| 63        | 1000.010.020 | 491.10(a)(3)(i) | The clinic maintains a record for each patient receiving health care services, identification and social data, evidence of consent forms, pertinent medical history, assessment of the health status and health care needs of the patient, and a brief summary of the episode, disposition, and instructions to the patient. | Lack of:  
  - Consent  
  - Advance Directives  
  - Response to Allergies  
  - Bleeding Tendency  
  - Medical History |
| 55        | 600.010.020  | 491.6(b)(2)   | The clinic keeps the drugs and biologicals appropriately stored.                                                                                                                                               | Lack of:  
  - No date or initials when opened  
  - Unlocked (w/Keys)  
  - Expired  
  - Refrigerator unchecked |
| 50        | 900.010.115  | 491.9(c)(3)   | The clinic provides medical emergency procedures as a first response to common life threatening injuries and acute illness and has available the drugs and biological commonly used in life saving procedures, such as analgesics, anesthetics (local), antibiotics, anticonvulsants, antidotes and emetics, serums and toxoids. | Lack of:  
  - EMS Agreement  
  - Office Next Door  
  - Recent Clarification  
  - Not an exhaustive list |

| 42        | 600.010.015 | 491.6(b)(1) | The clinic has a preventive maintenance program to ensure that all essential mechanical, electric and patient-care equipment is maintained in safe operating condition.                                          | • May prioritize but the Schedule Must be Clear  
• Equipment from Storage must be checked  
• General Approvals (ie. “Room 1 OK”)                                                                                                                            |
| 31        | 600.010.005 | 491.6(a)  | The clinic is constructed, arranged, and maintained to insure access to and safety of patients, and provides adequate space for the provision of direct services.                                                        | • Open/unlocked storage of cleaning and other hazardous agents  
• Trip Hazards  
• Sharps  
• Electrical outlet/plug covers                                                                                                                                 |
| 28        | 900.010.060 | 491.9(b)(3)(iii) | The clinic's policies include rules for the storage, handling, and administration of drugs and biologicals.                                                                                                           | • Using Hospital Policy  
• Improper Disposal  
• Improper Labeling  
• Expired                                                                                                                                                           |

Procedural Reminder

- Any changes to your clinic’s record must be managed with the Fiscal Intermediary (FI)/Medicare Administrative Contractor (MAC) and AAAASF
  - Please start the process by notifying AAAASF and filing an amendment to your 855 with the FI/MAC
  - AAAASF cannot change our records until we receive notice of approval
  - Common circumstances: Clinics Moves, Address Changes (such as a new street name), Ownership or Name Changes
