Mail Stop 10C-03  
Rockville, Maryland 20857

Dear Mr. Mitchell,

As a follow up to our telephone conference, I am writing on behalf of Bristol-Myers Squibb Company (BMS) to notify the Office of Pharmacy Affairs of BMS's intent to provide payments to Section 340B program covered entities that purchased certain products during certain time periods, as explained in this letter.

In July 2009, BMS submitted to the Centers for Medicare and Medicaid Services (CMS) revised Average Manufacturer Prices (AMPs) and Best Prices (BPs) for the three year period 1Q02 through 4Q04. These resubmissions arose out of previously-approved changes to BMS's Medicaid AMP and BP calculation methodology. At the same time, and in accordance with CMS's approval of the changes to BMS' AMP and BP calculation methodology for 1Q02 through 4Q04, BMS also submitted revised BPs for Serzone® (nefazodone) for the period 3Q97 through 3Q00.

BMS has recalculated the 340B ceiling prices based on these restated AMPs and BPs for the applicable period (1Q98 through 1Q01 and 3Q02 through 2Q05) and listed products (see Attachment A). In some cases the recalculated ceiling prices are higher than the original ceiling prices, and in some cases they are lower. BMS intends to provide payments to those 340B covered entities that, on an aggregate net basis, would have paid less over the applicable period had they purchased the listed products at the recalculated ceiling prices for those products. Each of those entities will receive a check in an amount that reflects this aggregate net calculation, together with a letter explaining the reason for the payment, the way in which it was calculated, and notification that acceptance of the check will constitute full and final satisfaction of any claims related to prices charged by BMS for the applicable quarters.

Please feel free to post this letter on the OPA website to help inform the 340B entities. If any of the 340B entities have any questions regarding the refund process, they may call (609) 897-5421 or send an e-mail to: [govt.programs@bms.com](mailto:govt.programs@bms.com).

Sincerely,

Katherine Larkin  
Executive Director, Pricing and Reimbursement
