

FY2025:HRSA’s Rural Health Grants

Republic of Marshall Islands Fact Sheet | November 2025

The Health Resources and Services Administration (HRSA) – through the Federal Office of Rural Health Policy (FORHP) – **provided \$300,000 in funding to the Republic of Marshall Islands to increase health care access and strengthen health networks.** FORHP also supports HRSA’s priority to ensure access to high-quality, affordable care by funding efforts that strengthen health care delivery systems, prevent and manage chronic conditions, reduce the morbidity and mortality associated with substance use disorder, and improve the financial viability of rural hospitals.

By increasing access to quality services and training a more skilled health workforce, these investments from FORHP have allowed communities in the Republic of Marshall Islands and across the country to address pressing health challenges and improve health outcomes.
