

July 30, 2014

Dear Manufacturers,

I am writing on behalf of Access Community Health Network (340B ID CH051750) to inform manufacturers that Access Community Health Network underwent an audit on May 8, 2012 by the Health Resources and Services Administration (HRSA) for Access Community Health Network with 340B Drug Pricing Program (340B Program) requirements.

As background, Access Community Health Network qualified for the 340B Program as a Federally Qualified Health Center (FQHC) and has participated in the 340B Program since 2004.

Through the audit process, Access Community Health Network was found to have noncompliance within their 340B Program and responsible for repayment as a result of the following finding:

Finding 1: ACCESS dispensed a 340B drug to an ineligible individual as prohibited by USC 256(a)(5)(B).

Access Community Health Network has identified all affected manufacturers and is contacting each to notify them of the violation to begin a dialogue on a method of repayment to affected manufacturers. If manufacturers have not received notification from Access Community Health Network and believe repayment may be owed for the violations described in this letter, or if you have any questions or comments regarding the violations described in this letter please contact:
