

RURAL INVESTMENTS

With more than **9,800** service sites around the country, **47%** of Health Centers are either located in or serve rural communities.

For health centers that offer oral or mental health services, they're often the only source of that care in a rural community.

There are more than **3,400** clinicians in rural NHSC sites.

FORHP programs trained more than **180,000** students in more than **11,000** rural health training sites.

AHRQ, IHS & SAMHSA combined funding of **\$1,875,427,277** in **1,190** distinct awards to rural recipients.
