Dear Manufacturers:

I am writing on behalf of PeaceHealth Southwest Medical Center (DSH500050) to inform manufacturers that PHSW underwent an audit by the Health Resource and Services Administration (HRSA) in December, 2012, of PHSW compliance with 340B Drug Pricing Program (340B Program) requirements.

As background, PeaceHealth Southwest qualified for the 340B program as a Disproportionate Share Hospital in Vancouver, Washington, and has participated in the Program since April 1, 2005.

Through the audit process, PeaceHealth Southwest was found to have non-compliance within their 340B program and is responsible for repayment as a result of the following finding:

1. PeaceHealth dispensed a 340B drug to an ineligible individual, as prohibited by 42 USC 256b(a)(5)(B).

PeaceHealth Southwest Medical Center has identified all affected manufacturers and has contacted each to notify them of these violations to begin a dialogue on a method for repayment to affected manufacturers. If a manufacturer has not received notification from PeaceHealth Southwest Medical Center and believe repayment may be owed for the violations described in this letter, or if you have any questions or comments regarding the violations, please contact Victoria Tamis, Director of Pharmacy, 360-514-2349, 400 NE Mother Joseph Place, PO Box 1600, Vancouver, WA 98668.
