting Portal after they have successfully submitted their report, and selects the submitted report from the inactive tab, they will see a page as shown in *Figure 87 Locked Page*. This page cannot be edited.

*Figure 87 Locked Page*

Portal users may save and print a copy of the locked report by clicking the "Export Report to pdf" button and following the print instructions in the new browser window. Inactive Reports may be accessed on the portal Landing Page upon log into the portal. If a user logs into the

Reporting Portal to complete reporting, but it is outside their designated reporting period, they will see their submitted report and a prompt to contact the Provider Support Line at (866) 569-3522; for TTY dial 711. Hours of operation are 8:00 a.m. to 10:00 p.m. Central Time, Monday through Friday, while the portal is open for reporting.
